Radical Liberal P:

Liberal Parties in Europe Emilie van Haute, Caroline Close, 2019-02-12 This book investigates how liberal parties have evolved over time as a party family in a comparative perspective Through a discussion of the applicability of the concept of party family to liberal parties it gives a better picture of the development challenges and opportunities for liberal parties in Europe The history of liberal parties in Europe is peculiar and the origins of the liberal family are not clearly defined Liberal parties are still quite heterogeneous given the various meanings embraced in the idea of liberalism including economic liberalism cultural liberalism progressivism social liberalism Bringing together the best specialists engaged in the study of liberal parties and with a two levels perspective comparative and case study this book renews and expands our knowledge on the liberal party family in Europe Four major themes are developed linked to the four approaches of the concept of party family electoral performances participation to power ideology and political program and party organization These themes are systematically developed in case studies and in comparative chapters Primarily aimed at scholars and students in comparative politics this book should especially appeal to scholars in the fields of political parties and party systems representation and elections voting behavior and public opinion

Market- Based Instruments for Environmental Management Mikael Skou Andersen, Rolf-Ulrich Sprenger, 2000-01-01 This volume brings together contributions from political scientists and environmental economists and will prove invaluable for academics practitioners and policymakers interested in the experiences of countries where market based instruments are well established BOOK JACKET

A History of the Liberal Party since 1900 David Dutton, 2013-04-26 Once teetering on the brink of oblivion the British Liberal Party has again re established itself as a major force in national and local politics David Dutton s approachable study offers new insights into the waning near death and ultimate recovery of the Liberal Party from 1900 to the present day Discussions of politics philosophy and performance are all skilfully interwoven as Dutton demonstrates how the party has become once more a formidable player on the political stage The second edition of this established text offers An entirely new chapter on the coalition government A chronology of key events Numerous suggestions for further reading This lively survey of British Liberalism from the era of Campbell Bannerman to that of Nick Clegg reviews existing literature while offering its own distinctive perspective on one of the most compelling of political dramas

Political Change and the Labour Party 1900-1918 Duncan Tanner, 2003-02-13 Dr Tanner utilises extensive data from the respective party records to examine the nature of the Liberal and Labour parties prior to 1914

Policy Networks Under Pressure Carsten Daugbjerg, 2018-11-09 First published in 1998 this book examines how established policy networks and the broader context within which they are embedded influence the choice of policy when change has been put on the agenda It criticises the existing network literature for being predominantly descriptive for having little to say on the choice of policy and for omitting the analysis of the broader political structures which have consequences for meso level policy making In order to reinforce the explanatory power of

policy network analysis the book develops both a meso and a macro level theoretical model They help to explain why policy change is more radical in some settings than in others The theoretical arguments are tested by the use of detailed comparisons of agricultural policy making in Denmark and Sweden and of agricultural policy reforms in the European Union and Sweden

Evolution of the British Party System Robert C. Self, 2014-07-30 By the end of the nineteenth century reform and development of the British electoral system had inaugurated a new style of mass politics which fundamentally transformed the face of the British party system This book traces the evolution of recognisably modern parties from their roots in the 1880s through half a century of dramatic change in organisational structure electoral competition and constitutional thought In the House of Commons the Labour Party replaced the Liberals as the radical answer to the Conservative Party In the country at large the complex web of Victorian social regional and religious allegiances gave way to a cruder but more dynamic model of modern political loyalties The transformation at Westminster and in the constituencies is surveyed in relation to changes to the franchise including the vote for women class consciousness political organisation and doctrine The comprehensive account explains the varying fortunes of the parties in the face of mass democracy collectivism the First World War and economic uncertainty It also provides a critical insight into the debates and conflicts of interpretation which surround this pivotal period in British political history

From Popular Liberalism to National Socialism Oded Heilbrunner, 2017-05-15 Long live liberty equality fraternity and dynamite So went the traditional slogan of the radical liberals in Greater Swabia the south western part of modern Germany This book investigates the development of what the author terms popular liberalism in this region in order to present a more nuanced understanding of political and cultural patterns in Germany up to the early 1930s In particular the author offers an explanation for the success of National Socialism before 1933 in certain regions of South Germany arguing that the radical liberal sub culture was not subsumed by the Nazi Party but instead changed its form of representation Together with the famous völkisch fraction and the leftist fraction within the chapters of the Nazi Party there were radical liberal associations ex members of radical liberal parties sympathizers with these parties and notables with a radical orientation derived from family and regional traditions These people and associations believed that the Nazi Party could fulfil their radical liberal vision rooted in the local democratic and liberal traditions which stretched from 1848 to the early 20th century By looking afresh at the relationship between local regional identities and national politics this book makes a major contribution to the study of the roots of Nazism

