## **Radio Priest Charles Coughlin The Father Of Hate Radio:**

Radio Priest Donald I. Warren, 1996 Contains primary source material      Encyclopedia of World Poverty Mehmet Odekon, 2006-05-16 Poverty is more than just lack of income it is deprivation from basic capabilities rights and freedoms that provide individuals the necessary choices and opportunities they need to lead a life they value The Encyclopedia of World Poverty provides extensive and current information as well as insight into the contemporary debate on poverty The three volumes of this state of the art Encyclopedia contain over 800 original articles written by more than 125 renowned scholars The entries contributing to this work explore poverty in various regions of the world and examine the difficulties associated with the definition and measurement of poverty along with its causes and effects Key Features Examines the geographic political social cultural and other economic characteristics of 191 countries and provides current vital statistics on poverty such as the mortality disease literacy and illiteracy rate for each country Addresses the various definitions and measurement techniques of poverty and includes each country's ranking according to the Human Development Index and the Human Poverty Index whenever available Looks at potential causes of poverty ranging from discrimination to climate factors such as drought and famine as well as the potential effects of poverty including vulnerability insecurity powerlessness social exclusion and disqualification and stigmatization Acknowledges the importance of various associations combating poverty such as Civil Society Organizations Secular Charities Religious Charities and Non Governmental Organizations The Encyclopedia of World Poverty is an authoritative and rigorous source on poverty and related issues making it a must have reference for all academic libraries      *The Buying of the Presidency?* Si Sheppard, 2014-10-14 This groundbreaking work tells the true story behind Franklin D Roosevelt's 1936 reelection drawing upon never before published personal files to expose a nexus of patronage and power that changed America forever FDR's 1936 reelection represented his greatest political triumph Yet the election remains largely unstudied despite the fact that critical decisions by some of the most colorful and controversial characters in American history make it one of the most significant ever to take place This landmark work the first specifically about the 1936 election highlights the key debates events and personalities that epitomized the conflicted highly charged politics of the New Deal era In telling its gripping tale the book discloses the secret history of Roosevelt's New Deal It uncovers the hidden roles that money patronage and power played in the campaign of 1936 underscoring the transition from the old school politics of stump speaking and glad handing to a new world of professionalism marked by scientific polling targeted advertising and direct media The book offers a new perspective on this critical period in American history through its use of previously unpublished private correspondence and internal memos from key players in the Roosevelt administration as well as from GOP chairman John Hamilton These archival sources detail the nuts and bolts of running a presidential campaign during the Great Depression and reveal how money was manipulated to buy votes Exposing the true story behind the making of modern America the book is a must read for anyone interested in

