Radhakrishnan Robert N. Minor, 1987-09-30 It is the thought of Sarvepalli Radhakrishnan that is most often presented in the West as Hinduism He was a remarkable man In addition to having been President of India while Nehru was Prime Minister and the Indian Ambassador to the Soviet Union he held the Spaulding Chair of Comparative Religion and Ethics at Oxford University And he continues to be a culture hero of India Radhakrishnan's thought developed in the context of his full life Robert Minor places his thought in that context His book traces the influences on him and the growth of his thought from his birth in Tirutani to his retirement to Madras The book contains a complete bibliography of Radhakrishnan's writings and of the secondary literature *Beyond Orientalism* Fred Dallmayr, 1996-12-12 Beyond Orientalism explores the confluence of contemporary Western especially Continental philosophy with its focus on otherness and difference and the ongoing process of globalization or the emergence of the global village The basic question raised in the book is What will be the prevailing life form or discourse of the global village Will it be the discourse of Western science industry and metaphysics which under the banner of modernization and development seeks to homogenize the world in its image In Said's work this strategy was

labeled Orientalism Or will it be possible to move beyond Orientalism in the direction neither of global uniformity nor radical fragmentation After discussing the broad range of possible modes of cross cultural encounter in a historical perspective the book develops as a preferred option the notion of a deconstructive dialogue or a hermeneutics of difference which respects otherness beyond assimilation This hermeneutics is illustrated in chapters examining several bridge builders between cultures primarily the Indian philosophers Radhakrishnan and J L Mehta and the Indologist Halbfass The remaining chapters are devoted to more concrete social political problems including issues of modernization multiculturalism and the prospects of a globalized democracy which bids farewell to Orientalism and Eurocentrism **Political Ideas in Modern India**