Green Taxation in Question C. Daugbjerg, G. Svendsen, 2001-10-16 Environmental economists have in general paid little or no attention to the political context within which green taxation would be introduced In order to understand the real life politics of green taxation it is necessary to establish which political constraints determine the actual design of green taxes Daugbjerg and Svendsen identify rent seeking party politics and policy networks as the three main constraints in environmental regulation This analysis forms the basis of policy recommendations on the future design of green taxation and international

permit trading Even though these policy recommendations are second best in strict economic terms they are the best economic designs given that they must be politically feasible **Caught in the Middle** Johan den Hertog, Samuël Kruizinga, 2011 The essays in this collection cover not only multiple countries but also multiple aspects of the concept of neutrality political economic cultural and legal These case studies have led to a re evaluation of the notion of neutrality and the role of neutrals during the First World War making this collection of great value to all scholars of neutrality the history of individual neutral countries and of the war itself *The Greenian Moment* Denys P. Leighton, 2015-11-30 This study of T H Green views his philosophical opus through his public life and political commitments and it uses biography as a lens through which to examine Victorian political culture and its moral climate The book deals with the political and religious history of Victorian Britain in examining the basis of Green s Liberal partisanship It demonstrates how his main ethical and political conceptions his idea of self realisation and his theory of individuality within community were informed by evangelical theology popular Protestantism and an idea of the English national consciousness as formed by religious conflict While the significance of Kantian and Hegelian elements in Green s thought is acknowledged it is argued that indigenous qualities of Green s teachings resonated with values shared alike by elite and rank and file Liberals during the mid and late Victorian era In examining Green s beliefs about the historical evolution of English liberty his championing of Liberal Nonconformity and Nonconformist causes and his approval of religious bases of community this study analyzes the ripening of a Greenian moment and traces Green s influence on Liberal quasi socialist and Conservative social reform down to the 1920s The lasting impact of Green s teachings on British and Western political philosophy apparent in the current vogue for communitarianism in liberal theory indicates limitations of the secularization thesis still tacitly accepted by historians of Western political thought **Democracy in Colombia** Jorge Pablo Osterling, 2020-02-13 In what is destined to prove the definitive text for the present generation on the political economic and social structure of Colombia Jorge Pablo Osterling explores the enigmatic nature of this special even critical anchor to the northern tier of South America In many ways Colombia is a huge success story it is one of the oldest most stable functioning democracies the land is blessed with rich and diversified resources and products and its foreign debt has been kept in check as a consequence of sound economic management But despite its positive social cultural economic and political indicators Colombia has been a nation beset by serious problems overt corruption and unemployment are very high and its public service facilities to outlying rural areas remain weak thus making schooling water supplies health care and electrification hard to establish at high levels Above all Colombia has a reputation well earned as one of the most violent nations in the world Drug trafficking common crime and guerrilla activity are all pandemic and conspire to destabilize the regime In this straightforward compelling account Osterling shows how this paradox has evolved and why it has persisted over the past fifty years He draws attention to parallel political structures a functioning set of civilian institutions that coexist alongside one of the most powerful closed hierarchical political elites in

Latin America Osterling locates the central problem of the maintenance of interpersonal relations as being more important to the functioning of Colombian society than impersonal norms This is a country in which political bosses vie with popular democracy for control of the country

Currents of Radicalism Eugenio F. Biagini, Alastair J. Reid, 1991-06-28 Those who were originally called radicals and afterwards reformers are called Chartists declared Thomas Duncombe before Parliament in 1842 a comment which can be adapted for a later period and as a description of this collection of papers those who were originally called Chartists were afterwards called Liberal and Labour activists In other words the central argument of this book is that there was a substantial continuity in popular radicalism throughout the nineteenth and into the twentieth century The papers stress both the popular elements in Gladstonian Liberalism and the radical liberal elements in the early Labour party The first part of the book focuses on the continuity of popular attitudes across the commonly assumed mid century divide with studies of significant personalities and movements as well as a local case study The second part examines the strong links between Gladstonian Liberalism and the working classes looking in particular at labour law taxation and the Irish crisis The final part assesses the impact of radical traditions on early Labour politics in Parliament the unions and local government The same attitudes towards liberty the rule of law and local democracy are highlighted throughout and new questions are therefore posed about the major transitions in the popular politics of the period

The Struggle for Female Suffrage in Europe, 2012-06-07 Whilst scholarship on women s suffrage usually focuses on a few emblematic countries The Struggle for Female Suffrage in Europe casts a comparative look at the articulation of women s suffrage rights in the countries that now make up the political unity in the making we call the European Union The book uncovers the dynamics that were at play in the recognition of male and female suffrage rights and in the definition of male and female citizenship in modern Europe It allows readers to identify differences and commonalities in the histories of women s disenfranchisement and sheds light on the role suffrage has played in the construction of female citizenship in European countries It provides the background against which a new European paradigm of parity democracy is gradually asserting itself

The Struggle for Female Suffrage in Europe Blanca Rodriguez Ruiz, Ruth Rubio-Marín, 2012-06-07 By comparing women s access to suffrage in the countries that make up the European Union i The Struggle for Female Suffrage in Europe provides a retelling of the story of how citizenship was gradually coined in Europe from the perspective of women