FDR U S history politics or the presidency      Charisma, Medieval and Modern Peter Iver Kaufman, Gary Dickson, 2018-10-08 This book is a printed edition of the Special Issue Charisma Medieval and Modern that was published in Religions      **Unfit for Democracy** Stephen E. Gottlieb, 2016-01-08 Since its founding Americans have worked hard to nurture and protect their hard won democracy And yet few consider the role of constitutional law in America s survival In Unfit for Democracy Stephen Gottlieb argues that constitutional law without a focus on the future of democratic government is incoherent illogical and contradictory Approaching the decisions of the Roberts Court from political science historical comparative and legal perspectives Gottlieb highlights the dangers the court presents by neglecting to interpret the law with an eye towards preserving democracy From back cover      *Antisemitism* Steven Leonard Jacobs, 2020-06-29 With an overview essay timeline reference entries and annotated bibliography this resource is a concise one stop reference on antisemitism in today s society Stretching back to biblical times antisemitism is perhaps the world s oldest hatred of a group It has manifested itself around the world sometimes taking the form of superficially innocent jokes and at other times promoting such tragedies as the Holocaust Far from disappeared its continued existence in today s society is evidenced by vandalism of Jewish cemeteries and shootings at synagogues This book explores the causes and consequences of contemporary antisemitism placing this form of hatred in its historical political and social contexts An overview essay surveys the background and significance of antisemitism and provides historical context for discussions of contemporary topics A timeline highlights key events related to antisemitism Some 50 alphabetically arranged reference entries provide objective fundamental information about people events and other topics related to antisemitism These entries cite works for further reading and provide cross references to related topics An annotated bibliography cites and evaluates some of the most important resources on antisemitism suitable for student research      **Nazi Antisemitism and Jewish Legal Self-Defense** David Fraser, 2023-09-01 One of the first to provide a socio legal comparative history of under studied or ignored Jewish attempts in the 1930s Anglosphere to counter the rise in fascist and Nazi antisemitism this book examines the ways in which Jewish individuals and organized communal bodies in the mid to late 1930s sought to counter this increasing antisemitic violence physical and verbal by using the law against their fascist and Nazi attackers This is the first study to explore how Jews in these countries organized themselves brought their oppressors to court while seeking to convince their governments that an attack on Jews was a threat to the social order The book analyzes the networks of knowledge and the personal relationships between and among key actors and institutions of the Antisemitic International Nazi nationalists always participated in networks that transcended borders Case studies from Canada South Africa the United Kingdom and the United States illustrate the ways in which different mechanisms of Jewish resistance were deployed throughout the mid to late 1930s They embody significant concerns about the turn to law and the importance of litigation and legislation Grounded in original archival research on three continents the book examines the ways in which professional legal discourse about public order and democratic citizenship proffered by

Jewish communities and individual Jews was countered by their Nazi opponents with legal and political arguments about truth persecution and Jewish perfidy The book will be of interest to students academics and researchers working in the areas of Legal History History Jewish Studies the study of Antisemitism and the History of the far right fascism and Nazism

**Encyclopedia of Right-Wing Extremism in Modern American History** Stephen E. Atkins,2011-09-13 This encyclopedia covers American right wing extremist groups and extremism from the 1930s to the present day including neo Nazis the Ku Klux Klan and various anti government organizations Right wing extremism in America has had an established presence from the 1930s through the present day The election of America s first African American president and the resuscitation of big government policymaking have stimulated a reaction from and a reemergence of right wing extremists Neo Nazis racist skinheads and white supremacists Unfortunately it seems Americans are still living in an age of extremism The Encyclopedia of Right Wing Extremism in Modern American History provides useful authoritative information about these groups and their histories covering conservative extremism from the 1930s onward such as white supremacist groups and neo Nazis Christian Identity and other right wing religious movements and anti American government extremists An introductory overview insightful conclusion chapter and useful up to date bibliography are also included *Hitler's American Friends* Bradley W. Hart,2018-10-02 A book examining the strange terrain of Nazi sympathizers nonintervention campaigners and other voices in America who advocated on behalf of Nazi Germany in the years before World War II Americans who remember World War II reminisce about how it brought the country together The less popular truth behind this warm nostalgia until the attack on Pearl Harbor America was deeply dangerously divided Bradley W Hart s *Hitler s American Friends* exposes the homegrown antagonists who sought to protect and promote Hitler leave Europeans and especially European Jews to fend for themselves and elevate the Nazi regime Some of these friends were Americans of German heritage who joined the Bund whose leadership dreamed of installing a stateside F hrer Some were as bizarre and hair raising as the Silver Shirt Legion run by an eccentric who claimed that Hitler fulfilled a religious prophesy Some were Midwestern Catholics like Father Charles Coughlin an early right wing radio star who broadcast anti Semitic tirades They were even members of Congress who used their franking privilege sending mail at cost to American taxpayers to distribute German propaganda And celebrity pilot Charles Lindbergh ended up speaking for them all at the America First Committee We try to tell ourselves it couldn t happen here but Americans are not immune to the lure of fascism Hitler s *American Friends* is a powerful look at how the forces of evil manipulate ordinary people how we stepped back from the ledge and the disturbing ease with which we could return to it [Fascism Comes to America](#) Bruce Kuklick,2022-11-22 A deeply relevant look at what fascism means to Americans From the time Mussolini took power in Italy in 1922 Americans have been obsessed with and brooded over the meaning of fascism and how it might migrate to the United States *Fascism Comes to America* examines how we have viewed fascism overseas and its implications for our own country Bruce Kuklick explores the rhetoric

