## **Russians The:**

**The New Russian Diaspora** Vladimir Shlapentokh, Munir Sendich, Emil Payin, 1994 In the wake of the USSR's collapse more than 25 million Russians found themselves living outside Russian territory their status ambiguous This volume prepared under the sponsorship of the Kennan Institute offers a comprehensive and amply documented examination of the issue

**Russia** Rodric Braithwaite, 2022-08-25 Wise and thorough Spectator Brisk and readable very valuable Financial Times He is an engaging guide and writes with the same flair demonstrated in his previous bestseller *Afgantsy* Sunday Telegraph A scholarly yet highly readable gallop through the last 1000 years of Russian history To understand this tormented nation you can do no better than read this illuminating portrait Jonathan Dimbleby With its attack on Ukraine Russia's future seems almost as uncertain as its past The largest country in the world with the largest arsenal of nuclear weapons has been known over the past thousand years as Rus Muscovy the Russian Empire and the Soviet Union Thirty years ago it was reinvented as the Russian Federation Russia is not an enigma but its past is violent tragic sometimes glorious and certainly complicated Like the rest of us the Russians constantly rewrite their history They too omit episodes of national disgrace in favour of patriotic anecdotes sometimes more rooted in myth than reality Expert and former ambassador Rodric Braithwaite unpicks fact from fiction to discover what lies at the root of the Russian story more relevant to the rest of the world now than ever before

**The Disastrous 1990s in Russia** Konstantin Sidorov, 2022 The 1990s dive into cowboy capitalism and democracy with advice from the West led to an utter breakdown in the former Soviet Union Shocking concrete examples of the corruption chaos and misery are related by an eye witness Facing destruction they chose a strong smart leader and so we have Putin

**The Post-Soviet Russian Media** Birgit Beumers, Stephen Hutchings, Natalia Rulyova, 2008-11-26 Presenting original research from a number of well known international specialists this book is a detailed investigation of the development of mass media in Russia since the end of Communism and the collapse of the Soviet Union

**The History of Russia from the Earliest Period to the Present Time** Walter Keating Kelly, 1855 [The Russian Conquest of the Caucasus](#) J. F. Baddeley, 2013-11-05 Reprint of Baddeley's classic and rare account of the resistance of the North Caucasians under Shamil against the expansion of Tsarist Russia with a new introduction by Moshe Gammer Highly relevant to recent developments in the region *Napoleon and the Grand Army in Russia* Gaspard Baron Gourgaud, 1825 *The Nations of Russia and Turkey and Their Destiny* Ivan G. Golovin, 1854 [Investigation of Communist Takeover and Occupation of Poland, Lithuania, and Slovakia](#) United States. Congress. House. Select Committee on Communist Aggression, 1954

**Travels in Southern Russia, and the Crimea; Through Hungary, Wallachia, & Moldavia, During the Year 1837** Anatolij Nikolajevič Demidov, 1853 [The United States and Russia](#) Gary Wiener, 2017-12-15 After the U S S R formed the United States found itself in a rivalry that has persisted for nearly a century Readers are introduced to the complex history between the United States and Russia which for many years was a conflict between democracy and communism However

after the dissolution of the U S S R the relationship between the two countries remains strained and readers also explore the reasons for this continued tension Quotes from powerful leaders of both countries striking photographs and thoroughly researched text help readers understand why these two competing nations have maintained a cold relationship for so many years

The Armchair Diplomat on Europe Melissa Rossi,2005-08-04 It happens all the time you re watching the Champions League pondering Robert Kilroy Silk s unnatural glow reading the latest newspaper debate about EU bendy banana laws and thinking what s really going on in Europe Does anyone actually know what they re talking about And where are Riga and Vilnius anyway You needn t worry any more With this armchair guide you ll discover the strange and fascinating world that calls itself Europe without ever having to leave your own home There are insights into culture how to join the Finns beating themselves with birch twigs in the sauna the lowdown on the people that matter porn stars turned politicians in Italy fascinating facts and explanations of historical rifts and you thought the relationship between Britain and France was bad You ll find out how to talk like Berlusconi unravel the workings of the EU and guide yourself from the Baltics to Belgium Portugal to Poland The Armchair Diplomat Europe offers the basics of euro education for very little pain Perfect for slackers with a passion for travel

