Russias Conquest Of Siberia A Documentary Record 1558 17:

Russia's Conquest of Siberia, 1558-1700 Basil Dmytryshyn, E. A. P. Crownhart-Vaughan, Thomas Vaughan, 1985 The documentary record of Russia's conquest of Siberia including the drive east depletion of furs and tribes frontier negotiations Russian Exploration, from Siberia to Space Brian Bonhomme, 2014-01-10 In the history of geographical discovery and exploration a well known cast of European characters and events takes center stage While the importance of achievements by Columbus Cortes Magellan Cook Lewis and Clark and Neil Armstrong remains unassailable the participation of Russia in the European era of exploration conquest expansion and colonization deserves equal attention This study provides a narrative survey and critical analysis of a rich but overlooked tradition of geographical exploration by Russians and others in Russian service since 1580 Following Russian pioneers across Siberia Alaska Brazil Hawaii and the Pacific Central Asia Australasia the Arctic and Antarctic and into space this work establishes Russia in the history of world exploration and connects the Russian experience of exploration to Russian national identity past and present *Unending Frontier* John F. Richards, 2003-05-15 It was the age of exploration the age of empire and conquest and human beings were extending their reach and their numbers as never before In the process they were intervening in the world s natural environment in equally unprecedented and dramatic ways A sweeping work of environmental history The Unending Frontier offers a truly global perspective on the profound impact of humanity on the natural world in the early modern period John F Richards identifies four broadly shared historical processes that speeded environmental change from roughly 1500 to 1800 c e intensified human land use along settlement frontiers biological invasions commercial hunting of wildlife and problems of energy scarcity The Unending Frontier considers each of these trends in a series of case studies sometimes of a particular place such as Tokugawa Japan and early modern England and China sometimes of a particular activity such as the fur trade in North America and Russia cod fishing in the North Atlantic and whaling in the Arctic Throughout Richards shows how humans whether clearing forests or draining wetlands transporting bacteria insects and livestock hunting species to extinction or reshaping landscapes altered the material well being of the natural world along with their own Siberia Alan Wood, 2022-12-09 First published in 1987 Siberia examines the developments in the different sectors of Siberian economy and discusses the role of this vast and little known region in the Soviet Union's overall economic and defence strategy It surveys historical developments and the geography of the region and focuses on the key problem areas such as manpower shortage the difficulties involved in exploiting the territory s natural resources internal communications including the construction of the Baikal Amur Railway in the Far East and considers Siberia s place in the context of international relations and the world economy This book is a must read for scholars of Russian history Russian geopolitics European politics international relations and European history **The History of Siberia** Alan Wood, 2024-11-01 Russia s vast Asian territories beyond the Urals traditionally known as Siberia have despite their enormous size and the crucial role they played

in the development of Russian state and society attracted little attention from Western scholars Drawing together the research of Western and Soviet historians The History of Siberia originally published in 1991 examines the ways in which the development of Siberia has been inextricably linked with the historical evolution of the Russian Empire as a whole Among the topics discussed are Russia's early conquest exploration and the colonial administration of Siberia and its indigenous people the fate of Russian America peasant migration and settlement Siberia's role as a penal colony and its part in the Russian Revolution and Civil War A final chapter evaluates Siberia s role in the twentieth century This book will be of interest to students and researchers of history **The Development of Siberia** R A French, Alan Wood, 1990-01-12 Siberia, 1590-1822 A. Gentes, 2008-04-30 Stressing the relationship between tsarism's service state ethos and its utilization of subjects this study argues that economic and political rather than judicial or penological factors primarily conditioned Siberian exile s growth and development Eurasian Slavery, Ransom and Abolition in World History, 1200-1860 Christoph Witzenrath, 2016-03-09 Recent research has demonstrated that early modern slavery was much more widespread than the traditional concentration on plantation slavery in the context of European colonial expansion would suggest Slavery and slave trading though little researched were common across wide stretches of Eurasia and a slave economy played a vital part in the political and cultural contacts between Russia and its Eurasian neighbours This volume concentrates on captivity slavery ransom and abolition in the vicinity of the Eurasian steppe from the early modern period to recent developments and explores their legacy and relevance down to the modern times The contributions centre on the Russian Empire while bringing together scholars from various historical traditions of the leading states in this region including Poland Lithuania and the Ottoman Empire and their various successor states At the centre of attention are transfers transnational fertilizations and the institutions rituals and representations facilitating enslavement exchanges and ransoming The essays in this collection define and quantify slavery covering various regions in the steppe and its vicinity and looking at trans cultural issues and the implications of slavery and ransom for social economic and political connections across the steppe In so doing the volume provides both a broad overview of the subject and a snapshot of the latest research from leading scholars working in this area Russia's Frozen Frontier Alan Wood, 2011-05-15 Alan Wood's ambitious work is the first to address the whole span both chronologically and thematically of the development of Siberia and its role in both the Russian and the global context With a scope that reaches from Muscovy's conquest of Siberia in the 16th and 17th centuries to modern times it explores the effects of colonial exploitation the Revolutions of 1917 and developments during the Soviet period Russia s Frozen Frontier is also the first book to detail the history of Siberia from the view of Siberians themselves both Russian and native rather than seen through the lens of Moscow or St Petersburg Exile, Murder and Madness in Siberia, 1823-61 Andrew A. Gentes, 2010-09-29 Despite reports of exile proving disastrous to the region 300 000 Russian subjects from political dissidents to the elderly and mentally disabled were deported to Siberia from 1823 61 Their stories of physical and

