Rainbow Over Crossroads Jay Joslin, 2005-01-01 Poet wordsmith and storyteller Jay Joslin continues his journey of awe passion and absurdity in this his second collection With a troubadour's spirit and a daring verve he makes metaphorical play with the quintessential signs and portents which remind us that we are indeed on a planet and are very fortunate to exist at all astronomically speaking

The Evangelical Church at the Crossroads of Secular Culture and Change Dr. Arnold O. Thompson, 2025-03-28 This book lays out in clear biblical and specific ways how the kingdom of God can effectively intersect with the kingdom of this world The author first laid out the dark forces in the churches engagement in the so called cultural wars like storm force winds blowing at the doors of the church to influence its message change its historical methods corrupt its mission It identifies the crises in all three areas The author contends that by and large the so called cultural wars waged by sections of the evangelical church have been lost in the real mission of the Christian church The book does not linger long here but rigorously lays out the biblical mandate and methods for the church to regain its purpose and mission of Christ in the world This is the goal of this book From the start the author understood this was an extensive undertaking to stand like John on the island of Patmos looking at visions of the modern church and to write a manifesto as if to say for God I see you I see what a large and influential segment of the church is doing which I contend is hurting the cause of Christ and His Gospel today But also to say that I see what is needed to again influence the culture to turn to Christ To give as did John a clear voice to defy the confusions and uncertainties and communicate effectively the Gospel of Christ to a lost world This goal would seem impossible to see a revival of the Gospel in secular culture like the great revivals of the past Except the ancient prophets said as did Peter in the revival of Pentecost In the last days God says I will pour out my Spirit on all people Your sons and daughters will prophesy your young men will see visions your old men will dream dreams Acts 2:17 This book is a dream path to the reality of a revival of the Gospel in our times

Is Oedipus Online? Jerry Aline Flieger, 2005-05-06 Psychoanalysis as a navigation device for the cultural maze of the twenty first century Can Freud be updated in the twenty first century or is he a venerated but outmoded genius asks Jerry Aline Flieger In *Is Oedipus Online* Flieger stages an encounter between psychoanalysis and the new century testing the viability of Freud's theories in light of the emergent realities of our time Responding to prominent critics of psychoanalysis and approaching our current preoccupations from a Freudian angle she presents a reading of Freudian

theory that coincides with and even clarifies new concepts in science and culture Fractals emergence topological modeling and other nonlinearities for example can be understood in light of both Freud's idea of the symptom as a nodal point and Lacan's concept of networks rather than sequential cause and effect that link psychic realities At the same time Flieger suggests how emerging paradigms in science and culture may elucidate Freud's cultural theory Like Slavoj Žižek editor of the Short Circuits series Flieger shifts effortlessly from field to field discussing psychoanalysis millennial culture nonlinear science and the landscape of cyberspace In the first half of the book *Re-siting Oedipus* she draws on the work of Lyotard Žižek Deleuze Virilio Baudrillard Haraway and others to refute the assumption of Freud's outdatedness in the new century Then in *Freud Sitings in Millennial Theory* she recasts oedipal theory siting sighting citing Freud in a twenty first century context Thinking of Oedipus decipherer of enigmas wanderer as a navigator or search engine allows us to see psychoanalysis as a navigation device for the cultural maze of the bimillennial era and Oedipus himself as a circuit of intersubjective processes by which we become human For humanity still needed in the posthuman century is at the core of Freud's theory Reading Freud today Flieger writes reminds us of the complications of the Sphinx's riddle the enigma that Oedipus only thought he solved the question of what it is to be human Psychoanalysis continues to pose that question at the crossroads between instincts and their vicissitudes

American Dream, American Nightmare Kathryn Hume, 2022-08-15 In this celebration of contemporary American fiction Kathryn Hume explores how estrangement from America has shaped the fiction of a literary generation which she calls the Generation of the Lost Dream In breaking down the divisions among standard categories of race religion ethnicity and gender Hume identifies shared core concerns values and techniques among seemingly disparate and unconnected writers including T Coraghessan Boyle Ralph Ellison Russell Banks Gloria Naylor Tim O'Brien Maxine Hong Kingston Walker Percy N Scott Momaday John Updike Toni Morrison William Kennedy Julia Alvarez Thomas Pynchon Leslie Marmon Silko and Don DeLillo Hume explores fictional treatments of the slippage in the immigrant

experience between America's promise and its reality. She exposes the political link between contemporary stories of lost innocence and liberalism's inadequacies. She also invites us to look at the literary challenge to scientific materialism in various searches for a spiritual dimension in life. The expansive future promised by the American Dream has been replaced by a sense of tarnished morality and a melancholy loss of faith in America's exceptionalism. *American Dream American Nightmare* examines the differing critiques of America embedded in nearly a hundred novels and points to the source for recovery that appeals to many of the authors.

Revolution in the Air Max Elbaum, 2018-04-10 The first in-depth study of the long march of the US New Left after 1968. The sixties were a time when radical movements learned to embrace twentieth-century Marxism. *Revolution in the Air* is the definitive study of this turning point and examines what the resistance of today can learn from the legacies of Lenin, Mao, and Che. It tells the story of the new communist movement, which was the most racially integrated and fast-growing movement on the Left. Thousands of young activists radicalized by the Vietnam War and Black Liberation and spurred on by the Puerto Rican, Chicano, and Asian American movements embraced a Third World-oriented version of Marxism. These admirers of Mao, Che, and Amílcar Cabral organized resistance to the Republican majorities of Nixon and Ford. By the 1980s, these groups had either collapsed or become tiny shards of the dream of a Maoist world revolution. Taking issue with the idea of a division between an early good sixties and a later bad sixties, Max Elbaum is particularly concerned to reclaim the lessons of the new communist movement for today's activists who, like their sixties predecessors, are coming of age at a time when the Left lacks mass support and is fragmented along racial lines. With a new foreword by Alicia Garza, cofounder of BlackLivesMatter.

The Breaking of the Seventh Seal Grzegorz Kalbermatten, 2018-12-13 An action-packed fantasy about the Avasthas, a race that vanished ten thousand years ago and their reappearance in these times. The returned Avasthas must solve the riddles of the blue and yellow feathers in order to progress from the Outer World of human interactions to the Inner World of spiritual endowment and powers. It is only when this knowledge is readily available to all that the Devil's plot will be defeated on earth and the Great Schism of man's split identity will be overcome.
