Rolt,1960      *The Revolution of 1905* Abraham Ascher,2004 This is a concise history of the Revolution of 1905 a critical juncture in the history of Russia when several possible paths were opened up for the country By the end of that year virtually every social group had become active in the opposition to the autocracy which was on the verge of collapse Only the promise of reform in particular the formation of a parliament Duma that would participate in governing the country enabled the old order to survive For some eighteen months the opposition and the Tsarist regime continued to struggle for supremacy and only in June 1907 did the government reassert its authority It drastically changed the relatively liberal electoral law depriving many citizens of the vote Although the revolution was now over some institutional changes remained intact Most notably Russia retained an elected legislature and political parties speaking for various social and economic interests As a result the autocratic system of rule was undermined and the fate of the political and social order remained uncertain      **Blood & Laughter** David King,Cathy Porter,1983      **The Russian Revolution of 1905 [engl.]**.
