

Russian Revolution 1917 1931

Michael C. Hickey

Russian Revolution 1917 1931:

The Russian Revolution, 1917-1931 George Vernadsky, 1932 *The Russian Revolution and Civil War 1917-1921* Jonathan Smele, 2006-04-15 The Russian Revolution and Civil War in the years 1917 to 1921 is one of the most widely studied periods in history It is also somewhat inevitably one that has generated a huge flow of literature in the decades that have passed since the events themselves However until now historians of the revolution have had no dedicated bibliography of the period and little claim to bibliographical control over the literature The Russian Revolution and Civil War 1917 1921 offers for the first time a comprehensive bibliographical guide to this crucial and fascinating period of history The Bibliography focuses on the key years of 1917 to 1921 starting with the February Revolution of 1917 and concluding with the 10th Party Congress of March 1921 and covers all the key events of the intervening years As such it identifies these crucial years as something more than simply the creation of a communist state *The Russian Revolution* Walter Rodney, 2018-07-10 A never before published history of the Russian Bolshevik Revolution and its post colonial legacy woven together from lecture excerpts by the renowned Pan African revolutionary socialist theorist In his short life Guyanese intellectual Walter Rodney emerged as one of the foremost thinkers and activists of the anticolonial revolution leading movements in North America Africa and the Caribbean Wherever he was Rodney was a lightning rod for working class Black Power organizing His deportation sparked Jamaica s Rodney Riots in 1968 and his scholarship trained a generation how to approach politics on an international scale In 1980 shortly after founding the Working People s Alliance in Guyana the 38 year old Rodney was assassinated Walter Rodney s *The Russian Revolution* collects surviving texts from a series of lectures he delivered at the University of Dar es Salaam an intellectual hub of the independent Third World It had been his intention to work these into a book a goal completed posthumously with the editorial aid of Robin D G Kelley and Jesse Benjamin Moving across the historiography of the long Russian Revolution with clarity and insight Rodney transcends the ideological fault lines of the Cold War Surveying a broad range of subjects the Narodniks social democracy the October Revolution civil war and the challenges of Stalinism Rodney articulates a distinct viewpoint from the Third World one that grounds revolutionary theory and history with the people in motion *The Bloomsbury Handbook of the Russian Revolution* Geoffrey Swain, Charlotte Alston, Michael C. Hickey, Boris Kolonitskii, Franziska Schedewie, 2022-12-15 Through 30 interpretative essays *The Bloomsbury Handbook of the Russian Revolution* sees an international team of leading scholars comprehensively examine Russia s revolutionary years In the wake of the 2017 centenary this handbook is the first reference point for anyone wishing to learn more about the changes which took place in Russia between 1917 and 1921 and subsequently the 20th century Split into six sections covering political crises politicians and parties social groups identities regions and peoples and civil war the volume covers the collapse of Tsarism and the February Revolution the emergence of the Provisional Government and major historical figures such as Lenin Kerensky and the Socialist Revolutionary leader Viktor Chernov It also explores the events surrounding the Bolshevik

seizure of power in October 1917 the first year of Soviet Government until the Bolshevik dictatorship was established and the impact on Russia of the subsequent civil war The focus is broader than these issues of high politics however since this handbook also considers events in the provinces as well as revolutionary Petrograd and examines the social impact of the revolution in terms of class gender age and culture **Critical Companion to the Russian Revolution, 1914-1921**

Edward Acton,V. I. Cherniāev,V. I. Cherniāev,William G. Rosenberg,1997 Essays by 46 historians reflect the impact of the fall of the Soviet Union on the study of the revolution that birthed it including better access to archives and new opportunities for collaborations between Russian and other specialists They cover the revolution as event actors and the question of agency parties movements and ideologies institutions and institutional cultures social groups identities cultures and the question of consciousness economic issues and problems of everyday life and nationality and regional questions Annotation copyrighted by Book News Inc Portland OR **The Industrial Revolution** Frederick Charles Dietz,1927

The Second Hundred Years War, 1689-1815 Arthur Howland Buffinton,1929 **The French Revolutionary Tradition in Russian and Soviet Politics, Political Thought, and Culture** Jay Bergman,2019-08-14 Because they were Marxists the Bolsheviks in Russia both before and after taking power in 1917 believed that the past was prologue that embedded in history was a Holy Grail a series of mysterious but nonetheless accessible and comprehensible universal laws that explained the course of history from beginning to end Those who understood these laws would be able to mould the future to conform to their own expectations But what should the Bolsheviks do if their Marxist ideology proved to be either erroneous or insufficient if it could not explain or explain fully the course of events that followed the revolution they carried out in the country they called the Soviet Union Something else would have to perform this function The underlying argument of this volume is that the Bolsheviks saw the revolutions in France in 1789 1830 1848 and 1871 as supplying practically everything Marxism lacked In fact these four events comprised what for the Bolsheviks was a genuine Revolutionary Tradition The English Revolution and the Puritan Commonwealth of the seventeenth century were not without utility the Bolsheviks cited them and occasionally utilized them as propaganda but these paled in comparison to what the revolutions in France offered a century later namely legitimacy inspiration guidance in constructing socialism and communism and not least useful fodder for political and personal polemics *October Song* Paul Le Blanc,2017-11-14 A panoramic account of the Russian Revolution of 1917 and its aftermath animated by the lives ideas and experiences of workers peasants intellectuals artists and revolutionaries of diverse persuasions *October Song* vividly narrates the triumphs of those who struggled for a new society and created a revolutionary workers state Yet despite profoundly democratic and humanistic aspirations the revolution is eventually defeated by violence and authoritarianism *October Song* highlights both positive and negative lessons of this historic struggle for human liberation *The Commercial Revolution, 1440-1776* Laurence Bradford Packard,1927

