## **Radiant Hour:**

**Poems from the Book of Hours** Rainer Maria Rilke, 2018-01-23 One of the most powerful poetry collections of the twentieth century now in a beautiful new edition Although The Book of Hours is the work of Rilke's youth it contains the germ of his mature convictions Written as spontaneously received prayers these poems celebrate a God who is not the Creator of the Universe but rather humanity itself and above all that most intensely conscious part of humanity the artist Babette Deutsch's classic translations born from the pure desire to sing what the poet sang Ursula K Le Guin capture the rich harmony and suggestive imagery of the originals transporting the reader to new heights of inspiration and musicality

**Beast** C. M. Kushins, 2021-09-07 A compelling narrative biography of the legendary drummer John Bonham his wild ride with iconic rock band Led Zeppelin and the highs and lows that made up his wild and tragically short life John Bonham is considered by many to be one of the greatest drummers of all time He was recruited to join the band who would eventually become known as Led Zeppelin and before the year was out Bonham and his bandmates would become the richest rock band in the world Throughout the 1970s Led Zeppelin reached new heights of commercial and critical success making them one of the most influential groups of the era both in musical style and in their approach towards the workings of the entertainment industry In September of 1980 Bonham plagued by alcoholism anxiety and the after effects of years of excess was found dead by his bandmates As Adam Budofsky managing editor of Modern Drummer explains If the king of rock n roll was Elvis Presley then the king of rock drumming was certainly John Bonham *American Youth Cultures* Neil Campbell, 2004 Ten essays by British US and Canadian academics explore popular books films and television shows for clues to the meanings of youth representation in American culture Drawing on a framework of ideas from cultural and social theory they consider themes such as race class gender power and sexuality as well as the ideological nature of youth and its centrality to American popular culture Originally published in 2000 as *The Radiant Hour Versions of Youth in American Culture* U of Exeter Press Annotation 2004 Book News Inc Portland OR booknews.com

**F. Scott Fitzgerald on Silent Film** Martina Mastandrea, 2022-08-15 F Scott Fitzgerald on Silent Film recalibrates the celebrated author's early career and brings fresh understanding to the life of one of America's truly great literary figures Scholars have previously focused on Fitzgerald's connection with Hollywood when he worked in Tinseltown as a screenwriter in the 1930s However this ground breaking research reveals the key role that Silent Hollywood played in establishing Fitzgerald's burgeoning reputation in the early to mid 1920s Vividly written and drawing on a wealth of new sources this book documents Martina Mastandrea's exciting discovery of the first film ever adapted from a work by Fitzgerald [Typewriters, Bombs, Jellyfish](#) Tom McCarthy, 2017-05-09 Essays on literature pop culture and more from the cult novelist and critic Tom McCarthy Fifteen brilliant essays written over as many years provide a map of the sensibility and critical intelligence of Tom McCarthy one of the most original and challenging novelists at work today *Typewriters Bombs Jellyfish* explores a wide range of subjects from

the weather considered as a form of media to the paintings of Gerhard Richter and the movies of David Lynch to Patty Hearst as revolutionary sex goddess to the still radical implications of established masterpieces such as Ulysses how do you write after it Tristram Shandy and the unsung junky genius Alexander Trocchi's darkly beautiful Cain's Book The longer Recessional examines the place of time in writing how writing makes a new time of its own a time apart from institutional time while the startling Nothing Will Have Taken Place moves from Mallarmé and Don DeLillo to the ball mastery of Zidane to look at how art whether that of a poet novelist or athlete destroys given codes of meaning and behavior returning them to play Certain points of reference recur with dreamlike insistence among them the artist Ed Ruscha's Royal Road Test a photographic documentation of the roadside debris of a Royal typewriter hurled from the window of a traveling car the great blooms of jellyfish that are filling the oceans and gumming up the machinery of commerce and military domination and the question throughout is How can art explode the restraining conventions of so called realism whether aesthetic or political to engage in the active reinvention of the world

**Cosmopolis** Howard Mansfield, 2017-09-25 The twentieth century saw a grand procession of promises for the city The great modern architect Le Corbusier dictated cities of glittering white towers planted in green parks Frank Lloyd proposed cities with no downtown cities spread across the countryside with each family on its homestead and skyscraper utopians of the 1920s promised paradise on the one hundredth floor with our airplane hangared next door One thing was sure the city of tomorrow would put to shame the city of yesterday Another thing was certain too we would be happier more peaceful and productive people Here is Le Corbusier Free man tends to geometry And if we followed the radiant harmony of his geometry the world's cities could become irresistible forces stimulating collective enthusiasm collective action and general joy and pride and inconsequence individual happiness everywhere the modern world would emerge and would beam around powerful happy believing There were others who promised deliverance through their brands of architecture the right angle the curvilinear road in the park the tower of glass Each fervently preached that his was the magic geometry that like tumblers on a lock would open the way to the good life Cosmopolis is a pattern book of expectations generously illustrated with a gathering of plans from the City Beautiful to the Italian Futurists The City Industrielle World's Fair utopias science fiction visions and the grand plans of the Moderns Cosmopolis is the story of the ideal city we never achieved and the great plans that went into making over precincts of our urban language

**British Medical Journal**, 1895 *The Beautiful and Damned* F. Scott Fitzgerald, 2010-02-01 F Scott Fitzgerald's second novel The Beautiful and Damned explores many of the same themes and subjects that would animate his later work including Tender is the Night and The Great Gatsby This novel delves into the mysteries and complexities of marriage taking as its focus the relationship of heir and bon vivant Anthony Patch and his wife Gloria a couple that critics believe reflect many autobiographical elements of the tempestuous bond between F Scott Fitzgerald and his wife the artist and flamboyant flapper Zelda The Ladies' Cabinet of Fashion, Music & Romance, 1839 **Filmstrip Guide** H.W.
