Public Crisis Management

Roger D. W. Zheng

Public Crisis Management:

Public Crisis Management Michael J. Hillyard, 2000 Public Crisis Management is an inter organizational primer In detail it describes the strengths and limitations of organizations that work together to resolve some of mankind's worst shared dilemmas Wildland firefighting emergency and disaster management and public safety networks are studied to uncover what each network form does well and not so well Those networks are also used to provide a general management framework that other crisis management networks will find useful The book's five principles identify ingredients necessary to form and maintain relationships of multiple organizations in pursuit of public health safety and security Public Crisis Management is useful for both the academic and practitioner communities as so many key business government and international decisions rest on the cooperation and coordination of more than one organization to resolve modern problems Risk Issues and Crisis Management in Public Relations Michael Regester, Judy Larkin, 2008 First published in 1997 as Risk Issues and Crisis Management **Risk and Crisis Management in the Public Sector** Lynn T. Drennan, Lynn T Drennan, Allan McConnell, 2012-08-21 A particular feature of modern post industrial societies is their growing awareness of risk and crisis management This book's main theme is therefore the context concepts and practice of risk and crisis management in the public sector in Western notably European and Asia Pacific countries Relating to extraordinary phenomena the term risk and crisis management covers such events and incidents as natural catastrophes earthquakes hurricanes and floods terrorist attacks Bali New York Madrid corporate failures HIH Enron WorldCom threats to human and animal welfare SARS Foot and Mouth BSE critical incidents bushfires rail crashes aviation accidents mass shootings environmental degradation rain forests ozone layer oil spills policy failures UK Poll Tax Aboriginal and Torres Strait Islander Commission public private partnerships The public sector at both national and sub national levels plays a crucial role not only in the management of such extraordinary events as these but also in anticipating and preparing for the unthinkable This book links theory and practice to equip public managers and those studying public management with the necessary knowledge and skills to manage risk and deal effectively with crises *Risk Issues and Crisis Management in Public Relations* Michael Regester, Judy Larkin, 2008-06-03 The reputation of an organisation influences who we buy from work for supply to and invest in Intangible assets of which reputation forms an important part account for well over 50 per cent of the value of the Fortune 500 and even more in the case of the FTSE 100 This fourth edition of Risk Issues and Crisis Management in Public Relations has been completely revised and aims to define reputation explores how to value it and provides practical guidelines for effective reputation management This latest edition features new sections on the effects of recent world events Corporate Social Responsibility climate change and sustainability legal revisions and the use of the Internet in a crisis Featuring new case studies on Oxfam V Starbucks Sony Dell Ribena BP Bernard Matthews and the bird flu issue Northern Rock Walmart Celebrity Big Brother 07 the Cadbury Salmonella outbreak the Virgin train crash and the Buncefield Oil Explosion the book

charts how rapidly the reputation management agenda moves and yet how slowly business learns **Emergency Public Relations: Crisis Management In A 3.0 World** Alan B. Bernstein; Cindy Rakowitz, 2012-02-07 The great economic downturn tumultuous weather patterns Ponzi schemes Occupy protests political uncertainty flash mobs and mall melees make daily headlines When you hear about catastrophic news do you ever think about how an unanticipated event might affect your business As you know from the classic Boy Scout mantra it is always best to be prepared This quick read teaches you the art and science of crisis management and rapid response to PR emergencies A review from Andrew Scott Grammy Nominated Producer Songwriter Owner of ASA Public Relations Bold tenacious and downright in your face Alan B Bernstein and Cindy Rakowitz create a masterpiece in public relations management with the latest edition of Emergency Public Relations Crisis Management in a 3 0 World A bible for service professionals this book tackles all angles of crisis management from brand salvaging to social media handling A must read for publicists marketing professionals service providers and business owners Risk and Crisis Management in the Public Sector Lynn T. Drennan, Adina Dudau, Allan McConnell, Alastair Stark, 2024-06-27 Risk and Crisis Management in the Public Sector 3rd edition is a guide for public managers and public management students which combines practical and scholarly knowledge about risk and crisis management together in a single accessible text In the uncertainty of the twenty first century public managers need to know how to identify risks and plan for crises how to respond to uncertain events and emergencies and how to develop resilience This book provides this fundamental knowledge with reference to a range of contemporary cases including COVID 19 the war in Ukraine and global cyber crime crises It also explores the international transboundary and multi agency dimensions of risk and crisis management This fully updated new edition explores the cutting edge of risk and crisis management scholarship provides an extensive series of tools and practical guidance for public managers who deal with uncertainty and draws on a wealth of classic and contemporary case studies This content equips readers and public managers with the knowledge and skills to understand key issues and debates as well as the capacity to treat risks and better prepare for respond to and recover from crisis episodes This book is essential reading for students studying public management risk management and crisis management as well as professionals in the public management sector The Politics of Crisis Management Arjen Boin, Paul 't Hart, Eric Stern, Bengt Sundelius, 2017 A newly updated edition of a concise and evidence based approach to strategic crisis leadership *Crisis Communication* Finn Frandsen, Winni Johansen, 2020-08-24 Finn Frandsen and Winni Johansen have won the 2019 Danish communication prize KOM pris for their world class research in organisational crises crisis management and crisis communication This prize is awarded by The Danish Union of Journalists Dansk Journalistforbund and Kforum <http://mgmt.au.dk/nyheder/nyheder/news/item/artikel/finn-frandsen-and-winni-johansen-win-the-kom-pris-2019> The aim of this handbook is to provide an up to date introduction to the discipline of crisis communication Based on the most recent international research and through a series of levels from the textual to the inter societal level this

