Bray, Mark Stanton, 2012-07-23 The Handbook of Family Psychology provides a comprehensive overview of the theoretical underpinnings and established practices relating to family psychology Provides a thorough orientation to the field of family psychology for clinicians Includes summaries of the most recent research literature and clinical interventions for specific areas of interest to family psychology clinicians Features essays by recognized experts in a variety of specialized fields Suitable as a required text for courses in family psychology family therapy theories of psychotherapy couples therapy systems theory and systems therapy

Encyclopedia of Family Health Martha Craft-Rosenberg, Shelley-Rae Pehler, 2011-01-20 Including entries from disciplines across the social sciences this two volume set provides coverage of a variety of issues related to the theory research practice and policy of health within a family context

Physical Appearance, Stigma, and Social Behavior C. Peter Herman, Mark P. Zanna, E. Tory Higgins, 2022-11-01 Originally published in 1986 this book grew out of a symposium held in 1981 at the University of Toronto on physical appearance as a determinant of personality and social behavior There is little doubt that one's appearance has some impact on the way one is perceived and treated and presumably owing to the socially reflected nature of the self one's personality likewise will be affected by one's appearance The questions arising from these basic observations and assumptions are many and the expert contributors were invited to discuss their research on some of the implications of individual differences in appearance as they ramify into personality and social interaction The chapters in this volume are the outcome of those discussions and cover the areas of facial attractiveness physique impact on social behavior and deviance Still a topic of interest to this day this book can now be read and enjoyed in its historical context

Empowering Families, Helping Adolescents Wendy Snyder, 1998-12 Designed for alcohol and other drug abuse AODA and mental health professionals paraprofessionals administrators and policymakers who want to learn more about family centered treatment of adolescents with alcohol drug abuse and mental health disorders this monograph explains the steps necessary to implement a family centered approach to treatment Includes a brief overview of family systems theory and practice focuses on some specific aspects of family centered clinical practice examines admin

organizational financing and training issues and outlines strategies for addressing these issues Implementation checklist

Family, Culture, and Self in the Development of Eating Disorders Susan Haworth-Hoeppe, 2016-07-28 This book takes a unique approach to the examination of the eating disorder anorexia nervosa and bulimia White middle class heterosexual women share their insights into the emergence of their illnesses through detailed interviews that consider perceptions of the role of family the influence of cultural messages regarding thinness and beauty the agency these women exert in the use of weight control to cope with life's stressors the meaning they attach to their eating disorders and how these issues together perpetuate their disease The book uses a Symbolic Interactionist framework and a grounded theory approach to examine the narratives which emerge from these women's stories Themes of family culture and self arise in their narratives these form the theoretical underpinnings for this book and combine to shape the comprehensive model of eating disorders that emerges from this study Haworth-Hoeppe's book will appeal to researchers and advanced students of sociology women's studies family studies social psychology and gender studies Insights from a Sixty-Four-Year Case of Anorexia Nervosa Don R. Lipsitt, 2023-04-21 This volume offers rare insight into an enduring case of anorexia nervosa in a female patient and details the approaches to treatment taken by psychotherapists throughout the 64 year period 1938-2002 Through discussion and analysis of clinical notes and transcripts Lipsitt traces the course of the patient's illness to consider the centrality of the mother-daughter relationship and to highlight aspects of constancy and change in the illness over time Particular attention is paid to shifts and progress in understanding and treatment of anorexia nervosa and consideration is also given to how contemporary treatment might differ in view of more recent advances in cognitive behavioral approaches Offering an innovative approach toward addressing the transgenerational perspective of women's experiences of eating disorders this book provides material for a range of professionals to discuss the nature of the disorder and the pros and cons of different treatment approaches An original take on the relationship dynamics and perspectives of anorexia sufferers this volume will be of interest to students faculty and scholars with an interest in studying eating disorders and their treatment approaches including psychoanalytic psychotherapy EBOOK: An Introduction to Family Therapy: Systemic Theory and Practice Rudi Dallos, Ros Draper, 2015-09-16 The fourth edition of the bestselling An Introduction to Family Therapy provides an overview of the core concepts informing family therapy and systemic practice covering the development of this innovative field from the 1950s to the present day The book considers both British and International perspectives and includes the latest developments in current practice regulation and innovation looking at these developments within a wider political cultural and geographical context The fully revised fourth edition also contains new material on EXPANDED Chapter 4 Ideas that keep knocking on the door updated with applications of attachment narrative therapy linking these ideas to issues of developing the therapeutic alliance with families EXPANDED Chapter 5 Systemic Formulation updated with a view of formulation as a core skill in many therapeutic models and an alternative to diagnosis EXPANDED Chapter 6 21st Century

