Radical Doctor Smollett Donald James Williams Bruce, 1965 Critical analysis of the 18th century social satirist Radical Doctor Smollett Donald Bruce, 1985 Tobias Smollett in the Enlightenment Richard J. Jones, 2011-04 Tobias Smollett 1721 1771 is best known today as a novelist but in the eighteenth century he was regarded as a historian and critic In this book Richard J Jones explores the diversity of Smollett's journalistic and literary writings and establishes new connections between Smollett's work and writers of the Scottish Enlightenment The book takes as its focal point Smollett's visit to Nice between 1763 and 1765 and the account he wrote of it in Travels through France and Italy 1766 This account is usually seen as a travel narrative but Jones argues that it should be read as a pocket encyclopedia in the tradition of Voltaire Jones divides his study into sections on medicine fine art the theater and history In doing so he offers a productive juxtaposition of authors texts and contexts presenting Smollett as a writer whose Scottish and particularly Glaswegian identity informed his involvement in a wider European Enlightenment Tobias Smollett Lionel Kelly, 2002-09-11 The Critical Heritage gathers together a large body of critical sources on major figures in literature Each volume presents contemporary responses to a writer s work enabling student and researcher to read the work themselves Art and Money in the Writings of Tobias Smollett William Gibson, 2007 Offering a Smollett Damian Grant, 1977 fresh perspective on a misunderstood eighteenth century novelist this study situates Tobias Smollett 1721 71 as the chief witness to the birth of the modern commercial art market By examining the critical remarks and characters in Smollett's journalism and histories the novels Peregrine Pickle and Humphry Clinker and Travels Through France and Italy the novelist is portrayed as fully involved with the commercial art market even while he offered perceptive criticism of it Smollett s complete reviews of fine art from The Critical Review are published for the first time in an annotated appendix while his involvement with the lavish illustration of his massive Complete History of England is analyzed in a second appendix The approach to fine art that emerges from his writing modifies our understanding of the public art market of today making this study of interest not only to Smollett scholars and students of eighteenth century fiction but also to those interested in the history of art and aesthetic appreciation William L Gibson is an independent scholar Constructions of Smollett John Skinner, 1996 Professor John Skinner analyzes the prose narratives of Tobias George Smollett 1721 71 and their place in the development of the novel in Constructions of Smollett A Study in Genre and Gender **The Fame Machine** Frank Donoghue, 1996 Principally on Sterne Goldsmith and Smollett Radical Doctor Smollett D. Bruce, 1964 Sexuality in **Eighteenth-century Britain** Paul-Gabriel Boucé, 1982 Between Self and Society John Rodden, 2016-01-15 Between Self and Society explores the psychosocial dramas that galvanize six major British novels written between the eighteenth and twentieth centuries The book challenges an influential misconception that has for too long hindered appreciation of the psychological novel John Rodden argues that there should be no simplifying antithesis between psychological inner conflicts

within the mind or soul and institutional outer conflicts within family class community Instead it is the overarching dramatic yet often tortuous relations between self and society that demand our attention Rodden presents fresh interpretations of an eclectic group of prose fiction classics including Tobias Smollett's The Adventures of Roderick Random William Godwin's Caleb Williams Thomas Hardy's The Mayor of Casterbridge Ford Madox Ford's The Good Soldier Wyndham Lewis's Tarr and D H Lawrence's Women in Love Far from being merely admirable experiments let alone daring though interesting failures these fictions are shown to possess aesthetic unity stylistic consistency and psychic force Between Self and Society thus impels our careful reconsideration of novels that represent major artistic achievements yet have been either unjustly neglected or appreciated in limiting ways that do injustice to their psychological aspects Rodden's vibrant discussion invites an upward revaluation of these works and encourages the full recognition of their value and significance in British literary history

Physicians and Surgeons in Glasgow, 1599-1858 Kordesch, 1999-07-01 Traces the establishment of the Royal College of Physicians and Surgeons of Glasgow as a licensing body to its eminence as a centre of teaching in the 18th century The text then covers the subsequent decline of the college in the 19th century with an account of how in conjunction with Glasgow University it re established itself as the guarantor of high medical standards of learning and practice

framework in the Anglophone literary legacy Each novel seeks to reshape and manipulate public perceptions of who merits legal agency the right to initiate a lawsuit serve as a witness seek counsel from a lawyer and take other legal actions As a result Defending Privilege offers a counterhistory to scholarship on the novel's capacity to motivate the promulgation of human rights and champion social ascendance through the upwardly mobile realist character The Literary History of England Donald F. Probyn,1987 English Travel Narratives in the Eighteenth Century Jean Viviès, 2017-03-02 The eighteenth century commonly described as the age of the novel is also the golden age of travel narratives In this English edition of Le R cit de voyage en Angleterre au XVIIIe si cle the genre of the travel narrative receives a treatment based on its development in close relationship with fiction The book provides a survey of famous travel narratives James Boswell's journal of a tour to Corsica and account of his trip to Scotland with Samuel Johnson Laurence Sterne's enigmatic Sentimental Journey Tobias Smollett's Travels through France and Italy Negotiating between inventory and invention these texts invite a reconsideration of conventional generic distinctions.
