Historical Dictionary of United States-Russian/Soviet Relations Norman E. Saul,2008-11-18 For more than 200 years the United States and Russia have shared a multi faceted relationship Because of the rise of power the two countries enjoyed in the late 19th and through the 20th century Russian American relations have dominated much of recent world history Prior to World War II the two countries had relatively friendly contacts in culture commerce and diplomacy however as they contested for supremacy during the Cold War relations turned hostile and competitive With the apparent end of the Cold War with the collapse of the Soviet Union and of communism in 1991 the relationship continues to evolve and the future looks uncertain but promising The Historical Dictionary of United States Russian Soviet Relations identifies the key issues individuals and events in the history of U S Russian Soviet relations and places them in the context of the complex and dynamic regional strategic political and economic processes that have fashioned the American relationship with Russia This is done through a chronology a bibliography an introductory essay and several hundred cross referenced dictionary entries on key persons places events institutions and organizations **Russia Under the Hammer and Sickle** William H.

The Great Restoration: Post-Communist Transformations from the Viewpoint of Comparative Historical Sociology of Restorations Zenonas Norkus,2023-09-20 The revolutions of 1989 remains the standard term used to describe the onset of post communist transformations more than thirty years ago Zenonas Norkus proposes a completely new perspective theorising them as the next wave of modern social restorations starting with the post Napoleonic restorations in 1815 A comparison of the 1789 French and 1917 Russian revolutions was seminal for the rise of comparative historical and sociological research on modern revolutions The book extends and supplements the sociology of modern revolutions by the first systematic outline of the sociology of modern social restorations grounded in a comparison of post Napoleonic and post communist restorations

The Development of Russian Evangelical Spirituality Gregory L. Nichols,2011-11-09 Today many evangelicals in the Russian speaking world emphasize sanctification as a distinctive mark of their Christian faith This is a unique characteristic particularly in the European context Their historic tapestry has been woven from a number of threads that originated in the second half of the nineteenth century Missionary efforts of the German Baptists a revival sparked by a British evangelist and a pietistic awakening among the Mennonites in the South converged to form a tapestry that displays Protestant Baptist and Anabaptist heritage Ivan Kargel uniquely participated in the formation and ministry of each of these threads His life spans from Tsarist Russia to the Soviet Union Kargel refused to adhere to a systematic view of theology Instead he urged believers to go to Scripture and draw from the riches of a life united with Christ Kargel's influence today is keenly felt across the Russian speaking evangelical world as they seek to identify the roots of their spiritual identity This book examines the influences on Ivan Kargel and offers insights into how his life and work are expressed in the tapestry of Russian evangelical spirituality
