The first teacher to bring Islamic mysticism to the West presents music's divine nature and its connection to our daily lives in this poetic classic of Sufi literature. Music according to Sufi teaching is really a small expression of the overwhelming and perfect harmony of the whole universe and that is the secret of its amazing power to move us. The Indian Sufi master Hazrat Inayat Khan 1882-1927, the first teacher to bring the Islamic mystical tradition to the West, was an accomplished musician himself. His lucid exposition of music's divine nature has become a modern classic beloved not only by those interested in Sufism but by musicians of all kinds.      **NAD** Sandeep Bagchee, 1998. It is aimed at the serious listener that is someone who may not have had any formal lessons himself in this performing art but who nevertheless has picked up an initial interest in listening to classical music and is therefore seeking to know more about its underlying structure, system and traditions. By explaining in a straightforward and extremely readable style the basic features of Indian music, how time and melody are structured, the main principles of *raga* delineation and development and the various genres and styles of vocal as well as instrumental performances, the book aims to enhance the serious listener's understanding of Hindustani music and heighten his appreciation of this art form.
