Russias Great Reforms 1855 1881:

Russia's Great Reforms, 1855-1881 Ben Eklof, John Bushnell, Larissa Zakharova, 1994-06-22 The Great Reforms undertaken during the reign of Alexander II represented a unique attempt by the tsarist government to restructure virtually every aspect of Russian life beginning with the emancipation of the serfs and continuing through reforms of local government the judiciary the military education the financial system censorship and other domains This volume the work of an international group of scholars that includes historians from Russia maps out the major landmarks in the conceptualization and implementation of the Great Reforms during the reign of Alexander II and proposes a variety of perspectives from which to view them From publisher s description **Russia in the Nineteenth Century** Polunov, This is a comprehensive interpretive history of Russia from the defeat of Napoleon to the eve of World War I It is the first such work by a post Soviet Russian scholar to appear in English Drawing on the latest Russian and Western historical scholarship Alexander Polunov examines the decay of the two central institutions of tsarist Russia serfdom and autocracy Polunov explains how the major social groups the gentry merchants petty townspeople peasants and ethnic minorities reacted to the Great Reforms and why despite the emergence of a civil society and capitalist institutions a reformist evolutionary path did not become an alternative to the Revolution of 1917 He provides detailed portraits of many tsarist bureaucrats and political reformers complete with quotations from their writings to explain how the principle of autocracy although significantly weakened by the Great Reforms in mid century reasserted itself under the last two emperors Polunov stresses the relevance for Russians in the post Soviet period of issues that remained unresolved in the pre Revolutionary period such as the question of private property in land and the relationship between state regulation and private initiative in the economy Political Reform in the Ottoman and Russian Empires Adrian Brisku, 2017-09-21 Throughout the long 19th century the Ottoman and Russian empires shared a goal of destroying one another Yet they also shared a similar vision for imperial state renewal with the goal of avoiding revolution decline and isolation within Europe Adrian Brisku explores how this path of renewal and reform manifested itself forging new laws and institutions opening up the economy to the outside world and entering the European political community of imperial states Political Reform in the Ottoman and Russian Empires tackles the dilemma faced by both empires namely how to bring about meaningful change without undermining the legal political and economic status quo The book offers a unique comparison of Ottoman and Russian politics of reform and their connection to the wider European politico economic space *Peasants, Political Police, and the Early Soviet State* H. Hudson, 2011-12-15 This book combines social and institutional histories of Russia focusing on the secret police and their evolving relationship with the peasantry Based on an analysis of Cheka OGPU reports it argues that the police did not initially respond to peasant resistance to Bolshevik demands simply with the gun rather they listened to peasant voices *Second Metropolis* Blair A. Ruble, 2001-05-28 By exploring and comparing North America s Russia s and Japan s second cities Chicago Moscow and

Osaka Second Metropolis discloses the extent to which social fragmentation frequently viewed as an obstacle to democratic development actually fostered a pragmatic pluralism that nurtured pluralistic public policies. Such policies are explored through six case studies: the politics of street railways and charter reform in Chicago; adult education and housing in Moscow; and harbor revitalization and poverty alleviation in Osaka. That illustrates how even those with massive political and economic power were stymied by the complexity of their communities. Chicago, Moscow, and Osaka, though the products of very different nations and cultures, nonetheless shared an important experience of inclusive politics during an era of extraordinary growth and social diversity. The success of all three cities, which went well beyond mere survival, rested on a distinctive political resource: pragmatic pluralism.

Dostoevsky's Democracy Nancy Ruttenburg, 2010-01-04

Dostoevsky's *Democracy* offers a major reinterpretation of the life and work of the great Russian writer by closely reexamining the crucial transitional period between the early works of the 1840s and the important novels of the 1860s. Sentenced to death in 1849 for utopian socialist political activity, the 28-year-old Dostoevsky was subjected to a mock execution and then exiled to Siberia for a decade, including four years in a forced labor camp where he experienced a crisis of belief. It has been influentially argued that the result of this crisis was a conversion to Russian Orthodoxy and reactionary politics. But Dostoevsky's *Democracy* challenges this view through a close investigation of Dostoevsky's Siberian decade and his most important work, the autobiographical novel *Notes from the House of the Dead* (1861). Nancy Ruttenburg argues that Dostoevsky's crisis was set off by his encounter with common Russians in the labor camp, an experience that led to an intense artistic meditation on what he would call Russian democratism. By tracing the effects of this crisis, *Dostoevsky's Democracy* presents a new understanding of Dostoevsky's aesthetic and political development and his role in shaping Russian modernity itself, especially in relation to the preeminent political event of his time: peasant emancipation.