Practice Development updated to include cutting edge innovations in the field such as integrative practice EXPANDED Chapter 7 Couple Therapy updated to include the more recent process and outcome research in the models making link with current systemic practice and using more illustrative examples and highlighting how Relate has changed EXPANDED Chapter 8 Research and Evaluation updated with a greater range of research methods and contemporary emphasis on evidence based practice Greater focus on key family therapy skills throughout the book in the updated Formats of Exploration feature in each chapter Expanded lists of key texts and diagrams suggested reading organized by topic and new practical examples and exercises are also used in order to encourage the reader to explore and experiment with the ideas in their own practice This book is key reading for students and practitioners of family therapy and systemic practice as well as those from the fields of counselling psychology social work and the helping professions who deal with family issues

Chronic Disorders and the Family Froma Walsh, Carol M Anderson, 2014-06-03 Here are the most recent developments in clinical research and theory on the role of the family in understanding and treating chronic mental and physical illnesses Internationally respected scholars and psychotherapists present comprehensive and authoritative information vital to professionals who work with families coping with severe disorders *Chronic Disorders and the Family* explores how clinicians can become more aware of the common experiences of patients and their families struggling with chronic psychiatric and medical disorders thus promoting a better understanding of the contribution of family dynamics With its focus on the interactional nature of psychopathology this important book encourages psychotherapists to compare and contrast the various treatment perspectives and approaches available Specific disorders discussed include schizophrenia clinical depression borderline disorders anxiety disorders particularly agoraphobia eating disorders substance abuse and chronic medical illnesses

The Handbook of Systemic Family Therapy, Systemic Family Therapy with Children and Adolescents Lenore M. McWey, 2020-10-19 Volume II of *The Handbook of Systemic Family Therapy* presents established and emerging models of relational treatment of children and young people Developed in partnership with the American Association for Marriage and Family Therapy AAMFT it will appeal to clinicians such as couple marital and family therapists counselors psychologists social workers and psychiatrists It will also benefit researchers educators and graduate students involved in CMFT

Family Therapy for Adolescent Eating and Weight Disorders Katharine L. Loeb, Daniel Le Grange, James Lock, 2015-03-27 Family based treatment FBT for eating disorders is an outpatient therapy in which parents are utilized as the primary resource in treatment The therapist supports the parents to do the work nurses would have done if the patient were hospitalized to an inpatient refeeding unit and are eventually tasked with encouraging the patient to resume normal adolescent development In recent years many new adaptations of the FBT intervention have been developed for addressing the needs of special populations This informative new volume chronicles these novel applications of FBT in a series of chapters authored by the leading clinicians and investigators who are pioneering each adaptation

Handbook of

Families and Health D. Russell Crane, Elaine S. Marshall, 2005-06-22 For scholars graduates and practitioners in the field of families and health an overview of research related to couple marital and family influences on health Editors Crane and Marshall Brigham Young U gathered contributions from specialists in disciplines including family studies marriage and family therapy nursing and family medicine

Analysing Identity Peter Weinreich, Wendy Saunderson, 2005-12-08 People's identities are addressed and brought into being by interaction with others Identity processes encompass biographical experiences historical eras and cultural norms in which the self's autonomy varies according to the flux of power relationships with others Identity Structure Analysis ISA draws upon psychological sociological and social anthropological theory and evidence to formulate a system of concepts that help explain the notion of identity They can be applied to the practical investigations of identity structure and identity development in a number of clinical societal and cultural settings This book includes topics on national and ethnic identification in multicultural contexts and gender identity relating to social context and the urban environment Clinical applications that describe identity processes associated with psychological distress are also examined These include anorexia nervosa and vicarious traumatisation of counsellors in the aftermath of atrocity Analysing Identity is unique in its development of this integrative conceptualisation of self and identity and its operationalisation in practice This innovative book will appeal to academics and professionals in developmental social cross cultural clinical and educational psychology and psychotherapy It will also be of interest to those involved with sociology political science gender studies ethnic studies and social policy Of particular note is the availability of new software Ipseus which facilitates ISA for use by practitioners It enables them to enhance their professional skills by ascertaining their clients perspectives on self as located in the social world This has been successfully used with pre school three to five year old children and all other age ranges through childhood adolescence and adulthood Ipseus is designed to be used in inter cultural contexts and appeals to practitioners for their input for the generation of customized identity instruments see www.identityexploration.com