psychological suffering heroism and personal resurrection are recounted in this compelling history of tsarist Siberian exile **Empire of Extinction** Ryan Tucker Jones, 2017-03 Empire of Extinction examines the environmental catastrophe resulting from Russia's expansion into the North Pacific causing Russians and other Europeans to recognize the threat of species extinction for the first time This book demonstrates the importance of the North Pacific both for the Russian empire and for global environmental history Rediscovering Russia in Asia Stephen Kotkin, David Wolff, 2015-03-04 This work presents a trans Siberian expedition to rediscover the peoples cultures and riches of Russia's eastern frontiers It addresses such questions as who are the people of the region have they a distinct culture and does the area have a future as part of the **A History of Russia Volume 1** Walter G. Moss, 2003-07-01 This new edition retains the features of the first edition that made it a popular choice in universities and colleges throughout the US Canada and around the world Moss s accessible history includes full treatment of everyday life the role of women rural life law religion literature and art In addition it provides many other features that have proven successful including a well organized and clearly written text references to varying historical perspectives numerous illustrations and maps fully updated bibliographies accompanying each chapter as well as a general bibliography a glossary and chronological and genealogical lists **Settler Colonialism** Gerald Horne, 2018-03-12 Chronicles how American culture deeply rooted in white supremacy slavery and capitalism finds its origin story in the 17th century European colonization of Africa and North America exposing the structural origins of American looting Virtually no part of the modern United States the economy education constitutional law religious institutions sports literature economics even protest movements can be understood without first understanding the slavery and dispossession that laid its foundation To that end historian Gerald Horne digs deeply into Europe s colonization of Africa and the New World when from Columbus s arrival until the Civil War some 13 million Africans and some 5 million Native Americans were forced to build and cultivate a society extolling liberty and justice for all The seventeenth century was according to Horne an era when the roots of slavery white supremacy and capitalism became inextricably tangled into a complex history involving war and revolts in Europe England's conquest of the Scots and Irish the development of formidable new weaponry able to ensure Europe s colonial dominance the rebel merchants of North America who created these United States and the hordes of Europeans whose newfound opportunities in this free land amounted to combat pay for their efforts as white settlers Centering his book on the Eastern Seaboard of North America the Caribbean Africa and what is now Great Britain Horne provides a deeply researched harrowing account of the apocalyptic loss and misery that likely has no parallel in human history The Apocalypse of Settler Colonialism is an essential book that will not allow history to be told by the victors It is especially needed now in the age of Trump For it has never been more vital Horne writes to shed light on the contemporary moment wherein it appears that these malevolent forces have received a new lease on life Russia in Manchuria Paul Dukes, 2022-01-31 Manchuria the name given to China's North eastern provinces by foreign powers has been

contested by China Russia and Japan in particular over many centuries This book surveys the history of Manchuria focusing particularly on the Russian and Soviet perspective It outlines early colonisation of the region and examines the importance of the Chinese Eastern Railway a branch of the Trans Siberian Railway and the remarkable railway city of Harbin for consolidating the Russian presence in the region and for developing the region s economy It goes on to consider twentieth century developments including the Japanese invasion and the puppet state of Manchukuo Throughout the book reflects on the nature of empire especially Russian Soviet imperialism and its similarities to and differences from other nations imperial In the Soviet House of Culture Bruce Grant, 2020-10-06 At the outset of the twentieth century the Nivkhi of Sakhalin Island were a small population of fishermen under Russian dominion and an Asian cultural sway The turbulence of the decades that followed would transform them dramatically While Russian missionaries hounded them for their pagan ways Lenin praised them while Stalin routed them in purges Khrushchev gave them respite and while Brezhnev organized complex resettlement campaigns Gorbachev pronounced that they were free to resume a traditional life But what is tradition after seven decades of building a Soviet world Based on years of research in the former Soviet Union Bruce Grant's book draws upon Nivkh interviews newly opened archives and rarely translated Soviet ethnographic texts to examine the effects of this remarkable state venture in the construction of identity With a keen sensitivity Grant explores the often paradoxical participation by Nivkhi in these shifting waves of Sovietization and poses questions about how cultural identity is constituted and reconstituted restructured and dismantled Part chronicle of modernization part saga of memory and forgetting In the Soviet House of Culture is an interpretive ethnography of one people's attempts to recapture the past as they look toward the future This is a book that will appeal to anthropologists and historians alike as well as to anyone who is interested in the people and politics of the former Soviet Union A History of Russia, Central Asia and Mongolia, Volume II David Christian, 2018-01-08 Provides an all encompassing look at the history of Russia Central Asia and Mongolia Beginning with the breakup of the Mongol Empire in the mid thirteenth century Volume II of this comprehensive work covers the remarkable history of Inner Eurasia from 1260 up to modern times completing the story begun in Volume I Volume II describes how agriculture spread through Inner Eurasia providing the foundations for new agricultural states including the Russian Empire It focuses on the idea of mobilization the distinctive ways in which elite groups mobilized resources from their populations and how those methods were shaped by the region s distinctive ecology which differed greatly from that of Outer Eurasia the southern half of Eurasia and the part of Eurasia most studied by historians This work also examines how fossil fuels created a bonanza of energy that helped shape the history of the Communist world during much of the twentieth century Filled with figures maps and tables to help give readers a fuller understanding of what has transpired over 750 years in this distinctive world region A History of Russia Central Asia and Mongolia Volume II Inner Eurasia from the Mongol Empire to Today 1260 2000 is a magisterial but accessible account of this area s past that will offer readers new insights into the history of an often

