permanent mechanisms of action As a result this book ceases to be just a case study of Poland and becomes a much more helpful study allowing the use of patterns obtained from many years of research summarized in this publication to understand Russia's influence in other regions Having examined the reasons for cooperation with Russia ideological geopolitical and historical in a country as reluctant to form alliances as Poland and understanding the mechanisms of selection and influence on such actors by the Kremlin we can transfer this knowledge to understand the pattern to other countries It will be of interest to researchers of Russian and Polish politics right wing nationalism and hybrid warfare
