

# Ragtime and Early Jazz

During the Progressive Era, from 1896 to 1914, new kinds of American music emerged that changed the way people enjoyed and played music. Two important styles from this time are **ragtime** and early **jazz**. These styles were exciting and different from the traditional music people were used to, and they became very popular across the United States.

## Ragtime

Scott Joplin achieved fame for his ragtime compositions and was dubbed the "King of Ragtime" by contemporaries. His "Maple Leaf Rag" is one of the most famous rags.

Ragtime music started in the late 1890s and became really popular by the early 1900s. It is a type of music that combines African American musical styles with European classical music. The name "ragtime" comes from the "ragged" or syncopated/shifted rhythm that makes the music lively and fun to listen to.

### Key Features of Ragtime

- **Syncopation:** This is when the rhythm has unexpected beats, making the music feel bouncy and energetic.
- **Piano:** Ragtime music is usually played on the piano, with the left hand playing a steady beat and the right hand playing the syncopated melody.

- **Composer:** One of the most famous ragtime composers is Scott Joplin. He wrote many well-known pieces, including "The Entertainer" and "Maple Leaf Rag."
