James Wilson,2022-04-26 Technology advances are making tech more human This changes everything you thought you knew about innovation and strategy In their groundbreaking book Human Machine Accenture technology leaders Paul R Daugherty and H James Wilson showed how leading organizations use the power of human machine collaboration to transform their processes and their bottom lines Now as new AI powered technologies like the metaverse natural language processing and digital twins begin to rapidly impact both life and work those companies and other pioneers across industries are tipping the balance even more strikingly toward the human side with technology led strategy that is reshaping the very nature of innovation In Radically Human Daugherty and Wilson show this profound shift fast forwarded by the pandemic toward more human and more humane technology Artificial intelligence is becoming less artificial and more intelligent Instead of data hungry approaches to AI innovators are pursuing data efficient approaches that enable machines to learn as humans do

Instead of replacing workers with machines they're unleashing human expertise to create human centered AI. In place of lumbering legacy IT systems they're building cloud first IT architectures able to continuously adapt to a world of billions of connected devices. And they're pursuing strategies that will take their place alongside classic winning business formulas like disruptive innovation. These against the grain approaches to the basic building blocks of business Intelligence Data Expertise Architecture and Strategy IDEAS are transforming competition. Industrial giants and startups alike are drawing on this radically human IDEAS framework to create new business models optimize post pandemic approaches to work and talent rebuild trust with their stakeholders and show the way toward a sustainable future. With compelling insights and fresh examples from a variety of industries Radically Human will forever change the way you think about practice and win with innovation.

Patient No Longer: How YOU Can Lead the Consumer Revolution in Healthcare, Second Edition Ryan Donohue, Stephen K. Klasko, 2025-03-28 *Patient No Longer* delves into the next phase of healthcare's evolution: consumer centric care. The authors challenge the status quo and explore how we can build a truly consumer driven healthcare system: one that is data informed, compassionate and ultimately meaningful for patients by answering a critical question: What can we do now to transform our healthcare model into one that puts consumers at the center of the experience? Drawing on new research and real world case studies the book analyzes long term effects of COVID 19 on healthcare revealing how the pandemic accelerated the shift toward patient centered care. The book offers a fresh look at the progress and the work yet to be done in achieving a system in which providers partner with patients to create healthier communities. This extensively revised edition features new content throughout including information regarding potential for artificial intelligence AI to
