Development in Asia Derrick M. Nault, 2008 Development is one of the most ubiquitous yet least understood concepts of our age It is something all governments claim to be engaged in and is considered desirable by scholars activists policymakers and laypeople alike Yet it is also a highly contested term For some development is simply a matter of economic growth Others maintain that it must entail improving life expectancy literacy education levels and access to resources Others yet disillusioned by the results of development initiatives have rejected development altogether equating it with a self serving aid industry that entraps the poor in a vicious cycle of dependency Still critics argue these post development theorists merely replicate earlier doctrines of development and have themselves become part of the problem they wish to transcend This book a collection of works by scholars of development examines the theory and practice of development and its implications and varied meanings in Asian contexts It attempts to understand development both in its objective and constructivist senses That is it examines how societies and nations have developed over time and how leaders experts and governments have attempted to shape these same societies and nations It also analyzes development in civil society and how non state actors have conceived participated in and been affected by the process Has true development been occurring in Asia Is it possible to direct development How are real people affected by development Should the concept of development be retained or discarded These are a few key

questions covered in this book Southeast Asia's Credit Revolution Aditya Goenka, David Henley, 2013-09-05 The last twenty years have seen a transformation in the availability and use of credit among the less prosperous strata of Southeast Asian societies Drawing on experiences from across the whole region this book explores this important development focusing especially on the modern or formal part of the microfinance sector **Asia's Giants** E. Friedman, B. Gilley, 2005-12-01 This edited volume reconsiders the conventional wisdom which argues that comparative performance in economic social political as well as diplomatic arenas of China has been superior to that of India The book brings together new paradigms for evaluating the comparative performance of two countries Essays show that if not outright wrong conventional wisdom has proven to be overly simplified The book brings out the complexity and richness of the India China comparison **Rural Livelihoods in China** Heather Xiaoquan Zhang, 2015-03-27 In recent decades China has undergone rapid economic growth industrialisation and urbanisation concomitant with deep and extensive structural and social change profoundly reshaping the country's development landscape and urban rural relationships This book applies livelihoods approaches to deepen our understanding of the changes and continuities related to rural livelihoods within the wider context of political economy of development in post socialist China bridging the urban and rural scenarios and probing the local national and global dynamics that have impacted on livelihood in particular its mobility security and sustainability Presenting theoretically informed and empirically grounded research by leading scholars from across the world this book offers multidisciplinary perspectives on issues central to rural livelihoods development welfare and well being It documents and analyses the processes and consequences of change focusing on social protection of mobile livelihoods particularly rural migrants citizenship rights in the city and the environmental social and political aspects of sustainability in the countryside This book contributes to the current scholarly and policy debates and is among the first attempts to critically reflect on China's market transition and the associated pathways to change It will be of interest to students in international development studies China studies social policy public health political science and environmental studies at undergraduate and postgraduate levels as well as academics policy makers and practitioners who are concerned with China's human and social development in general and agriculture and rural livelihoods in particular **Handbook of Agricultural Economics** Robert E. Evenson, Prabhu Pingali, 2007-06-28 Volume 3 of this series of the Handbooks in Economics follows on from the previous two volumes by focusing on the fundamental concepts of agricultural economics The first part of the volume examines the developments in human resources and technology mastery The second part follows on by considering the processes and impact of invention and innovation in this field The effects of market forces are examined in the third part and the volume concludes by analysing the economics of our changing natural resources including the past effects of climate change Overall this volume forms a comprehensive and accessible survey of the field of agricultural economics and is recommended reading for anyone with an interest either academic or professional in this area Part of the renowned Handbooks in Economics series Contributors are

The Microfinance Revolution Marguerite S. Robinson, 2002 Microfinance is the method whereby financial services and credit is made available to the economically active but low income people of developing countries This book focusses on three key aspects of the phenomenon 1 the shift from government and donor subsidized credit delivery systems to self sufficient sustainable microfinance institutions 2 the results on the ground on the way in which microfinance helps people expand and diversify their enterprises increase their incomes raise their living standards and those of their families and boost their self confidence 3 the theoretical frameworks that had previously impeded the microfinance revolution with suggestions for their improvement

New Directions for Smallholder Agriculture Peter B. R. Hazell, Atiqur Rahman, 2014-03-06 The majority of the poor and hungry people in the world live on small farms and struggle to subsist on too little land with low input low yield technologies At the same time many other smallholders are successfully intensifying and succeeding as farm businesses often in combination with diversification into off farm sources of income This book examines the growing divergence between subsistence and business oriented small farms and discusses how this divergence has been impacted by population growth trends in farm size distribution urbanization off farm income diversification and the globalization of agricultural value chains It finds that policy makers need to differentiate more sharply between different types of small farms than they did in the past both in terms of their potential contributions towards achieving national economic growth poverty alleviation and food security goals and the types of assistance they need The book distinguishes between smallholders that are business oriented subsistence oriented and at various stages of transition to the non farm economy and discusses strategies appropriate for assisting each type The book draws on a wealth of recent experience at IFAD and elsewhere to help identify best practice approaches

Impact of Smallholders' Access to Land and Credit Markets on Technology

Adoption and Land Use Decisions Nunung Nuryartono,2005 Rural Asia Asian Development Bank,2000 An economic transformation has occurred in much of rural Asia during the last 2 decades Large parts of the region have made remarkable progress with substantial gains in food security per capita income quality of life and poverty reduction Yet rural Asia remains home to 700 million people living in poverty many of whom have no access to safe water and sanitation To explore new opportunities and challenges facing rural society in Asia a study of rural Asia was undertaken by ADB The main results and recommendations contained in the five volumes have been included in the overview and should prove useful to those concerned with improving the economic and social conditions of rural populations in Asia through sustainable development
