**Russia's Fighting Forces** Sergei Nicholas Kournakoff,1942      Trends in Russia's Armed Forces Keith Crane,Olga Oliker,Brian Nichiporuk,2019-10-10 The authors assess how Russian military forces are postured and resourced and how they are likely to operate They also discuss the goals and effects of Russian military reform efforts including initiatives that span all of the Russian armed forces services and independent branches Touching on most of Russia s armed forces major capabilities the authors conclude with a look at how those capabilities are being integrated in practice      **Russia's First Civil War** Chester S. L. Dunning,2010-11-01 He shows that serfs did not actively participate in the civil war and that the abolition of serfdom was never a rebel goal Instead most rebels were petty gentry professional soldiers townsmen and cossacks who were united in fierce opposition to tsars they believed to be illegitimate usurpers      The Russian Revolution Sheila Fitzpatrick,2017-09-29 The Russian Revolution had a decisive impact on the history of the twentieth century In the years following the collapse of the Soviet regime and the opening of its archives it has become possible to step back and see the full picture Starting with an overview of the roots of the revolution Fitzpatrick takes the story from 1917 through Stalin s revolution from above to the great purges of the 1930s She tells a gripping story of a Marxist revolution that was intended to transform the world visited enormous suffering on the Russian people and like the French Revolution before it ended up by devouring its own children This updated edition contains a fully revised bibliography and updated introduction to address the centenary what does it all mean in retrospect      **Ukraine Symposium: International Law in the Crucible of Conflict - Vol. 1** Sean Watts,Ronald Alcala,Mehmet Çoban,2025-05-12 This volume features articles that address a range of topics arising from the Ukraine Russia conflict Among other things the volume examines subjects associated with the battlefield status and protections afforded to combatants prisoners of war foreign fighters and civilians It also evaluates the use of particular weapons such as Molotov cocktails and thermobaric munitions while also examining the conflict from the perspective of the jus ad bellum      **Russia's Fighting Forces** Sergei Nicholas 1892- Kournakoff,2021-09-10 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public To ensure a quality reading experience this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy to read typeface We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant      **Russia's Corporate Soldiers** Seth G. Jones,Catrina Doxee,Brian Katz,Eric McQueen,Joe Moye,2021-11-07 This report examines Russia s growing use of private military companies PMCs to increase its influence through irregular means In recent years Moscow has

expanded its overseas use of PMCs to countries such as Ukraine Syria Libya Sudan the Central African Republic Madagascar and Mozambique Many of the PMCs operating in these countries such as the Wagner Group frequently cooperate with the Russian government including the Kremlin Ministry of Defense particularly the Main Intelligence Directorate or GRU Foreign Intelligence Service SVR and Federal Security Service FSB and perform a variety of combat paramilitary security and intelligence tasks However many of these PMCs have a poor track record including operational failures and human rights abuses and there are opportunities to exploit PMC vulnerabilities Although Russian PMCs present only one of a variety of national security threats and challenges facing the United States this report assesses that they warrant a more substantive and coordinated response from the United States and its partners

isolated still absorbed in themselves and alone in their view of the universe That was how their world was supposed to stay until one of the most war driven race s of the galaxy discovers a rare resource on this tiny backwater planet and they want it Duke Ross is unusual for a brash young fighter pilot Underneath the head strong and cocky exterior is the heart of a family man who loves his wife and child and enjoys the peace presented by an unusual non aggressive martial art As hostile invaders from the stars tear his world out from under him Duke finds himself becoming the chosen champion of alien beings that wish to defend the Earth and restore its rightful peace in the galaxy They bestow upon him a secret which can unlock an unimaginable power and grant the Earth and humanity it s salvation But the journey to the mythical Air Force base in the Nevada desert known to pilots as Dreamland will be long and dangerous for a pilot without wings Accompanied by his faithful wingman an incorrigible ex girlfriend turned reporter and a few other skilled allies Duke must complete a sojourn across a devastated American landscape They must fight their way past and elude a very persistent alien general who has made it his mission to capture Duke and the technology he holds But not even Duke knows the full extent of the secret power he carries or what will be revealed when he reaches his goal And in the shadows an even more sinister and ancient power plots the downfall of much more than just the tiny island fortress known as Earth      **Unfulfilled Promise** Leroy Thompson,1998-09
