Alcoholism Treatment and Rehabilitation National Institute of Mental Health (U.S.), 1972 438 references to worldwide literature published from 1960 to Sept 1971 but mostly from 1964 Materials selected to show broad range of treatment modalities treatment and rehabilitation programs and innovative techniques and methods Classified arrangement Foreign language titles also given in original Author index Subject index **Alcoholism treatment & rehabilitation ; selected abstracts** Information Planning Associates, 1972 **Alcoholism Treatment and Rehabilitation** National Institute of Mental Health (U.S.), 1973 Contemporary Psychotherapies for a Diverse World Jon Frew, Michael D. Spiegler, 2012-05-04

This unique text is the first to provide an introduction to the theory and practice of the major theories of psychotherapy and at the same time illustrate how these approaches are dealing with the ever increasing diversity of today's clients. Frew and Spiegler have assembled the leading contemporary authorities on each theory to offer an insider's perspective that includes exposure to the style and language used by adherents of the approach which is not available in any other text. The history of each approach and the latest cutting edge theory and practice are integrated with an emphasis on an awareness of the needs of diverse non majority clients creating a comprehensive practical and invaluable text for any counseling theories course. The major psychotherapeutic approaches are presented in roughly the chronological order in which they were developed and each chapter follows the same basic format to ensure consistency throughout the text. Along with traditional theories there are chapters on reality therapy, feminist therapy and narrative therapy and the chapter on ethics includes multicultural and feminist perspectives. Each chapter includes the origin and evolution of the theory, theoretical foundations and how the theory is manifested in practice, an evaluation of the evidence for the theory's success, limitations, blind spots and challenges. The Author's Journey in which authors describe what led them to adopt their approach and how their own practice has evolved over time, multicultural competencies and their importance in the context of the theory. Resources are available online for instructors to supplement the material in the text and include a test bank and PowerPoint lecture slides.

Theory and Practice of Counselling and Therapy Richard Nelson-Jones, 2010-11-09. Each chapter also contains review and personal questions. Richard Nelson Jones' authoritative and practical textbook is the ideal companion for students on introductory courses and those embarking on professional training.

New York Medical Journal, 1911. **Meet Me at the Palaver** Tapiwa N. Mucherera, 2010-04-29. *Meet me at the Palaver* shows the damaging impact of colonial Christianity on indigenous African communities. The book opens with stories of destructive change brought to indigenous contexts where in the culture, values, religion and humanity of African peoples were often marginalized. Mucherera argues for a holistic narrative pastoral counseling approach to assess and service the three basic areas of human needs in indigenous African communities: body, mind and spirit. The book presents a hopeful strategy of recovering stories, cultural traditions and values that have been subjugated in the past as effective means for dealing with contemporary life in indigenous contexts such as Zimbabwe.
