From Marx to Lenin

David W. Lovell,1984-07-19 This study is a contribution to the debate begun just after the October Revolution concerning the relationship between Marx s project and Soviet society It focuses however only on the political aspects of the matter to what extent was early Soviet authoritarianism the necessary outcome of Marx s works Since Lenin s practice and theory largely determined and justified the early political character of the Soviet state we may ask whether Lenin was implementing Marx s project or a project of his own design Lenin influenced by debates within Social Democracy and by the experience of the Russian revolutionary tradition used a one sided interpretation of Marx s work to build and defend a transition which was fundamentally authoritarian Marx was not causally responsible for the theoretical foundation of Soviet authoritarianism
