Psychology Education Gods And Humanity:

International Handbook of the Religious, Moral and Spiritual Dimensions in Education Marian de Souza, Gloria Durka, Kathleen Engebretson, Robert Jackson, Andrew McGrady, 2007-06-04 Traditionally spirituality has resided and been contained within religious frameworks but while the links between the two areas are still acknowledged by many in the contemporary world spirituality is perceived by some as an aspect of human life that is distinct from religion Consequently many are searching for meaning within and without religious traditions today and seeking answers to ethical and moral questions that have been generated by the knowledge and technological explosion One outcome is the renewed interest in the religious spiritual and moral dimensions of education throughout the life cycle This International Handbook presents the research and professional practice of scholars who are daily engaged in the consideration of these dimensions in education The result is a collection of essays which reflects the discipline in all of its internationality as it as today Embedded within the chapters is also an agenda for the future where the religious moral and spiritual dimensions in education are proposed as an exciting and challenging way forward for educators at all levels in society As well it offers a vision for the emergence of a peaceful and just world

God and Humanity Nathaniel Gray Sutanto, 2024-07-11 This is the first book to apply Bavinck s theological anthropology to contemporary theological issues Sutanto provides a sustained close reading of Herman Bavinck s contributions to theological anthropology and positions him in conversation with current and historical dialogues on embodiment revelation affect theory phenomenology the cognitive science of religion ethics race covenant and the beatific vision Sutanto explores the holistic character of Bavinck s vision of humanity suggesting ways in which his theological anthropology cuts across several potential binaries in contemporary discourse between affect and reason body and soul animality and religiosity unity and diversity and between a this worldly or other worldly eschatology
