*On the Short Waves, 1923-1945* Jerome S. Berg, 2007-04-11 As radio developed in the early 1920s the focus for most people was the AM band and stations such as KDKA the first broadcast station There was however another broadcast method that was popular among many early enthusiasts shortwave radio As is true today the transmission of news and entertainment programs over shortwave frequencies permitted reception over great distances For many in America and beyond shortwave was an exciting aspect of the new medium Some still tune the shortwave bands to enjoy the programming Others pursue broadcasts for the thrill of the hunt This book fully covers shortwave broadcasting from its beginning through

World War II A technical history examining the medium s development and use tells the story of a listener community that spanned the globe Included are overviews of the primary shortwave stations operating worldwide in the 1930s along with clubs and competitions publications and prizes A rich collection of illustrations includes many QSLs the cards that stations sent to acknowledge receipt of their transmissions and that are much prized by long distance collectors Small Press Record of Books in Print Len Fulton,1994

**The Market Makers** Peter Scott,2017-09-15 During the twentieth century affluence both at the level of the individual household and that of society as a whole became intimately linked with access to a range of prestige consumer durables The Market Makers charts the inter war origins of a process that would eventually transform these features of modern life from being luxuries to necessities for most British families Peter Scott examines how producers and retailers succeeded in creating mass though not universal market for new suites of furniture radios modern housing and some electrical and gas appliances while also exploring why some other goods such as refrigerators telephones and automobiles failed to reach the mass market in Britain before the 1950s Creating mass markets presented a formidable challenge for manufacturers and retailers Consumer durables required large markets Most involved significant research and development costs Some such as the telephone radio and car were dependent on complementary investments in infrastructure All required intensive marketing usually including expensive advertising in national newspapers and magazines while some also needed mass production methods and output volumes to make them affordable to a mass market This study charts the pioneering efforts of entrepreneurs many of whom though once household names are now largely forgotten to provide consumer durables at a price affordable to a mass market and to persuade a sometimes reluctant public to embrace the new products and the consumer credit that their purchase required In doing so Scott shows that contrary to much received wisdom there was a consumer durables revolution in inter war Britain at least for certain highly prioritised goods Warman's Antiques and Their Prices Harry L.