of politicians who have used the language of fascism to smear opponents and he looks at the discussions of pundits the analyses of academics and the displays of fascism in popular culture including fiction radio TV theater and film Kuklick argues that fascism has little informational meaning in the United States but instead it is used to denigrate or insult For example every political position has been besmirched as fascist As a result the term does not describe a phenomenon so much as it denounces what one does not like Finally in displaying fascism for most Americans entertainment and most importantly film has been crucial in conveying to citizens what fascism is about *Fascism Comes to America* has been enhanced by many illustrations that exhibit how fascism was absorbed into the US public consciousness **Freethinkers**

Susan Jacoby, 2005-01-07 An authoritative history of the vital role of secularist thinkers and activists in the United States from a writer of fierce intelligence and nimble unfettered imagination *The New York Times* At a time when the separation of church and state is under attack as never before *Freethinkers* offers a powerful defense of the secularist heritage that gave Americans the first government in the world founded not on the authority of religion but on the bedrock of human reason In impassioned elegant prose celebrated author Susan Jacoby paints a striking portrait of more than two hundred years of secularist activism beginning with the fierce debate over the omission of God from the Constitution Moving from nineteenth century abolitionism and suffragism through the twentieth century s civil liberties civil rights and feminist movements *Freethinkers* illuminates the neglected accomplishments of secularists who allied with liberal and tolerant religious believers have stood at the forefront of the battle for reforms opposed by reactionary forces in the past and today Rich with such iconic figures as Thomas Jefferson Abraham Lincoln Elizabeth Cady Stanton and Clarence Darrow as well as once famous secularists such as Robert Green Ingersoll the Great Agnostic *Freethinkers* restores to history generations of dedicated humanists It is they Jacoby shows who have led the struggle to uphold the combination of secular government and religious liberty that is the glory of the American system **The Politics of Unreason** Lars Rensmann, 2017-07-25

The first systematic analysis of the Frankfurt School s research and theorizing on modern antisemitism Although the Frankfurt School represents one of the most influential intellectual traditions of the twentieth century its multifaceted work on modern antisemitism has so far largely been neglected *The Politics of Unreason* fills this gap providing the first systematic study of the Frankfurt School s philosophical psychological political and social research and theorizing on the problem of antisemitism Examining the full range of these critical theorists contributions from major studies and prominent essays to seemingly marginal pieces and aphorisms Lars Rensmann reconstructs how the Frankfurt School faced with the catastrophe of the genocide against the European Jews explains forms and causes of anti Jewish politics of hate The book also pays special attention to research on coded and secondary antisemitism after the Holocaust and how resentments are politically mobilized under conditions of democracy By revisiting and rereading the Frankfurt School s original work this book challenges several misperceptions about critical theory s research making the case that it provides an important source to better understand the

social origins and politics of antisemitism racism and hate speech in the modern world The Frankfurt School's analysis of antisemitism pathbreaking in so many respects has been a curiously neglected aspect of its legacy In his lucid and insightful book Lars Rensmann helps to remedy this gap in critical theory's reception history Thereby he has produced a pioneering study demonstrating convincingly how the theoretical and methodological framework developed by Adorno Horkheimer et al remains in many respects more relevant than ever Richard Wolin author of *The Frankfurt School Revisited And Other Essays on Politics and Society* The Politics of Unreason is fascinating and richly written Rensmann digs deeply into critical theory and its arguments These arguments are spelled out in detail and with precision He gives real insights into how critical theory approaches the whole issue of hate and unreason and what critical theory develops as a critique of unreason and its pathological consequences James M Glass coeditor of *Re Imagining Public Space The Frankfurt School in the 21st Century*

