American Creative Class Shannan Clark, 2021 The Making of the American Creative Class narrates the history of workers in New York's publishing, advertising, design, and broadcasting industries and their efforts to improve their working conditions set against the backdrop of the economic dislocations of twentieth-century capitalism Empresses of Seventh Avenue Nancy MacDonell, 2024-08-27 In the tradition of *The Barbizon* and *The Girls of Atomic City* fashion historian and journalist Nancy MacDonell chronicles the untold story of how the Nazi invasion of France gave rise to the American fashion industry Calvin Klein, Ralph Lauren, Donna Karan, Halston, Marc Jacobs, Tom Ford, Michael Kors, Tory Burch. Today American designers are some of the biggest names in fashion yet before World War II they almost always worked anonymously. The industry then centered on Seventh Avenue in Manhattan had always looked overseas for inspiration, a polite phrase for what was often blatant copying because style as all the world knew came from Paris. But when the Nazis invaded France in 1940, the capital of fashion was cut off from the rest of the world. The story of the chaos and tragedy that followed has been told many times but how it directly affected American fashion is largely unknown. Defying the naysayers, New York-based designers, retailers, editors, and photographers met the moment, turning out clothes that were perfectly suited to the American way of life: sophisticated, modern, comfortable, and affordable. By the end of the war, the American Look had been firmly established as a fresh, easy elegance that combined function with style. But none of it would have happened without the influence and ingenuity of a small group of women who have largely been lost to history. *Empresses of Seventh Avenue* will tell the story of how these extraordinary women put American fashion on the world stage and created the template for modern style and how the nearly 500-billion American fashion industry, the largest in the world, could not have accrued its power and wealth without their farsightedness and determination *Paris to New York* Véronique Pouillard, 2021-05-04 *Paris to New York* shows how competition and cooperation between transatlantic designers and entrepreneurs built the groundwork of today's international fashion industry. Véronique Pouillard tells the story of the fashion business as a negotiation between art and commerce and explores the complex relationship between these iconic fashion centers The Hundred Dresses Erin McKean, 2013-06-11 The best-selling author of *The Secret Lives of Dresses* presents a visual A to Z reference profiling iconic vintage and modern dresses, combining evocative four-color illustrations with lively assessments of each depicted style, their famous wearers, and typical accessories Kit: Fashioning the Sporting Body Jean Williams, 2017-10-02 This is the first edited collection of its kind to analyse the distinct but overlapping topics of dress, costume, sport, and leisure history. For researchers of bodily adornment and movement, sport and costume history are both primarily concerned with industrial practice and embodied experience. The ways in which bodies are adorned, embellished, and clothed or revealed highlights the hybrid nature of dress history encompassing as it does the everyday clothing solutions of the mass of people and the unusual or more ceremonial aspects of costume as well as elite high fashion. Although this is as yet an under-researched area, there are an increasing number of fashion and clothing undergraduate and postgraduate courses that specialise in sport and