The Age of Neo-Imperialism Henry Dsouza,2014-12-16 The title is derived from a study of hotspots around the world from October 2013 In Africa the countries covered are South Africa South Sudan Tunisia Egypt and Palestine In the European arena the main focus is on Ukraine and the impact of two world powers on Eastern Europe President Obama s Speech to West Point recruits yields some ideas on foreign policy So does the document on US Africa commercial agreement for the future The book also includes some discussion on the US s Pivot to Asia Together these policies point to what some visualize as a New World Order By 2010 a unipolar world has changed into a multi polar one which stresses the need to democratize international institutions for global stability

*Russia's Revolution from Above 1985-2000* Gordon M. Hahn, Relying on a wealth of detailed institutional policy and elite information Hahn presents a magisterial study that fills a significant void in our understanding of USSR s destruction While readers may at times feel overwhelmed readers are presented with a conceptual approach that can be useful for appreciating ongoing institutional changes and often subtle elite maneuverings in the post Soviet era John P Willerton University of Arizona This is a big book in all respects weighty both in size and scholarship The core is a meticulous analysis of the perestroika period of the Soviet Union 1985-91 Followed by a concluding general chapter that applies the earlier analysis to post Communist Russia 1992-2000 The work is based on years of painstaking analysis considerable archival research and numerous interviews The Russian Review This is an important book with a number of substantive strengths Slavic Review The fall of the Soviet communist regime in 1991 offers a challenging contrast to other instances of democratic transition and change in the last decades of the twentieth century The 1991 revolution was neither a peaceful revolution from below as occurred in Czechoslovakia nor a negotiated transition to democracy like those in Poland Hungary or Latin America It was not primarily

the result of social modernization the rise of a new middle class or of national liberation movements in the non Russian union republics Instead as Gordon Hahn argues the Russian transformation was a bureaucrat led state based revolution managed by a group of Communist Party functionaries who won control over the Russian Republic RSFSR in the mid 1990s Hahn describes how opportunistic Party and state officials led by Boris Yeltsin defected from the Gorbachev camp and proceeded in 1990 91 to dismantle the institutions that bound state and party These revolutionaries from above seized control of political economic natural and human resources and then separated the party apparatus from state institutions on Russian Republic territory With the failed August 1991 hard line coup Yeltsin banned the Communist Party and decreed that all Union state organs including the KGB and military were under RSFSR control In Hahn s account this mode of revolutionary change from above explains the troubled development of democracy in Russia and the former Soviet republics Hahn shows how limited mobilization of the masses stunted the development of civil societies and the formation of political parties and trade unions with real grass roots The result is a weak society unable to nudge the state to concentrate on institutional reforms society needs for the development of a free polity and economy Russia s Revolution from Above goes far in correcting the historical record and reconceptualizing the Soviet transformation It should be read by historians economists political scientists and Russia area scholars Gordon M Hahn is visiting scholar at the Hoover Institution Stanford University His articles on Soviet and Russian politics have appeared in *Europe Asia Studies Problems of Post Communism Russian Review* and *Russian History Histoire Russe* *Human Rights and Democratization in the Newly Independent States of the Former Soviet Union* United States. Congress. Commission on Security and Cooperation in Europe,1993 **The History of the Life of Peter I, Emperor of Russia, Containing a Description of Russia** ,1739 *Medievalism in Finland and Russia* Reima Välimäki,2022-11-03 Since the end of the Cold War the Middle Ages has returned to debates about history culture and politics in Northern and Eastern Europe This volume explores political medievalism in two language areas that are crucial to understanding global medievalism but are due to language barriers often inaccessible to the majority of Western scholars and students The importance of Russian medievalism has been acknowledged but little analysed until now Medievalism in Finland and Russia offers a selection of chapters by Russian Finnish and American scholars covering historiography presidential speeches participatory online discussions and the neo pagan revival in Russia Finland is currently even more poorly understood than Russia in the discussions about global medievalism It is usually mentioned only as of the birthplace of the Soldiers of Odin The street patrol is however a marginal phenomenon in Finnish medievalism as this volume demonstrates Instead of merely adopting the medievalist interpretation of the international alt right even the right wing populists in Finland refer more to the nationalistic medievalist tradition where crusades do not mark a Western Christian victory over the Muslim East but a Swedish occupation of Finnish lands In addition to presenting particular cases of medievalism the chapters here on Finland challenge and diversify today s prevailing interpretation of shared online