*Radio's Civic Ambition* David Goodman, 2011-04-12 In its golden age American radio both entertained and also fostered programs meant to produce self governing and opinion forming individuals promoting openness to change and tolerance of diversity familiarity with classical music and knowledge of world affairs As author David Goodman argues the ambitions of radio's golden age have strong significance today as evidence that media regulation in the public interest can have significant and often positive effects

**Imagining Judeo-Christian America** K. Healan Gaston, 2019-11-13 Judeo Christian is a remarkably easy term to look right through Judaism and Christianity obviously share tenets texts and beliefs that have strongly influenced American democracy In this ambitious book however K Healan Gaston challenges the myth of a monolithic Judeo Christian America She demonstrates that the idea is not only a recent and deliberate construct but also a potentially dangerous one From the time of its widespread adoption in the 1930s the ostensible inclusiveness of Judeo Christian terminology concealed efforts to promote particular conceptions of religion secularism and politics Gaston also shows that this new language originally rooted in arguments over the nature of democracy that intensified in the early Cold War years later became a marker in the culture wars that continue today She argues that the debate on what constituted Judeo Christian and American identity has shaped the country's religious and political culture much more extensively than previously recognized

**Up from Conservatism** Michael Lind, 2013-08-06 For nearly a decade Michael Lind worked closely as a writer and editor with the intellectual leaders of American conservatism Slowly he came to believe that the many prominent intellectuals he worked with were not the leaders of the conservative movement but the followers and apologists for an increasingly divisive and reactionary political strategy orchestrated by the Republican party Lind's disillusionment led to a very public break with his former colleagues on the right as he attacked the Reverend Pat Robertson for using anti Semitic sources in his writings In *Up From Conservatism* this former rising star of the right reveals what he believes to be the disturbing truth about the hidden economic agenda of the conservative elite The Republican capture of the U S Congress in 1994 did not represent the conversion of the American public to conservative ideology Rather it marked the success of the

thirty year old southern strategy begun by Barry Goldwater and Richard Nixon From the Civil War to the civil rights revolution the southern elite combined a low wage low tax strategy for economic development with a politics of demagoguery based on race baiting and Bible thumping Now Lind maintains the economic elite that controls the Republican party is following a similar strategy on a national scale using their power to shift the tax burden from the rich to the middle class while redistributing wealth upward To divert attention from their favoritism toward the rich conservatives play up the culture war channeling popular anger about falling real wages and living standards away from Wall Street and focusing it instead on the black poor and nonwhite immigrants The United States Lind concludes could use a genuine one nation conservatism that seeks to promote the interests of the middle class and the poor as well as the rich But today s elitist conservatism poses a clear and present danger to the American middle class and the American republic     *The Ubiquitous Presidency* Joshua M. Scacco, Kevin Coe, 2021 American democracy is in a period of striking tumult The clash of a rapidly changing socio technological environment and the traditional presidency has led to an upheaval in the scope and standards of executive leadership Yet research on the presidency although abundant has been slow to adjust to changing realities associated with digital technologies diverse audiences and new elite practices Meanwhile journalists and the public continue to encounter and shape emerging presidential efforts in deeply consequential ways Joshua Scacco and Kevin Coe bring needed insight to this complex situation by offering the first comprehensive framework for understanding contemporary presidential communication in relation to the current socio technological environment They call this framework the ubiquitous presidency Scacco and Coe argue that presidents harness new opportunities in the media environment to create a nearly constant and highly visible presence in political and nonpolitical arenas They do this by trying to achieve longstanding presidential goals namely visibility adaptation and control However in an environment where accessibility personalization and pluralism are omnipresent considerations the strategies presidents use to achieve these goals are very different from what we once knew Using this novel framework as a conceptual anchor *The Ubiquitous Presidency* undertakes one of the most expansive analyses of presidential communication to date Scacco and Coe employ a wide variety of approaches ranging from surveys and survey experiments to large scale automated content and network analyses to qualitative textual analysis to uncover new aspects of the intricate relationship between the president news media and the public Focusing on the presidency since Ronald Reagan and devoting particular attention to the cases of Barack Obama and Donald Trump the book uncovers remarkable shifts in communication that test the institution of the presidency and consequently democratic governance itself

