[Russian/Soviet Studies in the United States](#), [Amerikanistika in Russia](#) Ivan Kurilla, Victoria I. Zhuravleva, 2015-12-09 The contributors in this interdisciplinary collection address the problem of interconnection between the study of the Other, either Russian or American, and the shaping of national identities in the two countries at different stages of US-Russian relations. The focus of research interests were typically determined by the political and social debates in scholars' native countries. In this book, leading Russian and American scholars analyze the problems arising from these intersections of academic, political, and sociocultural contexts and the implicit biases they entail. The book is divided into two parts: the first being a historical overview of past configurations of the interrelationship between fields and agendas, and the second covering the role of institutionalized area studies in the twentieth and early twenty-first centuries. In both parts, the role of the human factor in the study of mutual representations is elucidating. **Conduct of Espionage Within the United States by Agents of Foreign Communist Governments** United States. [Transnational Russian-American Travel Writing](#) Margarita Marinova, 2012-05-22 In this study, Marinova examines the diverse practices of crossing boundaries, tactics of translation, and experiences of double and multiple political and national attachments evident in texts about Russo-American encounters from the end of the American Civil War to the Russian Revolution of 1905. Marinova brings together published writings, archival materials, and personal correspondence of well- or less-known travelers of diverse ethnic backgrounds and artistic predilections from the quintessential American Mark Twain to the Russian Jewish ethnographer and revolutionary Vladimir Bogoraz, from masters of realist prose such as the Ukrainian-born Vladimir Korolenko and the Jewish

Russian American Abraham Cahan to romantic wanderers like Edna Proctor Isabel Hapgood or Grigorii Machtet By highlighting the reification of problematic stereotypes of ethnic and racial difference in these texts Marinova illuminates the astonishing success of the Cold War period s rhetoric of mutual hatred and exclusion and its continuing legacy today
