Dictionary of Women Artists: Introductory surveys ; Artists, A-I Delia Gaze,1997 First Published in 1997 Routledge is an imprint of Taylor Francis an informa company **Pavillon de femmes** Pearl Sydenstricker Buck,1955 *The Legal Protection of Women From Violence* Rashida Manjoo,Jackie Jones,2018-03-22 Violence against women remains one of the most pervasive human rights violations in the world today and it permeates every society at every level Such violence is considered a systemic widespread and pervasive human rights violation experienced largely by women because they are

women Yet at the international level there is a gap in the legal protection of women from violence There is currently no binding international convention that explicitly prohibits such violence or calls for its elimination or mandates the criminalisation of all forms of violence against women This book critically analyses the treatment of violence against women in the United Nations system and in three regional human rights systems Each chapter explores the advantages and disadvantages coming from the legal instruments the work of the monitoring systems and the resulting findings and jurisprudence The book proposes that the gap needs to be addressed through a new United Nations Convention on the Elimination of All Forms of Violence against Women or alternatively an Optional Protocol to the Convention on the Elimination of all Forms of Discrimination against Women A new Convention or Optional Protocol would be part of the transformative agenda that is needed to normatively address the promotion of a life free of violence for women the responsibility of states to act with due diligence in the elimination of all forms of violence against all women and the systemic challenges that are the causes and consequences of such violence
