Psychology In Christian Perspective An Analysis Of Key Issues:

Psychology in Christian Perspective Harold Faw, 2014-05-14 Following the standard progression of introductory study the chapters of this book identify and discuss issues in tension between faith and psychology Faw suggests that Christian perspectives bring needed diversity to the study of mind and behavior *Psychology in Christian Perspective* Harold Faw, 1995-06-01 This book follows the standard progression of introductory psychology texts and adds a Christian perspective that contributes needed diversity to the study of the mind and behavior Topics range from ESP to moral development Each chapter provides an introduction and overview of a given theme a discussion of issues an exploration of how psychological and biblical perspectives might be complementary and a recap with suggested readings *The Quest for the Inner Human* Steven H. Propp, 2013-12-03 Psychology means the study of the soul it is the social science concerned with investigating who we are why we have certain feelings and why we do the things we do Are we no more than a vast assembly of nerve cells and their associated molecules Is biology our genetic inheritance destiny or does social upbringing play a crucial role What are the roles played by Nature and by Nurture Are we purely physical beings or is there an aspect that can be called spiritual This thought provoking novel takes you on a journey of intellectual and emotional exploration considering along the way questions that we've all asked ourselves such as Is it true that we only use 10% of our brains Does playing classical music for infants increase their intelligence Do crime rates go up during a full moon Can hypnosis or post hypnotic suggestions make us do something we wouldn't normally do Does subliminal advertising influence us to buy products Are our memories stored indelibly almost like a tape recorder What causes memory lapses as we age Can repressed traumatic memories be recovered through hypnosis Do some people have multiple personalities How can I tell if someone has a neurosis or a psychosis Do men have an inner feminine side and women an inner masculine Are there innate psychological differences between males and females The four main characters in this book will guide you through a diverse and sometimes bewildering world of differing approaches to answering such questions such as Freudian Jungian and Adlerian Humanistic Existential and Transpersonal as well as Cognitive Emotive and Behaviorist Along the way you will learn about the developmental stages proposed by psychologists such as Erikson Kohlberg Piaget and Fowler and even explore some of the questions currently being asked by both neuroscientists and philosophers of the mind Start reading to begin your study of our innermost selves **Christian Worldview and the Academic Disciplines** Deane E. D. Downey, Stanley E. Porter, 2009-04-15 This book an edited compilation of twenty nine essays focuses on the differences that a Christian worldview makes for the disciplines or subject areas normally taught in liberal arts colleges and universities Three initial chapters of introductory material are followed by twenty six essays each dealing with the essential elements or issues in the academic discipline involved These individual essays on each discipline are a unique element of this book These essays also treat some of the specific differences in perspective or procedure that a biblically informed Christian perspective brings to

each discipline Christian Worldview and the Academic Disciplines is intended principally as an introductory textbook in Christian worldview courses for Christian college or university students. This volume will also be of interest to Christian students in secular post secondary institutions who may be encountering challenges to their faith both implicit and explicit from peers or professors who assume that holding a strong Christian faith and pursuing a rigorous college or university education are essentially incompatible. This book should also be helpful for college and university professors who embrace the Christian faith but whose post secondary academic background because of its secular orientation has left them inadequately prepared to intelligently apply the implications of their faith to their particular academic specialty. Such specialists be they professors or upper level graduate students will find the extensive bibliographies of recent scholarship at the end of the individual chapters particularly helpful. Downey and Porter present a unique contribution to the perennial question of how faith interacts with the academic disciplines. Numerous factors contribute to this book's significance: the common conviction that one's Christian beliefs ought to shape the contents of one's teaching; the variety of perspectives and opinions; and the wide range of academic disciplines under discussion. The essays originating among the excellent faculty of Trinity Western University will deservedly be much used in undergraduate colleges and universities. Hans Borsma, J. I. Packer, Professor of Theology, Regent College. Few faculty, Christian or otherwise, understand what their colleagues in other departments are doing or why. This collection of essays is not only an excellent introduction to the whole scope of academic enterprises but to the unique and important relationship between each discipline and the Christian faith. An important book not only for the entire range of faculty but for students yearning to understand both their Christian faith and what is being taught in the classroom. James W. Sire, author of *The Universe Next Door* and with co-author Carl Peraino *Deepest Differences: A Christian Atheist Dialogue*. Christian Worldview and the Academic Disciplines is a book long overdue. It will serve as an outstanding textbook for interdisciplinary courses. But this book is more than that. Christian Worldview and the Academic Disciplines is a book that everyone concerned with Christian thought, especially in the context of the Academy, will want to read. I highly recommend it. Craig A. Evans, Payment Distinguished Professor of New Testament, Acadia Divinity College, Nova Scotia.

psychology and Scripture How psychology fits into Christianity is a thorny and often confusing subject for many There is a great deal of disagreement even among experts In *Caring for Souls* Gary Bredfeldt and Harry Shields address the intersection of Scripture and psychology in Christian counseling The authors address different approaches and analyze them against Scripture and then provide readers with practical teaching on implementing biblical counseling **CURRENT CONTENTS** ,1996 American Book Publishing Record ,1995 The Cumulative Book Index ,1996 A world list of books in the English language Themelios, Volume 49, Issue 3 Brian Tabb,2025-01-13 Themelios is an international evangelical peer reviewed theological journal that expounds and defends the historic Christian faith Themelios is published three times a year online at The Gospel Coalition <http://thegospelcoalition.org/themelios> and in print by Wipf and Stock Its primary audience is theological students and pastors though scholars read it as well Themelios began in 1975 and was operated by RTSF UCCF in the UK and it became a digital journal operated by The Gospel Coalition in 2008 The editorial team draws participants from across the globe as editors essayists and reviewers General Editor Brian Tabb Bethlehem College and Seminary Contributing Editor D A Carson Trinity Evangelical Divinity School Consulting Editor Michael J Ovey Oak Hill Theological College Administrator Andrew David Naselli Bethlehem College and Seminary Book Review Editors Jerry Hwang Singapore Bible College Alan Thompson Sydney Missionary Nathan A Finn Southeastern Baptist Theological Seminary Hans Madueme Covenant College Dane Ortlund Crossway Jason Sexton Golden Gate Baptist Seminary Editorial Board Gerald Bray Beeson Divinity School Lee Gatiss Wales Evangelical School of Theology Paul Helseth University of Northwestern St Paul Paul House Beeson Divinity School Ken Magnuson The Southern Baptist Theological Seminary Jonathan Pennington The Southern Baptist Theological Seminary James Robson Wycliffe Hall Mark D Thompson Moore Theological College Paul Williamson Moore Theological College Stephen Witmer Pepperell Christian Fellowship Robert Yarbrough Covenant Seminary *Index to Book Reviews in Religion* ,1999 *Contemporary Issues in Science & Christian Faith* American Scientific Affiliation,1992 Psychological Perspectives on Christian Ministry Leslie J. focused on the individual When this is the case we will be able to appreciate the biblical emphasis on the people of God While he prizes a relationship with individuals God s heart is with a body a fellowship a community Both pastors and private counselors need to reaffirm the priority of community and its power in the healing process Rod Wilson PhD York University is President and Professor of Counselling and Psychology at Regent College in Vancouver B C Canada He is also the author of Exploring Your Anger and Helping Angry People
