Public Administration **Terror in the Balkans** Ben Shepherd, 2012-04-13 Germany's 1941 seizure of Yugoslavia led to an insurgency as bloody as any in World War II. The Wehrmacht waged a brutal counter-insurgency campaign in response and by 1943 German troops in Yugoslavia were engaged in operations that ranked among the largest of the entire European war. Their actions encompassed massive reprisal shootings, the destruction of entire villages and huge mobile operations unleashed not just against insurgents but also against the civilian population believed to be aiding them. **Terror in the Balkans** explores the reasons behind the Wehrmacht's extreme security measures in southern and eastern Europe. Ben Shepherd focuses his study not on the high-ranking generals who oversaw the campaign but on lower-level units and their officers, a disproportionate number of whom were of Austrian origin. He uses Austro-Hungarian army records to consider how the personal experiences of many Austrian officers during the Great War played a role in brutalizing their behavior in Yugoslavia. A comparison of Wehrmacht counter-insurgency divisions allows Shepherd to analyze how a range of mid-level commanders and their units conducted themselves in different parts of Yugoslavia and why. Shepherd concludes that the Wehrmacht campaign's violence was driven not just by National Socialist ideology but also by experience of the fratricidal infighting of Yugoslavia's ethnic groups, by conditions on the ground and by doctrines that had shaped the military mindsets of both Germany and Austria since the late nineteenth century. He also considers why different Wehrmacht units exhibited different degrees of ruthlessness and restraint during the campaign.

The World's Cyclopedia of History, 1883 Rain of Terror Malcolm Douglas, 1955 **Youth**, 1922 Goodbye to Urdu Ali Daniel, 2020-10-14 Dreams that come true hurt us most in the future. People are not afraid to go to hell because they've already been through a hell here. A preacher tries to put fear of graves in their hearts in graphic detail but they mock him. Nothing new, they are so used to it. Visceral fear in real life. The story of a boy who grapples with the death of his father. He tries to find the answers in the life passed in his village in the soft light of the night and the brutal sunlight of the day. It is not only the loss of childhood dreams but also the language spoken in them. Slowly and surely he watches a ghetto surreptitiously encroaching upon his family and community. There a bird refuses to recognize another bird. Exiled there with the same seasons, now ruthless and relentlessly painful, he confuses the cries of the birds with the cries of the children. It's just not the fear for himself but the fear for generations to come. What will happen to them? People have a different criterion for buying homes there. They look for a place where they will not be attacked at night.

The History and Character of Calvinism John Thomas McNeill, 1923 This is a masterful historical portrait of the whole movement of Calvinism for general readers and scholars alike.
