Radical Christian Communities:

Radical Christian Communities Thomas P. Rausch, 2002-09-27 Throughout the centuries certain Christians chose to live out the challenges of the Gospel in communities that withdrew from the common and conventional in the world This book studies this phenomenon and focuses on a number of contemporary Christian communities lay and religious who respond to the Gospel call to discipleship in a radical way whether by being communities of peace and reconciliation of social ministry and solidarity with the poor of service to the Church or of prayer and contemplation Radical Religious Communities ,2025-06-30 The twenty first century has demonstrated that radicalism remains a vital analytical concept in the study of modern religion and politics However its application to earlier periods has been met with more ambivalence This volume challenges that trend by examining religio political subversives near the close of the Middle Ages as radical within their historical and intellectual contexts spanning several centuries and cultures with a focus on Central Europe In doing so it seeks to bridge entrenched geographical chronological and methodological divides fostering broader discussions on the comparative relevance of radicalism in pre modernity Transforming Faith Communities Michael I. Bochenski, 2013-03-14 Transforming Faith Communities argues for a model of being church that combines congregationalism with a constructive approach to church state relationships Congregationalism within a vision for a renewed Christendom is commended here as a viable option for Christian mission in the twenty first century world In making this case two movements are explored those inspired by sixteenth century Anabaptism and late twentieth century Latin American liberation theology Each movement is held up as a mirror to the other A continuing vision for the transformation of church and society emerges from this book as a number of contemporary resonances begin to sound These include an outline of some likely common features in the development of radical religious communities an examination of some of the factors that create world affirming Christian faith communities and many examples of effective and constructive engagement with church and society across the centuries

Living in Christian Community Art Gish,1998-09-29 This book is a description of what the church ought to be Gish purposes to deal with the concrete issues of what it really means to be a Christian community the body of Christ

shared values activists in this movement developed a fresh philosophy and style of politics that shaped the thinking of a new generation of activists Driven by a vision of an ecologically balanced nonviolent egalitarian society they engaged in political action through affinity groups made decisions by consensus and practiced mass civil disobedience The nonviolent direct action movement galvanized originally in opposition to nuclear power with the Clamshell Alliance in New England and then the Abalone Alliance in California leading the way Its influence soon spread to other activist movements for peace non intervention ecological preservation feminism and gay and lesbian rights Epstein joined the San Francisco Bay Area s Livermore Action Group to protest the arms race and found herself in jail along with a thousand other activists for blocking the road in front of the Lawrence Livermore Laboratory She argues that to gain a real understanding of the direct action movement it is necessary to view it from the inside For with its aim to base society as a whole on principles of egalitarianism and nonviolence the movement sought to turn political protest into cultural revolution **Episkope** Roger Standing, Paul Goodliff, 2020-07-10 In Episkope Standing and Goodliff together with experienced church leaders drawn from across the churches establish the common foundations that inform our conversations about translocal ministry and map present models and experience of ecclesial oversight Building on these shared insights a variety of themes are explored that might help the selection training and deployment of translocal ministry be fit for purpose in the changing cultural context that faces twenty Decoding the Church Howard A. Snyder, Daniel V. Runyon, 2011-09-22 Using the first century Christian communities genetic code as a model this provocative book will provide you with theological analysis biblical principles and practical applications for understanding the structure and mission of today's church and how it can transform the world Church **for Every Context** Michael Moynagh, 2014-04-15 The first comprehensive textbook on the theology and methodology of Fresh Expressions one of the most important developments within the contemporary church Resurrecting the Death of God Daniel J. Peterson, G. Michael Zbaraschuk, 2014-04-11 In 1966 an infamous Time magazine cover asked Is God Dead and brought the ideas of theologians William Hamilton and Thomas I I Altizer to the wider public In the years that followed both men suffered professionally and there was no notable increase to the small number of thinkers considered death of God theologians Meanwhile Christian fundamentalism staged a striking comeback in the United States Yet death of God or radical theology has had an ongoing influence on contemporary theology and philosophy Contributors to this book explore the origins influence and legacy of radical theology and go on to take it in new directions In a time when fundamentalism is the greatest religious temptation this volume makes the case for the necessity of resurrecting the death of God Iews, Judaism, and Success Robert Eisen, 2023-06-23 In Jews Judaism and Success Robert Eisen attempts to solve a long standing mystery that has fascinated many How did Jews become such a remarkably successful minority in the modern Western world Eisen argues that Jews achieved such success because they were unusually well prepared for it by their religion in particular Rabbinic Judaism or the Judaism of the rabbis Rooted in the Talmud this form of Judaism instilled in Jews key values that

paved the way for success in modern Western society autonomy freedom of thought worldliness and education The book carefully analyses the evolution of these four values over the past two thousand years in order to demonstrate that they had a longer and richer history in Jewish culture than in Western culture The book thus disputes the common assumption that Rabbinic Judaism was always an obstacle to Jews becoming modernized It demonstrates that while modern Jews rejected aspects of Rabbinic Judaism they also retained some of its values and these values in particular led to Jewish success Written for a broad range of readers Jews Judaism and Success provides unique insights on the meaning of success and how it is achieved in the modern world
