Khrushchev's Thaw and National Identity in Soviet Azerbaijan, 1954-1959 Jamil Hasanli, 2014-12-18 On February 25 1956 Soviet leader Nikita S Khrushchev delivered the so called secret speech in the Twentieth Party Congress of the CPSU in which he denounced Stalin's transgressions and the cult of personality around the deceased dictator Replete with sharp criticism of the Terror of the late 1930s the unpreparedness of the USSR for the Nazi invasion numerous wartime blunders and the deportation of various nationalities the speech reverberated throughout the subordinate Soviet republics For republics such as Azerbaijan the speech was an unmistakable signal to readjust the entire political orientation and figure out ways to redefine governance in post Stalin era Previously frozen under the mortal threat of Stalinist persecution various forms of national self expression began to experience rapid revival under the Khrushchev thaw Encouraged by the winds of change at the Center the Azeris cautiously began to reclaim possession of their administrative domain Among other local initiatives the declaration of the Azerbaijani language as the official language was one step that stood out in its audacity for it was not pre arranged with the Kremlin and defied the modus operandi of the Soviet leadership Somewhat reformist in his intentions yet ignorant of the non Slavic peripheries Mr Khrushchev had not foreseen the scenarios that would unfold as a result of its new tone and the developments that would come to be interpreted as the rise of nationalism in the republics Jamil Hasanli's research on 1950s Azerbaijan sheds light on this watershed period in Soviet history while also furnishing the reader with a greater understanding of the root causes of the dissolution of the USSR

Russia under Western Eyes Martin E Malia, 2009-06-30 A dazzling work of intellectual history by a world renowned scholar spanning the years from Peter the Great to the fall of the Soviet Union this book gives us a clear and sweeping view of Russia not as an eternal barbarian menace but as an outermost if laggard member in the continuum of European nations

Power Restructuring In China And Russia Mark Lupher, 2018-02-12 The massive economic transformations and political upheavals that have been sweeping China and the Soviet Union in the final decades of the twentieth century are among the great dramas of our time Yet the origins of these revolutionary changes are murky and their outcomes unclear Have we witnessed the demise of an archaic authoritarian order and the rise of pluralism and democracy or are the tumultuous events of the post Mao era and the period of perestroika more usefully viewed in light of broader patterns of power and politics in Chinese and Russian history Considering these questions with a new interpretation of power relations and political processes in China and Russia Mark Lupher explores the imperial era the

communist period and the current situation in both countries Rather than speaking of reform which too often is understood as liberalization along Western lines his discussion is focused on power restructuring the ebb and flow of state power the centralization and decentralization of political and economic power and the three way struggles between central rulers various elites and nonprivileged groups that drive these processes Lupher s power restructuring analysis is noteworthy in combining broad comparative historical analysis and conceptualization with a closely focused discussion and reinterpretation of the Chinese Cultural Revolution the core of his book By comparing and bringing new light to bear on a series of pivotal episodes in Chinese and Russian history he furthers our understanding and assessment of processes that will continue to unfold in China Russia and the former Soviet republics

Protest, Reform and Repression in Khrushchev's Soviet Union Rob Hornsby,2013-02-14 Robert Hornsby draws on a range of declassified archival material to analyse political protest and government repression in post Stalin USSR

The Course of Russian History, 5th Edition Melvin C. Wren,Taylor Stults,2009-01-08 Now in its fifth edition this definitive history of the Russian land and people builds on its success as a fascinating survey of two thousand years of struggle to harness vast resources and talents into a powerful and cohesive nation From its beginning as a savage and exotic land Russia underwent a complex evolution of political social and religious forces the barbarism of its internal conflicts in seeming contradiction with its goals to advance in the realms of technology art education and high culture From the conflicts of the fantastically wealthy ruling class to the poor and oppressed masses emerged the Communist party and the enigmatic figures whose charismatic manipulation of political power reflected the myriad rulers before them Finally as the modern world watched this great entity collapsed in a devastatingly brief time millennia of precarious conflict proving too much for the tenuous coalescence of twentieth century politics Written in an engaging and accessible style this text presents students with a comprehensive look at the momentous events and legendary figures which helped shape Russia s turbulent history

Russia under Khrushchev Abraham Brumberg,1964 *Russia and Eastern Europe, 1789-1985* Raymond Pearson,1989 Press and Publications Summary United States Information Service (Taipei, Taiwan),1964-11 *Problems of Communism* ,1959

Democratization in Russia under Gorbachev, 1985-91 Anne White,1999-07-10 Self help organizations and charities were the most numerous but least studied of pressure groups to emerge during perestroika This book examines the social exclusion experienced before 1985 by non working citizens studies the pre 1985 disabled people s movement and its numerous unofficial but non dissident organizations discusses why the Gorbachev leadership adopted the non Soviet concept of charity analyses the failure of local authorities after 1985 to stave off pluralism and defeat the voluntary organizations and assesses how successfully the latter built the foundations of a civil society

Russia's Sputnik Generation Donald J. Raleigh,2006-06-02 Russia s Sputnik Generation presents the life stories of eight 1967 graduates of School No 42 in the Russian city of Saratov Born in 1949 50 these four men and four women belong to the first generation conceived during the Soviet Union s return to

normality following World War II Well educated articulate and loosely networked even today they were first graders the year the USSR launched Sputnik and grew up in a country that increasingly distanced itself from the excesses of Stalinism Reaching middle age during the Gorbachev Revolution they negotiated the transition to a Russian style market economy and remain active productive members of society in Russia and the diaspora In candid interviews with Donald J Raleigh these Soviet baby boomers talk about the historical times in which they grew up but also about their everyday experiences their family backgrounds childhood pastimes favorite books movies and music and influential people in their lives These personal testimonies shed valuable light on Soviet childhood and adolescence on the reasons and course of perestroika and on the wrenching transition that has taken place since the collapse of the Soviet Union in 1991

Russian Leaders Alexander Dragomiroff, 2002 *Russian Leaders A Bibliography With Indexes* *After Sputnik* Alan J. Levine, 2017-12-12 On October 4 1957 in the midst of the Cold War the Soviet Union launched Sputnik I the first artificial earth satellite For the West and especially the United States it was a shattering blow to national morale and pride It led to a deep seated fear that the Soviet Union would surpass the United States in both technology and power and that even nuclear war might be near After Sputnik shows that the late 1950s were not an era of complacency and smugness but were some of the most anxious years in American history The Cold War was by no means a time of peace It was an era of a different kind of battle one that took place in negotiations and in the internal affairs of many countries but not always on the battlefield While many choose to remember President Eisenhower as a near pacifist his actions in Lebanon the Taiwan Straits crisis Berlin and elsewhere proved otherwise Seconded by his able secretary of state John Foster Dulles he steered America through some of the most difficult parts of the Cold War not always succeeding but preventing disaster The Middle East and Berlin crises the Indonesian Civil War Fidel Castro's rise to power and other events are all bluntly discussed in the light of Western and other illusions and delusions In this engaging history Alan J Levine delves deeply into this often misrepresented period of history and provides new insight into one of the most formative decades in American history