medievalism of European and American right wing populists This book reveals that while medievalisms in Finland and Russia share many features with the contemporary Anglo American medievalist imaginations they also display many original characteristics due to particular political situations and indigenous medievalist traditions They have their own meta medievalisms cumulative core ideas and interpretations about the medieval past that are thoroughly examined here in English for the very first time      *The Russian Dilemma* Gordon M. Hahn, 2021-11-17 From the end of the Mongol Empire to today Russian history is a tale of cultural political economic and military interaction with Western powers The depth of this relationship has created a geopolitical dilemma Russia has persistently been both attracted to and at odds with Western ideas and technological development which have tended to threaten Russia's sense of identity and create destabilizing divisions within society Simultaneously deepening involvement in Western international affairs brought meddling in Russian domestic politics and military invasion This book examines how the centuries old Western threat has shaped Russia's political and strategic structures creating a culture of security rooted in vigilance against Western influence and interference      *The Story of the Great War (Vol. 1-8)* Various Authors, 2023-12-16 *The Story of the Great War Vol 1 8* is a comprehensive and meticulously curated anthology that chronicles the First World War providing a multi faceted exploration of the global conflict Through a blend of eyewitness accounts military analysis and socio political commentary these volumes capture the complexity and the tragic grandeur of a war that reshaped the world The literary style ranges from poignant personal narratives to analytical essays reflecting the diverse experiences of soldiers and civilians alike all while situating these narratives within the broader historical context of early 20th century geopolitics The anthology is the collaborative effort of various authors each contributing unique perspectives influenced by their backgrounds as historians journalists and combatants This convergence of voices serves to honor the collective memories of those impacted by the war Their motivations likely stem from a desire to not only portray the realities of war but also to prevent the amnesia that often accompanies historical trauma ensuring that the lessons learned from such conflict resonate with future generations This monumental collection is an essential read for anyone interested in understanding the profound effects of World War I whether for academic study or personal enlightenment The rich vivid storytelling coupled with scholarly insight makes it an invaluable resource for history enthusiasts students and anyone seeking to comprehend the complexities of this pivotal moment in human history      *European Powers in the First World War* Spencer Tucker, 2018-12-07 First published in 1996 The First World War was the single most important event of the twentieth century This volume concentrates on non U S aspects of the conflict Organized alphabetically its more than 600 detailed entries offer information and insight on such subjects as the causes of the conflict major battles and campaigns weapons systems including military aviation chemical warfare the submarine and the tank and the terms of the peace Some 350 biographies provide information on the roles played in the conflict by generals admirals and civilian leaders There are also biographies of individuals who were shaped by

the war such as Charles De Gaulle Adolf Hitler Benito Mussolini and Joseph Stalin essays on each of the countries involved in the conflict new appraisals of such subjects as military medicine and artillery tactics and essays on such diverse subjects as art literature and music in the war Each entry has references for additional reading and a subject index provides easy access The volume is an excellent reference source for scholar and neophyte alike
