## **Russian Enigma:**

**The Russian Enigma** Anton Ciliga,1973      The Russian Enigma Ante Ciliga,1979 A clear and concise introduction to modern Russian history and politics A valuable resource for students and anyone requiring a basic understanding of post Soviet Russia      *The Russian Enigma (sound Recording)* Clive Egleton,1985 Double agents defectors and deceit lead the head of the British SIS through a maze of CIA and KGB plot and counterplot to an unsavory meeting in Washington D C

**Deciphering Russian Enigma** Ofer Fridman,Vera Michlin-Shapir,2024-06-11 This book is about Russia Yet this book is not about Russia per se To those whose sole interest is a better understanding of the Kremlin s decision making and how it shapes Russia s present and future we would refer to a rather long list of sources that we dutifully noted throughout the book Instead based on our expertise in Russian studies and the challenges that we experienced in the past 2 years this book aims to offer a methodology to address questions when there is no right or wrong answer due to lacking reliable information Any attempt to answer this sort of questions using the commonly accepted deductive approach based on scientific methods is bound to fail because of the very nature of these questions Therefore using Russia as a case study this book aims to advance a way of analysing however limited biased and uncertain available information to advance a more critical understanding of the subject in question by using the methodology of dialectic inquiry      *The Russian Enigma* ,1943      Russian Enigma Clive Egleton,2002      **The Russian Secret Police** Ronald Hingley,2021-05-30 This book first published in 1970 is an important study of Russia s security services from their earliest years to the mid twentieth century Ronald Hingley demonstrates how the secret police acted both under the Tsars and under Soviet rule as a key instrument of control exercised over all fields of Russian life by an outstandingly authoritarian state He analyses the Tsarist Third Section and Okhrana and their role in countering Russian revolutionary groups and examines the Soviet agencies as they assumed the roles of policeman judge and executioner This masterly evaluation of Russian and Soviet secret police makes extensive use of hard to find Russian documentary sources and is the first such research that studies Russian political security Muscovite Imperial and Soviet as a whole      **Putin's Russia: Economy, Defence And Foreign Policy** Steven Rosefielde,2020-08-27 This volume seeks to fill the vacuum created by the Joint Economic Committee of Congress s decision to cease publishing comprehensive assessments of Russia s performance and potential It provides readers with authoritative descriptions of Russia s economy military prowess and international ambitions The volume does not settle controversies but does provide readers with an objective basis for assessing Russia s prospects without the distortions caused by fake news and disinformation wars      **Russia and Eastern Europe, 1789-1985** Raymond Pearson,1989      *The Russian Mind Since Stalin's Death* Yuri Glazov,2012-12-06 I have been working on this book since leaving Russia in April of 1972 It was my wish to write this book in English and there were what seemed to me to be serious reasons for doing so In recent years there has appeared a wealth of literature in Russian about Russia As a rule this literature has been published outside the USSR by authors who still live in the Soviet

Union or who have only recently left it A fair amount of important literature is being translated into English but I believe it will be read mainly by specialists in Russian studies or by those who have a great interest in the subject already The majority of Russian authors write of course for the Russian reader or for an imagined Western public It is my feeling that Russian authors have serious difficulties in understanding the mentality of Westerners and that there still exists a gap between the visions of Russians and non Russians I have made my humble attempt to bridge this gap and I will be happy if I am even partly successful The Russian world is indeed fascinating Many people who visit Russia for a few days or weeks find it a country full of historical charm fantastic architecture and infinite mystery For many inside the country especially for those in conflict with the Soviet authorities

[Homosexual Desire in Revolutionary Russia](#) Dan Healey, 2012-04-26 The first full length study of same sex love in any period of Russian or Soviet history Homosexual Desire in Revolutionary Russia investigates the private worlds of sexual dissidents during the pivotal decades before and after the 1917 Bolshevik Revolution Using records and archives available to researchers only since the fall of Communism Dan Healey revisits the rich homosexual subcultures of St Petersburg and Moscow illustrating the ambiguous attitude of the late Tsarist regime and revolutionary rulers toward gay men and lesbians Homosexual Desire in Revolutionary Russia reveals a world of ordinary Russians who lived extraordinary lives and records the voices of a long silenced minority

