work in both academic and clinical counseling has focused on forgiveness and what precisely it means We now know forgiveness offers both physical and psychological benefits Yet despite all this exploration most Christians are far from having a clear consistent theologically informed definition Bryan Maier wants this conceptual ambiguity to end especially for the pastor or counselor sitting across from a hurting person seeking immediate practical help The Christian counselor needs to be able to walk the client through the question Can forgiveness coexist with justice To this end Maier examines current popular models of forgiveness considering where they merge and diverge and what merits each type of forgiveness has He then delves directly into Scripture to discover the original model of God's forgiveness to humankind From there he builds a new construct of human forgiveness with practical guidance to help those in counseling understand the concept theologically In doing so he demonstrates that our understanding that forgiveness leads to healing is inverted being whole leads to true forgiveness not the other way around Forgiveness and Justice is extremely useful for any practitioner needing to form a useful theologically sound understanding of forgiveness for those who come for help

women and of men In May's view the key to solving many problems is to understand how individual actions may combine to produce large scale harmful consequences May is eager to reconceptualize male roles in ways that build on men's strength rather than rendering them androgynous Each chapter in his book suggests strategies to effect changes based on May's views on the nature of moral responsibility Examining separatism and the socialization of youth in athletics and the military specifically at Virginia Military Institute and the Citadel May analyzes the moral implications of the way all male environments are constructed Rejecting the standard arguments for them he speculates about the positive ways they might be used to transform the socialization of young men