Modernisation in Russia since 1900 Markku Kangaspuro, Jeremy Smith, 2006-12-27

Modernisation has been a constant theme in Russian history at least since Peter the Great launched a series of initiatives aimed at closing the economic, technical, and cultural gap between Russia and the more advanced countries of Europe. All of the leaders of the Soviet Union and post-Soviet Russia have been intensely aware of this gap and have pursued a number of strategies, some more successful than others, in order to modernise the country. But it would be wrong to view modernisation as a unilinear process which was the exclusive preserve of the state. Modernisation has had profound effects on Russian society, and the attitudes of different social groups have been crucial to the success and failure of modernisation. This volume examines the broad theme of modernisation in late imperial Soviet and post-Soviet Russia, both through general overviews of particular topics and specific case studies of modernisation projects and their impact. Modernisation is seen not just as an economic policy but as a cultural and social phenomenon reflected through such diverse themes as ideology, welfare, education, gender relations, transport, political reform, and the Internet. The result is the most up-to-date and comprehensive survey of modernisation in Russia available, which highlights both one of the perennial

problems and the challenges and prospects for contemporary Russia *Power Restructuring In China And Russia* Mark Lupher, 2018-02-12 The massive economic transformations and political upheavals that have been sweeping China and the Soviet Union in the final decades of the twentieth century are among the great dramas of our time Yet the origins of these revolutionary changes are murky and their outcomes unclear Have we witnessed the demise of an archaic authoritarian order and the rise of pluralism and democracy or are the tumultuous events of the post Mao era and the period of perestroika more usefully viewed in light of broader patterns of power and politics in Chinese and Russian history Considering these questions with a new interpretation of power relations and political processes in China and Russia Mark Lupher explores the imperial era the communist period and the current situation in both countries Rather than speaking of reform which too often is understood as liberalization along Western lines his discussion is focused on power restructuring the ebb and flow of state power the centralization and decentralization of political and economic power and the three way struggles between central rulers various elites and nonprivileged groups that drive these processes Lupher s power restructuring analysis is noteworthy in combining broad comparative historical analysis and conceptualization with a closely focused discussion and reinterpretation of the Chinese Cultural Revolution the core of his book By comparing and bringing new light to bear on a series of pivotal episodes in Chinese and Russian history he furthers our understanding and assessment of processes that will continue to unfold in China Russia and the former Soviet republics *Women and Gender in Central and Eastern Europe, Russia, and Eurasia* Mary Zirin, Irina Livezeanu, Christine D. Worobec, June Pachuta Farris, 2015-03-26 This is the first comprehensive multidisciplinary and multilingual bibliography on Women and Gender in East Central Europe and the Balkans Vol 1 and The Lands of the Former Soviet Union Vol 2 over the past millennium The coverage encompasses the relevant territories of the Russian Hapsburg and Ottoman empires Germany and Greece and the Jewish and Roma diasporas Topics range from legal status and marital customs to economic participation and gender roles plus unparalleled documentation of women writers and artists and autobiographical works of all kinds The volumes include approximately 30 000 bibliographic entries on works published through the end of 2000 as well as web sites and unpublished dissertations Many of the individual entries are annotated with brief descriptions of major works and the tables of contents for collections and anthologies The entries are cross referenced and each volume includes indexes **Russia** Mauricio Borrero, 2009 A reference guide to the world s largest country Covering influential individuals significant places and important policies it provides readers with a greater understanding of Russian history A narrative history chronology and A Z entries are included