[The Russian Path](#) Dmitry Gel'man, Vladimir Marganiya, Otar Travin, 2020-10-20 The politico economic reforms launched during the late twentieth century in post Soviet Russia have led to contradictory and ambiguous results The new economic environment and mode of governance that emerged have been subjected to serious criticism What were the causes of these developments Were they unavoidable for Russia due to specific factors grounded in the country's previous experiences Or were they an intended result of actions taken by the leaders of the country during the last few decades The authors of this book share neither a deterministic approach which implies that Russia is bound to fail because of the nature of its economic and political evolution nor a voluntarist approach which implies that these failures were caused only by the incompetence and or malicious intentions of its leaders Instead this study offers a different framework for the analysis of political and economic developments in present day Russia It is based on four ideas interests institutions and illusions

**Russia: From Revolution To Counter-Revolution** Ted Grant, [Life and Terror in Stalin's Russia, 1934-1941](#) Robert W. Thurston, 1998-11-10 Examining Stalin's reign of terror this text argues that the Soviet people were not simply victims but also actors in the violence criticisms and local decisions of the 1930s It suggests that more believed in Stalin's quest to eliminate internal enemies than were frightened by it

[The Russian Enigma](#) William Henry Chamberlin, 1943

[Complications](#) Claude Lefort, 2007

Complications Communism and the Dilemmas of Democracies together the central concerns of the work of Claude Lefort over the past half century A pivotal figure in French thought Lefort studied under Maurice Merleau Ponty cofounded with Cornelius Castoriadis the influential journal *Socialisme ou Barbarie* and famously engaged in a heated debate with Jean Paul

Sartre over the Soviet Union and Communist parties in the West He has influenced generations of political thinkers and throughout his career has offered invaluable leftist non communist critiques of both liberalism and Communism It is the prevailing belief that the death of communism was a victory for liberal democracy In *Complications* however Lefort challenges this interpretation and provides new ways of understanding the rise and fall of the Soviet Union and the Communist phenomenon Lefort engages the work of prominent historians Martin Malia and Francois Furet and shows how their emphasis on illusion and ideology led to their failure to understand the logic and workings of the Communist Party and its impact on Soviet society and the reasons why so many in the West had Communist sympathies He also maintains that those who regard the end of Communism as the triumph of markets and freedom restrict the scope of democratic thought and the possibility of greater social equality Lefort contends that Communism must be seen as part of a larger history of modernity and believes that the diagnosis of its death is dangerous to the future of democracy In the tradition of Hannah Arendt and Raymond Aron Lefort complicates the pieties of historical understanding and offers a new approach to thinking about totalitarianism and a more vital democracy

**The Bookman** ,1918     Wilson and Russia, 1917-1920 Leslie Wiberg,1900     *The Puzzle of a New Europe* Pasquale De Marco,2025-05-18 In a world transformed by globalization and geopolitical shifts Europe stands at a crossroads poised for a new chapter in its long and storied history This book delves into the intricate complexities of a changing Europe exploring the challenges and opportunities that lie ahead With incisive analysis and thought provoking insights the book examines the evolving nature of European integration the quest for stability in the Eurozone and the enigmatic role of Russia in shaping the continent s destiny It delves into the evolving security landscape the complexities of migration and the imperative for sustainable development Through a comprehensive examination of Europe s political economic and social fabric the book provides a roadmap for understanding the forces that are shaping the continent s future It offers a vision of a Europe that is prosperous secure and united while also acknowledging the obstacles that must be overcome to achieve this goal Written with clarity and erudition this book is an essential guide for anyone seeking to understand the complexities of modern Europe It is a timely and thought provoking exploration of a continent in transition offering valuable insights for policymakers scholars and general readers alike This book is a must read for anyone interested in the future of Europe and its role in the global arena It provides a comprehensive analysis of the challenges and opportunities facing the continent and offers a vision for a more prosperous secure and united Europe If you like this book write a review on google books     Index to the Periodicals of 1890-1902 The Review of reviews,1899
