Professional Journal of the United States Army ,1996 **Population Diversity and the U.S. Army , Evaluating Future U.S. Army Force Posture in Europe** Kathleen H. Hicks,Heather A. Conley,Lisa Sawyer Samp,Anthony Bell,2016-07-30 This report offers an examination of U S Army force posture in Europe amid heightened tensions between the United States and Russia The report explores the necessary components of a sustainable and credible deterrence posture in Europe and highlights key challenges from the strategic down to the tactical level It offers recommendations for how to best recalibrate U S defense and deterrence posture in Europe over the next decade *U.S. Army Historical Directory* Center of Military History, **The Army Modernization Imperative** Andrew Hunter,Rhys McCormick,2017-06-16 The U S Army currently faces a difficult truth without changes to its modernization strategy the Army risks losing qualitative tactical overmatch A lost procurement decade and recent significant modernization funding declines have resulted in an Army inventory that remains heavily leveraged on the Big Five programs originally procured in the 1970s and 1980s Meanwhile technology proliferation has made potential state and nonstate adversaries increasingly capable shrinking the U S overmatch advantage and in some cases surpassing it While current and projected future Army modernization funding is below historical averages necessitating increased modernization funding to ensure continued U S qualitative tactical overmatch the Army s modernization problem cannot be fixed only by increasing modernization funding Additional funds also need to be accompanied by an updated Army modernization strategy that presents a compelling case for modernization funding and sets clear priorities for fulfilling future operational requirements **Military Intelligence Professional Bulletin** ,2002