misunderstood part of the world Situates the histories of Russia Central Asia and Mongolia within the larger narrative of world history Concentrates on the idea of Inner Eurasia as a coherent ecological and geographical zone Focuses on the powerful ways in which the region s geography shaped its history Places great emphasis on how mobilization played a major part in the development of the regions Offers a distinctive interpretation of modernity that highlights the importance of fossil fuels Offers new ways of understanding the Soviet era A History of Russia Central Asia and Mongolia Volume II is an ideal book for general audiences and for use in undergraduate and graduate courses in world history The Blackwell History of the World Series The goal of this ambitious series is to provide an accessible source of knowledge about the entire human past for every curious person in every part of the world It will comprise some two dozen volumes of which some provide synoptic views of the history of particular regions while others consider the world as a whole during a particular period of time The volumes are narrative in form giving balanced attention to social and cultural history in the broadest sense as well as to institutional development and political change Each provides a systematic account of a very large subject but they are also both imaginative and interpretative The Series is intended to be accessible to the widest possible readership and the accessibility of its volumes is matched by the style of presentation and production **Central Asia in World History** Peter B. Golden, 2011-01-14 A vast region stretching roughly from the Volga River to Manchuria and the northern Chinese borderlands Central Asia has been called the pivot of history a land where nomadic invaders and Silk Road traders changed the destinies of states that ringed its borders including pre modern Europe the Middle East and China In Central Asia in World History Peter B Golden provides an engaging account of this important region ranging from prehistory to the present focusing largely on the unique melting pot of cultures that this region has produced over millennia Golden describes the traders who braved the heat and cold along caravan routes to link East Asia and Europe the Mongol Empire of Chinggis Khan and his successors the largest contiguous land empire in history the invention of gunpowder which allowed the great sedentary empires to overcome the horse based nomads the power struggles of Russia and China and later Russia and Britain for control of the area Finally he discusses the region today a key area that neighbors such geopolitical hot spots as Iran Afghanistan Pakistan and China The Shaman's Coat Anna Reid, 2009-05-26 The fascinating history of an unknown people A vivid mixture of history and reporting The Shaman's Coat tells the story of some of the world's least known peoples the indigenous tribes of Siberia Russia's equivalent to the Native Americans or Australian Aborigines they divide into two dozen different and ancient nationalities among them Buryat Tuvans Sakha and Chukchi Though they number more than one million and have begun to demand land rights and political autonomy since the fall of communism most Westerners are not even aware that they exist Journalist and historian Anna Reid traveled the length and breadth of Siberia one twelfth of the world's land surface larger than the United States and Western Europe combined to tell the story of its people Drawing on sources ranging from folktales to KGB reports and on interviews with shamans and Buddhist monks reindeer herders and

whale hunters camp survivors and Party apparatchiks The Shaman's Coat travels through four hundred years of history from the Cossacks campaigns against the last of the Tatar khans to native rights activists against oil development. The result is a moving group portrait of extraordinary and threatened peoples and a unique and intrepid travel chronicle **Bering** Orcutt William Frost, Orcutt Frost, Professor Orcutt Frost, 2003-01-01 Om den danske opdagelsesrejsende Vitus Bering 1681 1741 og om hans rejser fra Sibirien til Nordamerika og Alaska

Russias Conquest Of Siberia A Documentary Record 1558 17: Bestsellers in 2023 The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous engrossing novels captivating the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the fascinating narratives that have enthralled audiences this year. The Must-Read: Colleen Hoovers "It Ends with Us" This touching tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Russias Conquest Of Siberia A Documentary Record 1558 17: Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and selfdiscovery. Russias Conquest Of Siberia A Documentary Record 1558 17: Delia Owens "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and thrilling novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