European Socialism, Volume II Carl Landauer,2023-11-15 European Socialism covers the transformative development

of socialism in Europe exploring the intellectual social and political evolution of the movement from its inception through to the early 20th century The narrative seeks to provide a comparative analysis of the movements in major continental countries while acknowledging that an all encompassing history of socialism in Europe would be an impossible task The author notes the difficulty of incorporating all the various movements across the continent especially given the extensive ideological interconnections and the influence of each country s socialist experience on others For practical reasons the book focuses on the more influential European nations with a particular emphasis on Germany France Russia and several smaller nations such as Belgium and Denmark but excludes Great Britain due to the extensive existing literature on British socialism This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1959

Kino Jay Leyda,1983-08-21 Documents the evolutionary development of the nation s cinema and its film artists focusing on the period between 1896 and the death of Eisenstein in 1948

The Russian Revolution Sheila Fitzpatrick,2001 The Russian Revolution had a decisive impact on the history of the twentieth century Now following the collapse of the Soviet regime and the opening of its archives it is possible to step back and see the full picture In this classic work the author incorporates data from archives thatwere previously inaccessible not only to Western but also to Soviet historians as well as drawing on important recent Russian publications such as the memoirs of one of the great survivors of Soviet politics Vyacheslav Molotov Impeccable in its scholarship and objectivity the book tells a gripping story of a Marxist revolution that was intended to transform the world visited enormous suffering on the Russian people and like the French Revolution before it ended up by devouring its own children In a concludingsection that will be of great interest to scholars in the field as well as the general reader the author treats the Stalinist Great Purges as the last act of the drama of the Russian Revolution

From Tsar To Soviets Christopher Reed,2005-11-10 Written from the perspective of the factory worker and peasant at the ground level this study of Russia during the Revolution 1917 21 aims to shed light on the realities of living through and participating in these tumultuous events The book is intended for undergraduate courses in history Soviet studies and politics

A History of the Soviet Union from the Beginning to the End Peter Kenez,2006-05-01 An examination of political social and cultural developments in the Soviet Union The book identifies the social tensions and political inconsistencies that spurred radical change in the government of Russia from the turn of the century to the revolution of 1917 Kenez envisions that revolution as a crisis of authority that posed the question Who shall govern Russia This question was resolved with the creation of the Soviet Union Kenez traces the development of the Soviet Union from the Revolution through the 1920s the years of the New Economic Policies and into the Stalinist order He shows how post Stalin Soviet leaders struggled to find ways to rule the country without using Stalin s methods but also without openly repudiating

the past and to negotiate a peaceful but antipathetic coexistence with the capitalist West In this second edition he also examines the post Soviet period tracing Russia s development up to the time of publication *Annual Report of the Rector to the Trustees* Catholic University of America,1909 **Encyclopedia of Historians and Historical Writing** Kelly Boyd,2019-10-09 The Encyclopedia of Historians and Historical Writing contains over 800 entries ranging from Lord Acton and Anna Comnena to Howard Zinn and from Herodotus to Simon Schama Over 300 contributors from around the world have composed critical assessments of historians from the beginning of historical writing to the present day including individuals from related disciplines like J rgen Habermas and Clifford Geertz whose theoretical contributions have informed historical debate Additionally the Encyclopedia includes some 200 essays treating the development of national regional and topical historiographies from the Ancient Near East to the history of sexuality In addition to the Western tradition it includes substantial assessments of African Asian and Latin American historians and debates on gender and subaltern studies

Soviet Union Review ,1930 **Competing Voices from the Russian Revolution** Michael C. Hickey,2010-12-21 This new collection of documents helps students understand the complex texture of Russian public rhetoric and popular debate during World War I and the 1917 Revolution How better to understand history than through the words of those who lived it *Competing Voices from the Russian Revolution* *Fighting Words* presents documents that underscore the extraordinary richness of public discussion about key events and issues during the 1917 Russian Revolution one of the pivotal events in modern history Carefully edited and annotated the documents help clarify the issues while revealing the broad range of ways in which Russians understood the events unfolding around them Focusing on public rhetoric and debate in Russia from the outbreak of World War I in 1914 through the dissolution of the Constituent Assembly in January 1918 the documents present the views not only of key political figures but also of ordinary men and women mothers soldiers factory workers peasants students businesspeople and educated professionals **The Founding of Modern States** Richard Franklin Bensel,2022-11-03 This book examines the rise of the modern state through six case studies of state formation in England the United States France the Soviet Union Nazi Germany and the Islamic Republic of Iran The book summarizes key events in modern history and offers theories about the creation of modern states
