Russia and the West Under Lenin and Stalin George F. Kennan, 2021-02-04

The material contained in this book is drawn from lectures some of which were delivered in 1957 1958 in the schools at Oxford University others in the spring of 1960 at Harvard University This is a study of the relationship between the Soviet Union and the major Western countries from the inception of the Soviet regime in 1917 to the end of World War II It is not intended as a chronological account of the happenings in this phase of diplomatic history but rather as a series of discussions of individual episodes or problems George F Kennan Russia and the West Under Lenin and Stalin Kennan describes the diplomatic dilemmas that grew out of ignorance and mutual distrust beginning with the Allied intervention in Russia in 1918 through World War I the Versailles conference Stalin s bloody purges of 1934 1938 the Soviet German Nonaggression Pact of 1939 the end of World War II and the meeting in Yalta between Churchill Stalin and Roosevelt It is not often that a book as instructive as this one manages at the same time to be so engrossing that it is bound to keep even general readers fascinated long past their bedtimes The book s message is a stern one the pleasure in reading it derives from the elegant and yet fresh prose style that is one of the many gifts of the author who is an artist as well as an experienced diplomat a moralist as well as a consummate historian With superb felicity and grace he here unfolds a historical narrative rich in prophetic judgments prophetic in the Biblical sense of the word Not everyone of course will agree with all of Mr Kennan s conclusions but there is so much that is useful in this volume that even those who have reservations about one or another of the judgments in it will welcome it warmly as a significant contribution in several ways Marshall D Shulman The New York Times Superbly concise meaty and lucid It surveys the whole fascinating involved drama of Communism s rise to world power Newsweek Every adult American ought to read it William L Shirer Surely one of the most important books since the end of the last war an over all view that transcends the provinciality of so much of our foreign policy and embraces the whole immense area from Washington to Peking The New Yorker An important a disturbing a deeply moving book New York Herald Tribune Book Review Not only Mr Kennan s finest book but also the best that has been written on Russia in this century Sir Robert Bruce Lockhart In this absorbing and eloquent book Mr Kennan reviews with much perception and sensitivity the ragged course of relations between the Soviet Union and the West from 1917 to 1945 While there is much in Western understanding and action to be criticized in the early years during the inter war period and during World War II Mr Kennan is keenly aware of the intense hostility of the Communist stance which exacerbated all problems Foreign Affairs Kennan a fine writer as well as historian and diplomat has made a magnificent attempt to put into order the chaotic relations between Russia and the West from the Communist Revolution to the end of World War II A most important book deserving the widest possible readership Kirkus A remarkable best seller This fact is a tribute to both the author and the subject with which he deals It is superfluous to comment on Mr Kennan s authority or on the brilliance of his lucid prose which are again in evidence in this work It is a

volume not easily put aside as a mere purveyor of information it solicits judgments and proffers them lavishly inviting agreement or dissent Slavic Review A valuable volume It is full of flashes of insight into both Soviet and Western attitudes and policies and it reveals the painful dilemmas Wilson Roosevelt and other Western leaders faced in dealing with this new state and system The Slavic and East European Journal Russia Under Lenin and Stalin Dean Smart,1998 The 1917 revolutions Lenin in power Civil War 1918 1921 Five Year Plans The Great Terror Stalinism Relations between USSR and the west 1928 1941 Great Fatherland War 1941 1945 The Iron Curtain Timeline Russia and international events **Communist Russia Under Lenin and Stalin** Terry Fiehn,2008 **Russia and the West under Lenin and Stalin** George F. Kennan,1961 *Stalin on Lenin* Joseph Stalin,1939 *Lenin's Fight Against Stalinism* Vladimir Il'ich Lenin,Leon Trotsky,1975 The Russian Revolution from Lenin to Stalin 1917-1929 E. Carr,R. W. Davies,2003-12-19 E H Carr is the acknowledged authority on Soviet Russia In The Russian Revolution from Lenin to Stalin 1917 1929 he provides the student and general reader alike with insights and knowledge of a lifetime s work This book now available in a brand new edition is without doubt the standard short history of the Russian Revolution and now contains a new introduction by R W Davies *Russia Under the Bolshevik Regime* Richard Pipes,1995-04-04 From the acclimated authority on Russia and the Russian Revolution the final volume in his magisterial history of the Russian Revolution covering the period from the outbreak of the Civil War in 1918 to Lenin s death in 1924 Offers a penetrating analysis of the making of the Soviet system It is a passionate book whose outstanding scholarship is rooted in universal values like truth honor responsibility and the sacredness of human life Philadelphia Inquirer Timely The work is enriched in intriguing ways by the author s access to the once secret archives of the Soviet Union Los Angeles Times **History of the Russian Revolution: Volume 1** Leon Trotsky,2022-11-30 The Russian Revolution of 1917 can be regarded as the greatest event in human history For the first time millions of workers and peasants took political power into their own hands sweeping aside the despotic rule of the capitalists and landlords and setting out to create a socialist world order based upon the rule of the Soviet of Workers Soldiers and Peasants Deputies Capitalism had broken at its weakest link The Russian Revolution heralded the beginning of the world revolution inspiring the hopes and dreams of millions Notwithstanding the terrible backwardness of Russia the new Socialist Soviet Republic represented a decisive threat to the world capitalist order It struck terror in the ruling classes everywhere which rightly regarded it as a threat to their power and privileges Leon Trotsky History of these events is a masterpiece It was the first time that a scientific history of a great event has been written by a man who played a dominant part in it Together with Lenin he led the Bolshevik Revolution and lived throughout its stormy events However this book is not simply a dramatic narrative but a profound analysis of the inner forces of the Revolution It remains by far the best account of the Russian Revolution today This volume spans from the February Revolution to the prelude of the July Days as well as the economic and political background of Russia before the Revolution Also featured in this edition is Alan Woods introduction to the series