Handbook of Pediatric Psychology Michael C. Roberts, Ric G. Steele, 2010-11-15 Sponsored by the Society of Pediatric Psychology this handbook is recognized as the definitive reference in the field In concise peer reviewed chapters leading authorities comprehensively examine links between psychological and medical issues from infancy through adolescence Psychosocial aspects of specific medical problems and developmental emotional and behavioral disorders are reviewed The volume showcases evidence based approaches to intervention and prevention It describes innovative ways that professionals can promote positive health behaviors help children and families cope with medical conditions and their treatment and collaborate across disciplines to deliver effective clinical services in primary care mental health and school settings

The Therapist's Use of Self Matthew D. Selekman, 2023-12-22 This book encourages and trains students and practicing marriage and family therapists to bring themselves into the therapy room offering guidelines and strategies for being more present and personal with their clients Mental health professionals are often taught and trained that therapy is

serious business to be cautious and conservative with therapeutic decision making and to stick to empirically supported and specific tools in sessions What gets lost in this positivistic formulaic and scientific way of working are therapists own unique voices their creativity flexibility and the sense of playfulness that make the change process fun and upbeat The Therapist s Use of Self equips therapists with the skills they need to deepen their alliances with clients to liberate themselves from an overreliance on models and to bring their whole selves to the therapeutic encounter Chapters cover pioneers in the field before exploring ways to bring ideas from outside the therapy room including from music art literature and film The book includes a key chapter on teletherapy and each chapter presents major therapeutic tools and strategies case examples the resulting outcomes and key takeaways Students of psychology social work nursing and marriage and family programs as well as mental health professionals will benefit from this book with a plethora of therapeutic tools guidelines and strategies for catalyzing change with even the most challenging couples and families

Basic Concepts In Family Therapy Linda Berg-Cross,2014-05-12 First published in 1987 Basic Concepts in Family Therapy An Introductory Text presents seventeen basic psychological concepts that you may use in understanding your family or if you are a member of the helping professions your clients families Each chapter focuses on a single concept using material from three sources family therapy literature basic psychological and clinical research studies and cross cultural research studies By combining the findings of family therapy practitioners with the empirical findings of basic psychological researchers and cross cultural researchers we can deepen our understanding of the usefulness of each of these constructs as well as their limitations

Children, Youth, and Families Robert N. Rapoport,1985-10-31 This book first published in 1986 examines the connections between social science research and actions to improve the situations of children and families

How Do Families Cope With Chronic Illness? Robert E. Cole,David Reiss,2013-05-13 Because chronic disorder is becoming an ordinary feature of family life and development understanding its impact has become critical This volume and the conference proceedings it reports represents a major effort to examine the family s response to chronic physical or psychopathological illness in one or more of its members Recent data are revising our notions of chronic illness Evidence is mounting that chronic psychiatric disorders reflect in part abnormalities of brain structure and function In this sense they are in part medical disorders On the other hand a number of traditionally labeled medical disorders produce a broad range of psychological symptoms and are exquisitely sensitive to psychosocial influences Families undergo a complex process of adaptation during which their response to stress and their fundamental beliefs about learning and parenting change These beliefs endure and are difficult to alter By examining the processes in a wide range of chronic conditions this volume helps to identify the common underlying processes of adaptation The first three chapters concern the families responses to disorders that are distinctly medical the next three focus on families responses to grey zone disorders or anomalies that appear early in life minor physical anomalies and communication handicaps and one chapter focuses exclusively on schizophrenia The last chapter

reflects an effort to develop a model based on the experience of researchers with both psychiatric and medical illness An Introduction to Marriage and Family Therapy Joseph L. Wetchler, Lorna L. Hecker, 2014-08-27 Now in its second edition this text introduces readers to the rich history and practice of Marriage and Family Therapy with 32 professionals from across the US presenting their knowledge in their areas of expertise This blend of approaches and styles gives this text a unique voice and makes it a comprehensive resource for graduate students taking their first course in Marriage and Family Therapy The book is divided into three sections Part 1 focuses on the components on which 21st century family therapy is based and summarizes the most recent changes made to not only therapeutic interventions but to the very concept of family Part 2 presents an overview of the 7 major theoretical models of the field structural strategic Milan social constructionist experiential transgenerational and cognitive behavioral family therapy Each chapter in this section Focuses on the founder of the theory its theoretical tenants and its key techniques Shows how the model focuses on diversity Presents the research that supports the approach Part 3 addresses specific treatment areas that are common to marriage and family therapists such as sex therapy pre marital therapy research and ethics and legal issues As an introduction to the field of Marriage and Family Therapy this volume stands above the rest Not only will readers gain an understanding of the rich history of the field and its techniques but they will also see a complete picture of the context in which families are embedded such as gender culture spirituality and sexual orientation This knowledge is the key to understanding what differentiates Marriage and Family Therapy from individual psychotherapy Glossaries case studies tables figures and appendices appear generously throughout the text to present this information and give students a thorough overview to prepare them for their professional lives