handbook introduces the reader to the most important concepts models theories and debates within the field of crisis communication Crisis communication is a young and very vibrant field of research and practice It is therefore crucial that researchers students and practitioners have access to presentations and discussions of the most recent research Like the other handbooks in the HOCS series this handbook contains a general introduction a chapter on the history of crisis communication research a series of thematic chapters on crisis communication research at various levels a chapter perspectives a glossary of key terms and lists of further reading for each chapter with references to publications in English German and French Overview Section I Introducing the field General introduction A brief history of crisis management and crisis communication From organizational practice to academic discipline Reframing the field Public crisis management political crisis management and corporate crisis management Section II Between text and context Image repair theory Situational crisis communication theory Influences provenance evolution and prospects Contingency theory Evolution from a public relations theory to a theory of strategic conflict management Discourse of renewal Understanding the theory s implications for the field of crisis communication Making sense of crisis sensemaking theory Weick s contributions to the study of crisis communication Arenas and voices in organizational crisis communication How far have we come Visual crisis communication Section III Organizational level To minimize or mobilize The trade offs associated with the crisis communication process Internal crisis communication On current and future research Whistleblowing in organizations Employee reactions to negative media coverage Crisis communication and organizational resilience Section IV Interorganizational level Fixing the broken link Communication strategies for supply chain crises Reputational interdependence and spillover Exploring the contextual challenges of spillover crisis response Crisis management consulting An emerging field of study Section V Societal level Crisis and emergency risk communication Past present and future Crisis communication in public organizations Communicating and managing crisis in the world of politics Crisis communication and the political scandal Crisis communication and social media Short history of the evolution of social media in crisis communication Mass media and their symbiotic relationship with crisis Section VI Intersocietal level Should CEOs of multinationals be spokespersons during an overseas product harm crisis Intercultural and multicultural approaches to crisis communication Section VII Critical approaches Ethics in crisis communication Section VIII The future The future of organizational crises crisis management and crisis communication For a detailed table of contents please see [here](#)

Encyclopedia of Crisis Management K. Bradley Penuel, Matt Statler, Ryan Hagen, 2013-02-14 Although now a growing and respectable research field crisis management as a formal area of study is relatively young having emerged since the 1980s following a succession of such calamities as the Bhopal gas leak Chernobyl nuclear accident Space Shuttle Challenger loss and Exxon Valdez oil spill Analysis of organizational failures that caused such events helped drive the emerging field of crisis management Simultaneously the world has experienced a number of devastating natural disasters Hurricane Katrina the

Japanese earthquake and tsunami etc From such crises both human induced and natural we have learned our modern tightly interconnected and interdependent society is simply more vulnerable to disruption than in the past This interconnectedness is made possible in part by crisis management and increases our reliance upon it As such crisis management is as beneficial and crucial today as information technology has become over the last few decades Crisis is varied and unavoidable While the examples highlighted above were extreme we see crisis every day within organizations governments businesses and the economy A true crisis differs from a routine emergency such as a water pipe bursting in the kitchen Per one definition it is associated with urgent high stakes challenges in which the outcomes can vary widely and are very negative at one end of the spectrum and will depend on the actions taken by those involved Successfully engaging dealing with and working through a crisis requires an understanding of options and tools for individual and joint decision making Our Encyclopedia of Crisis Management comprehensively overviews concepts and techniques for effectively assessing analyzing managing and resolving crises whether they be organizational business community or political From general theories and concepts exploring the meaning and causes of crisis to practical strategies and techniques relevant to crises of specific types crisis management is thoroughly explored Features the electronic version of this allows students to explore customized response plans for crises of various sorts Appendices also include a Resource Guide to classic books journals and internet resources in the field a Glossary and a vetted list of crisis management related degree programs crisis management conferences etc

