Radical Casework A Theory Of Practice:

Radical Casework Jan Fook, 1993 Radical Casework represents a major innovation in the social work field. It bridges the seemingly unbridgeable gap between the rhetoric of social analysis and the day to day practice of the social worker. Written in a clear direct style Radical Casework illustrates step by step how broad theoretical analysis and specific skills can be linked in each phase of the casework process. Drawing on socialist feminist analysis this radical theory for practice encourages practising social caseworkers and students alike to develop their own practice in a radical way across a variety of settings. Radical Casework also provides extensive descriptions of practice strategies and case illustrations. Radical Casework brings traditional casework into the 1990s.

The book also contributes to social work pedagogy by offering a comprehensive set of learning outcomes that can be used to design curriculum, teaching and learning, and further research into social justice praxis.
