## Radical Takeoffs:

**Generally Speaking** Sandra Shores Brown, 2013-08 Behind me stretch four generations of military lives This book is for the most part the story of my life as the daughter of a two star general and the wife of a three star general It recounts the fascinating lands I was either fortunate enough to reside in or visit and as an adult I went into these civilizations and continents with fire in my belly to capture the cultures the landscape and the people with my two Nikons hanging off my neck Even after retirement it was hard to shed my peripatetic life style so I went to China Bali Kuala Lumpur and Singapore It s a story about doing the best you can with the cards you are dealt about making your way through difficult moments and supporting your children and your husband and keeping it all together The military is not an easy life but it is a good one And I do not hesitate to recount some of the more wretched events For the most part it has been a charmed life I write about unique incidents having a gun fired at my car on an early morning trip to the airport in Bangkok Of a shoot out in a Pamplona Spain square and of being reunited with a childhood friend in Oslo Norway then a young prince and at the time of the visit the Crown Prince and now the King During our two year Italian Odyssey we received a letter from the Countess Chinigo of Ravello for a dinner at her villa above the Amalfi Coast We did not answer But on the second effort we did and thus visited her numerous times in her little gem of a villa I was a lucky lucky woman *The Fascist Persuasion in Radical Politics* A. James Gregor, 2015-03-08 How valid are the assertions of contemporary radicals who insist that they are Marxists A James Gregor measures the distance that separates today s radicals from the belief system of Marx and Engels He finds that the characteristic qualities of modern mass mobilizing movements bear more impressive similarities to the paradigmatic Fascism of Benito Mussolini than to classical Marxism Thus he offers a new conceptual framework for the analysis of contemporary totalitarian movements and established regimes Originally published in 1974 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 [Sell Up, Pack Up and Take Off](#) Stephen Wyatt, Colleen Ryan, 2014-09-01 Whether you re 40 plus and feeling burnt out or 50 plus and approaching retirement this is the perfect book for you Find out how to live an exciting and comfortable but cheaper life overseas on a long term or trial basis Sell Up Pack Up and Take Off tells you about people who are living the dream in Asia and Europe making their dollar go further with better houses a better social life more luxury and more adventure And you can do it too In this book you ll discover the pros and cons of the great countries you can live in at a quarter of the cost of Australia the tricks of buying or renting a house how to get a visa and how to manage your health insurance pension super and tax Now that 60 is the new 40 it s time to get positive and go for it A better life is yours for the taking *The radicals*

Kornbluth, 2023-11-11 Cyril M Kornbluth's *Takeoff* is a masterful exploration of the human condition set against the backdrop of a future where space exploration is not merely a sci fi dream but a looming reality The novella is characterized by Kornbluth's signature blend of satirical wit and poignant social commentary encapsulating the anxieties of the 1950s concerning scientific advancement and its ethical implications With a narrative style that deftly alternates between light hearted humor and serious reflection Kornbluth deftly critiques society's obsession with technology making readers question the moral responsibilities that accompany progress Cyril M Kornbluth a seminal figure in mid 20th century science fiction drew inspiration from his experiences during World War II where the rapid advancement of technology brought both innovation and destruction His intimate understanding of the intersection between humanity and technology informs the ethical dilemmas presented in *Takeoff* A prolific writer known for his collaborative works with fellow sci fi luminary Frederik Pohl Kornbluth's literary prowess shines brightly in this thought provoking narrative *Takeoff* is highly recommended for readers who appreciate incisive social commentary wrapped in an engaging narrative It not only serves as a lens through which to examine our present concerns about technology and its impact on society but also as a timeless warning about the perils of progress devoid of ethical consideration Dive into Kornbluth's world and allow yourself to consider the true cost of our aspirations
