Russian Woman:

Women in Russian History Natalia Pushkareva,1997-03-03 As the first survey of the history of women in Russia to be published in any language this book is itself an historic event the result of the collaboration of the leading Russian and American specialists on Russian women s history The book is divided in to four chronological parts corresponding to eras of Russian history I Kievan Mongol 10th 15th centuries II Muscovite 16th 17th centuries III 18th century and IV 19th early 20th centuries Each part gives coverage to four main topics 1 The role of prominent women in public life with biographical sketches of women who attained prominence in political or cultural life 2 Women s daily life and family roles 3 Women s status under the law 4 Material culture and in particular women s dress as an expression of their place in society

Tomei,1999 Russian Women and their Organizations R. Kay,2000-02-02 Grassroots Russian women s organizations faced multiple challenges in the early 1990s Like their members they were confronted with both potentially hostile attitudes and numerous practical difficulties Post Soviet ideologies of gender difference produced a gender climate which was particularly unsympathetic to female activism in support of other women This book presents a detailed study of grassroots Russian women s organizations in 1991 96 against the background of a careful analysis of gender relations and attitudes to women s place in post Soviet Russian society Mapping Experience in Polish and Russian Women's Writing Urszula Chowaniec,2010-09-13 The volume encompasses eleven articles which discuss the critical views that Polish and Russian women writers have articulated with regard to the notion of experience and constructions of femininity in the national imagination from the 19th to the 21st centuries Major themes of the articles include women s experiences as writers in the 19th century women s embodied experiences of a traumatic past body and sexuality in the

different ages of women political and aesthetic discourses and femininity Although the articles are arranged in chronological order they do not form an absolute chronological or periodic continuum i e from Romanticism to Postmodernism although references to certain aesthetic periods are made The authors of the articles reflect in detail on how the women writers and their literary texts represent different understandings and experiences in relation to dominant perceptions for example of the memory of war of motherhood of art and aesthetics and so on Readers are encouraged to seek parallels and continuities between the different historical times and spaces between women s writing in Russia and Poland between different scholarly approaches and aims The articles of this volume bring together important critical standpoints in women s writing in Poland and Russia in which parallels continuities and resemblances can be traced but in which discontinuities breaks and differences also make themselves visible Apart from the conspicuous resemblances between individual Russian and Polish women writers works or even between groups of women writers the articles document the diversity within Russian and Polish women s writing respectively and even within individual writers

Russian and West European Women, 1860-1939 Marcelline J. Hutton, 2001 This ambitious study provides a sweeping overview of the position of women in England France Germany and Russia USSR from 1860 1939 The book illustrates their struggles to realize their dreams and their resourcefulness in coping with often dreary hard even horrifying lives Deftly combining statistical data to underscore collective experiences and belles lettres to highlight the texture of individual women s lives the book assesses the significance of gender class nationality and religion This richly researched work traces common patterns and unique experiences in women s lives by showing how they defined themselves coped with daily life and confronted disaster with courage and resourcefulness

Fruits of Her Plume: Essays on Contemporary Russian Women's Culture Helena Goscilo, 2015-05-20 The 1980s witnessed the ascendancy of Russian women in multiple spheres of artistic creation including literature film and painting This volume may thus be said to engage not only women s artistic production but indeed the best and most colourful of recent Russian culture Treating contemporary Russian women s creativity it approaches women s texts films and canvasses from a range of perspectives from anti gendered to feminist Some of the essays introduce writers not previously well studied others challenge conventional interpretations and assumptions while still others yield original viewpoints through novel juxtapositions In addition to offering insights into the various artists under analysis the essays map the wide terrain of issues and methodologies proliferating in cultural criticism today and mirror the diversity that is one of the most appealing features of women s creativity in contemporary Russia

Remarkable Russian Women in Pictures, Prose and Poetry Marcelline Hutton, 2013 Many Russian women of the late 19th and early 20th centuries tried to find authentic religious marital professional and political experiences Some very remarkable ones found these things in varying degrees while others sought unsuccessfully but no less desperately to transcend the generations old restrictions imposed by church state village class and gender Like a Slavic Downton Abbey this book tells the stories not just of their outward lives

but of their hearts and minds their voices and dreams their amazing accomplishments against overwhelming odds and their roles as feminists and avant gardists in shaping modern Russia and indeed the twentieth century in the West In their own words and images and each in their own unique way these remarkable Russian women construct a fascinating tapestry of a culture at the crossroads of modernity and on the brink of catastrophe

Russian Women in Politics and Society Norma Corigliano Noonan,1996-10-21 An examination of women s roles in politics and society in the contemporary Russian Federation as it creates a new market economy and democratic course born of a millennium of history and nearly 75 years of authoritarian communist rule The stage is set in the introduction followed by an examination of the history of the Bolshevik socialist state in 1917 through the participation of women in recent multiparty elections in 1993 The tsarist and Communist gender culture is presented and the book then considers why and how the Soviet Union disintegrated Next the editors explore the reborn Russia of President Boris Yeltsin and women s rights under Soviet and post Soviet rule The book is enriched by statistical tables and glossaries of the names of leaders and terms for easy identification

Resilient Russian Women in the 1920s & 1930s Marcelline Hutton,2015-07 The stories of Russian educated women peasants prisoners workers wives and mothers of the 1920s and 1930s show how work marriage family religion and even patriotism helped sustain them during harsh times The Russian Revolution launched an eco nomic and social upheaval that released peasant women from the control of traditional extended families It promised urban women equality and created opportunities for employment and higher education Yet the revolution did little to eliminate Russian patriarchal culture which continued to undermine women s social sexual eco nomic and political conditions Divorce and abortion became more widespread but birth control remained limited and sexual liberation meant greater freedom for men than for women The transformations that women needed to gain true equality were postponed by the pov erty of the new state and the political agendas of leaders like Lenin Trotsky and Stalin
