Russian Advocate Of Peace:

A Russian Advocate of Peace: Vasilii Malinovskii (1765–1814) P. Ferretti, 2012-12-06 Vasilii Fedorovich Malinovskii 1765 1814 is a name which has hitherto lacked true resonance in the history of Russian culture It is of course a name known to all students of Alexander Pushkin's biography for Malinovskii was the first Director of the new Tsarskoe Selo Lyceum if sadly for only the first three of the young poet's years at the school For those scholars conversant with the intellectual and literary life of the beautiful beginning of the reign of Alexander I's reign Malinovskii has his little niche for his remarkable *Rassuzhdenie o mire i voine* 1803 and less for his *Osennee vechera* 1803 a little known journal limited to a mere eight weekly issues and written entirely by the editor As regards the of his eighteenth century Malinovskii who lived the first thirty five years of his life predominantly in the reign of the great Catherine little information encumbers the memory of even specialists of the period Indeed his elder brother Aleksei Fedorovich 1762 1840 is the more likely to be remembered for his literary and translating work as well for his later position as Head of the Moscow Archive of the Ministry of Foreign Affairs which brought him into contact with Pushkin and not unexpectedly with Karamzin Karamzin referred to him as one of my few old and genuine friends but one searches in vain for a similar accolade for Vasilii Fedorovich **The Advocate of Peace** ,1900 **Advocate of Peace and Universal Brotherhood** ,1893 Advocate of Peace Through Justice ,1920 *Advocate of Peace* ,1857

Advocate of Peace and Universal Brotherhood ,1854 The Russian Quest for Peace and Democracy Metta Spencer, 2012-07-10 In *The Russian Quest for Peace and Democracy* Metta Spencer recounts the political and military changes that have occurred in Russia up to mid 2010 Using hundreds of interviews she conducted with officials dissidents and liberal intellectuals she describes the various groups forces and individuals that worked to liberalize the totalitarian Soviet Union and its fellow nations behind the Iron Curtain and which ultimately brought about the dissolution of those repressive governments Spencer identifies four political orientations to describe Soviet society Sheep ordinary citizens who accepted the undemocratic regime they lived in without challenging it Dinosaurs hard line Communist officials Termites including Mikhail Gorbachev and his advisers and government and Barking Dogs a few hundred dissidents who made a lot of noise protesting hoping to awaken a grass roots demand for democracy The strange rivalry between the Termites and Barking Dogs would ultimately doom perestroika Spencer's research dispels the widely held perception that US President Ronald Reagan won the Cold War by standing firm until the Soviet Union blinked first There are vitally important lessons to be learned from the Soviet period about how to assist citizens of totalitarian and authoritarian regimes around the world The irony is that transnational civil society organizations major sources of the progress in Soviet Russia are still needed today in authoritarian Russia under Vladimir Putin and Dmitry Medvedev for totalitarianism remains a potential social trap In *The Russian Quest for Peace and Democracy* Metta Spencer suggests new ways of building urgently needed social capital in today's Russia where democracy has yet to flourish American Advocate of Peace ,1893 The Anglo-Russian

rapprochement, 1903-7 Great Britain. Foreign Office, 1929 **Peace Studies** Matthew Evangelista, 2005 The academic field of Peace Studies emerged during the Cold War to address the nature and sources of interstate and internal conflict and methods to prevent it and deal with its consequences **Peace Advocacy in the Shadow of War** Francis Shor, 2024-01-05 For peace advocates a corollary to Clausewitz's dictum that war is politics by other means might be that other politics could prevent war By highlighting both individual peace advocates and antiwar peace organizations from World War I through the wars of the 21st century the chapters will provide insights into how these individuals and organizations articulated their opposition to and mobilized against specific wars and international regional conflicts Organized roughly in chronological order each chapter will illuminate the socio historical conditions under which such peace advocacy contested state aggression and armed combat at the national and or transnational levels Beyond understanding the specific socio historical circumstances within which these antiwar and peace advocates and organizations operated and their resultant achievements and failures the book as a whole will examine the kind of politics that perpetuate war and those that offer a challenge to that perpetuation Scholars students and the general public interested in the history of modern and contemporary wars peace and conflict studies and ethical political perspectives in the 20th and 21st centuries should find much to reflect upon in this book

Albert Shaw,1917 *Our Martens:F.F. Martens, International Lawyer and Architech of Peace* Vladimir Vasil'evich Pustogarov,2000-04-17 The rule of law peace disarmament human rights these are no longer empty words but legal concepts steadily gaining force among nations If the slow but sure codification of international law that began with the first Geneva Convention of 1864 has put down roots against all odds it is because of the passionate determination of a few visionary but practical actors on the world s stage Pre eminent among these workers in the dawn was the Russian jurist diplomat and arbitrator F F Martens 1845 1909 Although Marten s reputation suffered during the Soviet era and on both sides of the Cold War the lasting effect of his ideas and initiatives can be traced all the way from his early years as a Law Professor at Petersburg University when his writing attracted the attention of the Czar through his direct participation in the great Peace Conferences at Brussels and The Hague to the legal underpinnings of the human rights regime embodied in today s international conventions and tribunals His sense of community and the individual in a global context andndash a difficult notion for lawyers to grasp in a world of competing nation states andndash has now become a widely accepted norm with increasingly effective enforcement mechanisms And even his contributions to procedural theory in areas such as extradition of political criminals and transnational enforcement of administrative law persist in coming to the forefront of today s international legal practice This English translation of the first major biography of Martens is in fact the most complete text in any language as the Russian author at the translator s request took the opportunity to revise his original work and even supplied two whole chapters missing from the original Russian edition of 1993 and subsequent editions and translations Pustogarov was among the first scholars to gain access to the near legendary Archive of the Foreign Policy of Russia and his biography of Martens contains a wealth of hitherto unavailable information on the more or less secret political maneuvers of the Great Powers in Martens time This is an important book for all international lawyers to read and study exposing as it does the deepest currents of the mainstream of international law in our time