Shaping Worldviews: Richard Skiba, 2024-04-02 Shaping Worldviews presents a thorough examination of belief systems and worldviews emphasizing their far reaching impact on society The book highlights the crucial role of diverse worldviews in fostering cultural sensitivity effective communication and social harmony across various domains including policymaking conflict resolution social justice innovation education health and global relations Scholarly research is integrated to stress the importance of understanding recipients worldviews for persuasive communication and overcoming challenges related to misinformation The exploration extends to education workplace cultures policymaking conflict resolution innovation and international relations showcasing

the pivotal influence of diverse worldviews The book delves into specific religious traditions and political ideologies emphasizing their profound effects on societal structures It introduces the theory of practice architectures elucidating how worldviews shape practices promote inclusivity facilitate change build reflexivity and enhance collaborative efforts A focal point is the analysis of tensions and conflicts arising from religious and political ideologies as well as worldviews shaped by combinations of these philosophies The comprehensive coverage spans major world religions including Judaism Islam Christianity Hinduism Buddhism Jainism Sikhism Taoism Confucianism Mahayana Buddhism Shinto folk religions cult groups and atheism The book further investigates various political ideologies such as Conservatism Liberalism Socialism Communism Feminism and Nationalism Additionally it explores the influence of religious beliefs on social issues perceptions of science legislative behaviour and tensions stemming from religious and political ideologies

Surviving Global Change? Darren Halpin, 2017-11-28 This engaging volume investigates the fate of national industry associations amidst global change through analysis of interest group organizations representing farmers and agricultural producers It asks how these groups have fared during a period of global change and examines the challenges inherent in their operation in the 21st century Case studies from North America Europe and Australasia provide illuminating research into farm interest groups at the national level and organizational features of individual groups It will be of value to scholars and researchers in the fields of global governance political science and rural studies

The Greenian Moment Denys Leighton, 2004 This study of T H Green views his philosophical opus through his public life and political commitments and it uses biography as a lens through which to examine Victorian political culture and its moral climate The book deals with the political and religious history of Victorian Britain in examining the basis of Green's Liberal partisanship It demonstrates how his main ethical and political conceptions his idea of self-realisation and his theory of individuality within community were informed by evangelical theology popular Protestantism and an idea of the English national consciousness as formed by religious conflict While the significance of Kantian and Hegelian elements in Green's thought is acknowledged it is argued that indigenous qualities of Green's teachings resonated with values shared alike by elite and rank and file Liberals during the mid and late Victorian era In examining Green's beliefs about the historical evolution of English liberty his championing of Liberal Nonconformity and Nonconformist causes and his approval of religious bases of community this study analyzes the ripening of a Greenian moment and traces Green's influence on Liberal quasi-socialist and Conservative social reform down to the 1920s The lasting impact of Green's teachings on British and Western political philosophy apparent in the current vogue for communitarianism in liberal theory indicates limitations of the secularization thesis still tacitly accepted by historians of Western political thought

Cyclopaedia of Political Science, Political Economy, and of the Political History of the United States John Joseph Lalor, 1884

OECD Development Pathways A Multi-dimensional Approach to the Post-COVID-19 World for Paraguay OECD, 2024-07-24 Paraguay has faced multiple shocks in the past five years as the COVID-19 pandemic

was bookended by severe droughts that affected two key sectors electricity production and agricultural production The economy has demonstrated remarkable resilience during this period supported by policy measures commensurate with the magnitude of the challenge like the USD 2 billion fiscal response to the pandemic These shocks have also exposed key underlying vulnerabilities in the country s economy and development model including reliance on agricultural exports informality limited revenue raising capacity and exposure to the consequences of climate change The response and stimulus recognised these issues and found new ways to address or circumvent them albeit in many cases not efficiently or permanently This report draws lessons from policy measures implemented during the pandemic and recovery phase and applies them to current strategic challenges In doing so it highlights policy priorities to make Paraguay s development path more inclusive stronger and more resilient

The Liberal Party and the Economy, 1929-1964 Peter Sloman, 2015 The Liberal Party and the Economy 1929 1964 explores the reception generation and use of economic ideas in the British Liberal Party between its electoral decline in the 1920s and 1930s and its post war revival under Jo Grimond Drawing on archival sources party publications and the press this volume analyses the diverse intellectual influences which shaped British Liberals economic thought up to the mid twentieth century and highlights the ways in which the party sought to reconcile its progressive identity with its longstanding commitment to free trade and competitive markets Peter Sloman shows that Liberals enthusiasm for public works and Keynesian economic management which David Lloyd George launched onto the political agenda at the 1929 general election was only intermittently matched by support for more detailed forms of state intervention and planning Likewise the party s support for redistributive taxation and social welfare provision was frequently qualified by the insistence that the ultimate Liberal aim was not the expansion of the functions of the state but the pursuit of ownership for all Liberal policy was thus shaped not only by the ideas of reformist intellectuals such as John Maynard Keynes and William Beveridge but also by the libertarian and distributist concerns of Liberal activists and by interactions with the early neoliberal movement This study concludes that it was ideological and generational changes in the early 1960s that cut the party s links with the New Right opened up common ground with revisionist social democrats and re established its progressive credentials

The Top Books of the Year Radical Liberal P The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous engrossing novels captivating the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the engaging narratives that have captivated audiences this year. Radical Liberal P : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Radical Liberal P : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and gripping novel that will keep you speculating until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
