

Life's Railway to Heaven

Eliza R. Snow & M. E. Abbey, 19th Century

Charles Davis Tillman, 1891

1 Life is the ever-flowing river, and we are its ever-flowing waters.
2 You will not be quenched in the sea, nor will you be dried up in the desert.
3 You will be as the living water, and you will be as the living water.
4 For you will be as the living water, and you will be as the living water.

make the river of life, and you will be as the living water.
You will be as the living water, and you will be as the living water.
You will be as the living water, and you will be as the living water.
You will be as the living water, and you will be as the living water.

changes in legislation that have been implemented since the publication of the second edition in 2001. It considers the effect of the statutory disciplinary dismissal and grievance procedures in redundancy dismissals following the Employment Act 2002 along with the impact of the Information and Consultation of Employees Regulations 2004 and the Employment Equality Age Regulations 2006. It analyzes the wealth of recent case law particularly with reference to the changes to employer obligations arising from the decision in *UK Coal Mining Ltd v NUM* [2007] EAT and the new rules on collective consultation following *Junk v K hnel* and *Susie Radin Ltd v GMB*. Including extensive appendices, charts, specimen letters and forms, *Redundancy: The Law and Practice* is an invaluable reference for any practitioner working in the area of employment law. **An Exposition of Benevolence** Sitong Tan, 1984 *Train Tracks* Gayle Letherby, Gillian Reynolds, 2020-08-25

This book provides an in-depth exploration of trains and train travel. Letherby and Reynolds have conducted extensive research with all those concerned with trains, from leisure travelers and enthusiasts to railway workers and commuters. Overturning conventional wisdom, they show that the train has a social life in and of itself and is not simply a way to get from A to B. The book also looks at the depiction of train travel through cultural media such as music, films, books, and art. The authors consider the personal politics of train travel and political discussion surrounding the railways as well as the relationship trains have to leisure and work. The media often paints a gloomy picture of the railways, and there is a general view that the romance of train travel ended with the steam locomotive. Letherby and Reynolds show that this is far from the case.