Managing a Public Relations Crisis Aspatore Books,Aspatore Books Staff,2007 Managing a Public Relations Crisis is an authoritative insider s perspective on the key strategies for developing and executing internal and external communications in a crisis situation Featuring Presidents and CEOs representing some of the nation s leading PR firms this book provides a broad yet comprehensive overview of how a PR crisis evolves and the key steps to mitigating negative press Through hypothetical scenarios and examples straight from the headlines these authors articulate how crisis planning and support are essential to saving and rebuilding a company s reputation in the marketplace From preparing a strategic plan in advance and establishing an emergency communications process to implementing solutions to manage media backlash these authorities offer practical and adaptable strategies for PR professionals and industry leaders alike The different niches represented and the breadth of perspectives presented enable readers to get inside some of the great strategic minds of today as experts offer an insider s glimpse into how good public relations crisis management can turn a company disaster into positive media coverage Inside the Minds provides readers with proven business intelligence from C Level executives Chairman CEO CFO CMO Partner from the world s most respected companies nationwide rather than third party accounts from unknown authors and analysts Each chapter is comparable to an essay thought leadership piece and is a future oriented look at where an industry profession or topic is headed and the most important issues for the future Through an exhaustive selection process each author was hand picked by the Inside the Minds editorial board toauthor a chapter for this book Chapters Include 1 Ted

 and Risk Communications Checklist **Disaster and Crisis Management** Naim Kapucu, Arjen Boin, 2017-10-02 A wide
 range of natural hazards pose major risks to the lives and livelihoods of large populations around the world Man made
 disasters caused by technological failures industrial accidents spillages explosions and fires compound this threat Since 9 11
 security threats based on violence terrorism insurgency and civil strife have attracted much governmental attention and a
 great deal of public resources As the scale frequency and intensity of disasters and crises have dramatically increased over
 the last decade the failures in responding to these crises have prompted a critical need to evaluate the way in which the
 public sector responds to disaster What have we learned What has changed in the management of disasters and crises What
 do we know about the causes patterns and consequences of these events This book looks at some of the approaches that can
 be taken to empirically examine disaster and crisis management practices It contributes to the literature on crisis and
 disaster management as well as social policy and planning Introducing approaches that are applicable to a variety of
 circumstances in the U S and in other countries it offers ways to think through policy interventions and governance
 mechanisms that may enhance societal resilience This book was originally published as a special issue of Public Management
 Review *Effective Crisis Communication* Robert R. Ulmer, Timothy L. Sellnow, Matthew W. Seeger, 2007 This book sets a
 new standard for academics students and professionals who desire a comprehensive volume that encapsulates the most
 recent and up to date research on crisis management The authors have written an important work that speaks to our post 9
 11 world one that demonstrates a mature understanding of crises and how organizations can and should respond to them
 communicatively Keith Michael Hearit Western Michigan University *Effective Crisis Communication Moving from Crisis to
 Opportunity* provides the reader practical advice on how to effectively manage and overcome a crisis Authors Robert R Ulmer
 Timothy L Sellnow and Matthew W Seeger provide guidelines for taking the many challenges that crises present and turning
 those challenges into opportunities for overcoming a crisis Key Features of this book Brings together theory and experience
 This book introduces readers to sound research and best practices in the field of crisis communication Introductory chapters
 offer practical lessons on managing uncertainty effective crisis communication and productive crisis leadership that help
 readers evaluate case studies in later chapters Provides advice on how to create opportunity from crisis Unlike other crisis

communication texts this book explains how organizations can and should emerge from crises as better organizations Examples and lessons on how to capitalize on the opportunities inherent to crisis are provided through organizational learning sound ethical practices and risk communication In addition the book provides advice on how to create renewal and growth following a crisis Addresses prominent and diverse cases Cases and practical applications from a wide variety of crises are included such as food borne illness outbreaks terrorism industrial disasters and natural disasters You Make the Call exercises allow readers to examine and critique the decisions made in such important cases such as 9 11 Malden Mills and the 2003 California fires The combination of practical lessons with vivid examples makes this a valuable supplemental text for courses in crisis communication from the perspectives of public relations health communication risk communication and business communication In addition it serves as an excellent resource for practitioners of crisis and risk communication in industry

Handbook of Public Relations Robert L. Heath, Robert Lawrence Heath, Gabriel M. Vasquez, 2001 The Handbook of Public Relations is another in the series of communication handbooks which has distinguished SAGE Publications Like its companion handbooks it offers a comprehensive and detailed examination of the topic It gives students scholars and practitioners a solid review of the status of the scholarly literature stressing the role that public relations can play in building relationships between organizations markets audiences and the public The Handbook is divided into five sections Section one defines the field seeking to explain the role public relations play in society Section two examines the state of the practice by delving into the cutting edge issues of management ethics gender evaluation public relations education and media Section three challenges academics and practitioners to identify the best practices that shape the daily activities of practitioners Section four looks at the fascinating and daunting challenges the new communication technology pose for scholars and practitioners Section five takes a global view examining theories in international public relations as well as the trends in practice that will shape the field in the coming years No other book in public relations is as comprehensive in its inclusion of authors and its coverage of academic research theory and best practices Global in scope the book's contributors comprise an academic who's who of the public relations discipline The Handbook offers one stop shopping for the best insights into the definition of the field of public relations the practice and best practices It has substantial insights into the impact of new communication technologies and the global challenges of international public relations A must have reference for libraries and practitioners the book also is ideal for upper level and graduate study of public relations