Radio's America Bruce Lenthall, 2008-11-15 Orson Welles s greatest breakthrough into the popular consciousness occurred in 1938 three years before *Citizen Kane* when his War of the Worlds radio broadcast succeeded so spectacularly that terrified listeners believed they were hearing a genuine report of an alien invasion a landmark in the history of radio s powerful relationship with its audience In *Radio's America* Bruce Lenthall documents the enormous impact radio had on the

lives of Depression era Americans and charts the formative years of our modern mass culture Many Americans became alienated from their government and economy in the twentieth century and Lenthall explains that radio s appeal came from its capability to personalize an increasingly impersonal public arena His depictions of such figures as proto Fascist Charles Coughlin and medical quack John Brinkley offer penetrating insight into radio s use as a persuasive tool and Lenthall s book is unique in its exploration of how ordinary Americans made radio a part of their lives Television inherited radio s cultural role and as the voting tallies for American Idol attest broadcasting continues to occupy a powerfully intimate place in American life Radio s America reveals how the connections between power and mass media began

**American Dissidents**

Kathlyn Gay,2011-12-12 Anarchists civil rights advocates dissidents and political pundits have all played key roles in shaping our nation Examining modern day individuals like WikiLeaks Bradley Manning and conservative video prankster James O Keefe as well as those of prior decades like Cesar Chavez this book profiles controversial figures across history The two volume American Dissidents An Encyclopedia of Activists Subversives and Prisoners of Conscience is a work that is as interesting as it is important spotlighting men and women who are heroes to some outlaws and villains to others The 150 individuals profiled in this encyclopedia represent diverse ethnic racial and religious backgrounds as well as various movements and ideologies They are authors anarchists civil rights advocates communists entertainers environmentalists government officials labor organizers libertarians military personnel pacifists political activists from the left and right religious leaders and suffragettes all of whom have labored to change the social economic and political landscapes of the United States Each of the profiles of 2 000 words or more offers not only biographical data but also information to help readers place the individuals within the context of events that surrounded and influenced their activities Because objectivity is a key consideration of the work entries include both praise and criticism

Editor for Justice Alexander S. Leidholdt,2002-05-01 From his assumption of the Norfolk Virginian Pilot s editorial helm in 1919 until his death in 1950 Louis Isaac Jaff served as one of the South s leading and most respected liberal journalists Prejudice he faced as a Jew created in him an abiding empathy with the downtrodden and his World War I military service and subsequent Red Cross work deepened his sensitivity to injustice Alexander Leidholdt s new biography maps the battlefield of intolerance and civil rights violations on which Jaff fired his journalistic salvos and explores the complexities of a man who was poised to become a national spokesman for a better South Jaff worked ceaselessly to advance racial understanding successfully lobbying locally for black parks and beaches black police and a black college A high point of Leidholdt s book is the account of Jaff s attacks on mob justice a stirring record of one writer s response to what he saw as inexcusable moral sluggishness in civil authorities For his campaign urging Virginia lawmakers to adopt stiff antilynching legislation he earned the 1929 Pulitzer Prize for distinguished editorial writing Achieving a poignant balance between Jaff s significant professional accomplishments and the private pains he bore including anti-Semitism a mentally unstable wife and an estranged son this superb study demonstrates

how Jaff's difficulties limited him as an active liberal reformer but also fueled his prescient and impassioned warnings against Hitler's rise to power in the early thirties Drawing extensively from primary source material much of it previously unexamined Editor for Justice makes an important contribution to journalism and to southern Jewish and black history Readers will treasure the depiction of an extraordinary champion of human rights      **Democracy for Hire** Dennis W. Johnson, 2017 This book is a history of political consulting in America examining how the consulting business developed highlighting the major figures in the consulting industry and assessing the impact of professional consulting on elections and American democracy A key focus is on presidential elections beginning in 1964 and the important role played by consultants and political operatives
