Real Images Josephine Woll, 1999-12-31 During the thaw from Stalin's death in 1953 to the late 1960s and Khrushchev's rule Soviet society experienced major transformations So did films In this first comprehensive account of the relationship between politics and cinema in this period Josephine Woll skillfully interweaves cultural history with film analysis to explore how movies at once responded to the changes around them and helped engender them She considers dozens of individual films within the context of Khrushchev's policies and the artistic foment they inspired

Soviet Cinema Jamie Miller, 2009-12-18 When the Bolsheviks seized power in the Soviet Union during 1917 they were suffering from a substantial political legitimacy deficit Uneasy political foundations meant that cinema became a key part of the strategy to protect the existence of the USSR Based on extensive archival research this welcome book examines the interaction between politics and the Soviet cinema industry during the period between Stalin's rise to power and the beginning of the Great Patriotic War It reveals that film had a central function during those years as an important means of convincing the masses that the regime was legitimate and a bearer of historical truth Miller analyses key films from the classic musical *Circus* to the political epic *The Great Citizen* and examines the Bolsheviks' ultimately failed attempts to develop a cinema for the millions As Denise Youngblood writes this work is indispensable reading not only for specialists in Soviet film and culture but also for anyone interested in the dynamics of cultural production in an authoritarian society
