War and Enlightenment in Russia explores how members of the military during the reign of Catherine II reconciled Enlightenment ideas about the equality and moral worth of all humans with the Russian reality based on serfdom a world governed by autocracy absolute respect for authority and subordination to seniority While there is a sizable literature about the impact of the Enlightenment on government economy manners and literature in Russia no analytical framework that outlines its impact on the military exists Eugene Miakinkov's research addresses this gap and challenges the assumption that the military was an unadaptable and vertical institution Using archival sources military manuals essays memoirs and letters the author demonstrates how the Russian militaires philosophes operationalized the Enlightenment by turning thought into reality

Russia's Turkish Wars examines the changing place of the Balkan population in Russian military thought strategic planning and occupation policies It reveals choices made by the tsarist strategists and commanders during the Russian Ottoman wars reflecting a general reconceptualization of the role of the people in modern warfare that took place during the nineteenth century The book explores the tsarist military's engagement with the population of the Balkans in the wake of the French Revolution and the Napoleonic Wars It draws on previously unpublished materials from Russian archives as well as a broad range of published primary sources Victor Taki recounts the discussions among Russian military men and the international relations of the nineteenth century Russia's Turkish Wars ultimately provides a new perspective on both military change and Imperial Russia's Balkan entanglements

British Perspectives of Russia in the Age of Enlightenment Mark David Byard, 2009

A Century Mad and Wise. Russia in the Age of the Enlightenment. Papers from the IX International Conference of the Study Group on Eighteenth-century Russia, Leuven 2014, 2015

No you will not be forgot century
crazy and wise
O Cursed forever and yet ever the wonder of all
O Blood your nativity fouled thunder of war at your wake
O Bloody descend to the grave
O But look rising upwards two cliffs ascending amidst bloody streams
O Peter and Catherine yes
Eternity's children and Russia's
O Darkness is all in the past
sunshine predicts happy days
Shining the way with the light
mirrored off their rocky bluffs
O These lines taken from Aleksandr Radishchev's poem The Eighteenth Century 1801 2
depicted that age as a century mad and wise a time of Enlightenment and bloodshed creation and destruction progress and retrogress
Its very form an attempt to reproduce the classical elegiac distich suggested both Romantic innovation and Classical authenticity
O These lines also furnish the title of this volume on Russia in the Age of the Enlightenment Papers from the IX International Conference of the Study Group on Eighteenth Century Russia which was held in July 2014 at the Catholic University of Leuven in Belgium

Russia the United Kingdom and the United States gathered to present their findings which cover a spectrum of issues that span the age of Peter Catherine and Alexander These include studies of literature opera folk prints gastronomy trade and economics sociology jurisprudence diplomacy travel and exploration religious imperial and Masonic discourse painting and art collecting and popular entertainments As Radishchev's poem suggested they describe an age of both wonders and contrasts ingenuity and mysticism initiations and failures

Provincial Russia in the Age of Enlightenment Дмитрий Иванович Ростиславов, 2002 The memoir of Dmitrii Ivanovich Rostislavov a mathematician teacher and social critic offers a rare firsthand view of provincial Russia in the late eighteenth and early nineteenth centuries Translated into English for the first time these extraordinary observations reveal much about daily village life and the cultural milieu of the time An acute observer Rostislavov discusses social and ethnic relationships as well as matters pertaining to education law enforcement religious practice and folk beliefs Rostislavov's account of his own education is a harrowing description of coming of age in a Darwinian world of violence and cruelty Coarse impoverished schoolboys brutal and corrupt teachers and callous landlords formed a harsh environment characterized by sadistic corporal punishment and bitter class hatreds Various humorous elegiac and passionate his narrative shows why even those from relatively privileged backgrounds came to detest the authoritarian order of the old regime In a probing analysis of the Russian national order Rostislavov found the twin evils facing Russia to be the coarseness of traditional society and the authoritarianism and corruption of the regime and its representatives Russia's hope for the future he believed lay with cultural changes that would ultimately raise the society's moral level Illustrations maps and an introduction illuminating the historical context accompany this remarkable account of life in provincial Russia
