Simon Pirani

Russias Retreat From Poland From Permanent Revolution To Peaceful Coexistence:

Russia's Retreat From Poland 1920 Thomas C Fiddick,1990-04-09

The Russian Revolution in Retreat, 1920-24

Simon Pirani,2008-03-03 This book examines the relationship between the Russian Communist Party and working class in the years after the revolution and civil war It shows that the working class was politically expropriated by the Bolshevik party as democratic bodies such as soviets and factory committees were deprived of decision making power When the Soviet

Union Entered World Politics Jon Jacobson,2023-11-15 The dissolution of the Soviet Union has aroused much interest in the USSR s role in world politics during its 74 year history and in how the international relations of the twentieth century were shaped by the Soviet Union Jon Jacobson examines Soviet foreign relations during the period from the end of the Civil War to the beginning of the first Five Year Plan focusing on the problems confronting the Bolsheviks as they sought to promote national security and economic development He demonstrates the central importance of foreign relations to the political imagination of Soviet leaders both in their plans for industrialization and in the struggle for supremacy among Lenin s successors Jacobson adopts a post Cold War interpretative stance incorporating glasnost and perestroika era revelations He also considers Soviet relations with both Europe and Asia from a global perspective integrating the two modes of early Soviet foreign relations revolution and diplomacy into a coherent discussion Most significantly he synthesizes the wealth of information that became available to scholars since the 1960s The result is a stimulating work of international history that interfaces with the sophisticated existing body of scholarship on early Soviet history The dissolution of the Soviet Union has aroused much interest in the USSR s role in world politics during its 74 year history and in how the international relations of the twentieth century were shaped by the Soviet Union Jon Jacobson examines Soviet for **The Russian Revolution and Civil War 1917-1921** Jonathan Smele,2006-04-15 The Russian Revolution and Civil War in the years 1917 to 1921 is one of the most widely studied periods in history It is also somewhat inevitably one that has generated a huge flow of literature in the decades that have passed since the events themselves However until now historians of the revolution have had no dedicated bibliography of the period and little claim to bibliographical control over the literature The Russian Revolution and Civil War 1917 1921 offers for the first time a comprehensive bibliographical guide to this crucial and fascinating period of history The Bibliography focuses on the key years of 1917 to 1921 starting with the February Revolution of 1917 and concluding with the 10th Party Congress of March 1921 and covers all the key events of the intervening years As such it identifies these crucial years as something more than simply the creation of a communist state **A Violent Peace** Ian Ona

Johnson,Robert Clemm,2025-06-10 World War I destroyed the world that had come before It shattered three empires and fueled new nationalisms and ideologies that threatened to destroy those that remained It left millions in its wake with military training and access to weaponry creating networks of violence that would spread across much of the globe This violence in the interwar period resulted in more deaths than during the Great War most of them outside of Europe While

studies of the First and Second World Wars have become more international and interconnected our understanding of the interwar period remains dominated by national narratives A Violent Peace offers a new perspective stretching across four continents and drawing together a multitude of conflicts large and small from the Spanish Civil War to the Welwel Incident in Ethiopia from the small RAF force involved in Somaliland to the hundreds of thousands in the Chinese Nationalist encirclement campaigns from the conflicts surrounding newly formed states in the Polish Soviet War to a settling of much older accounts in South America The themes and patterns from this global era are drawn together in a cohesive analysis including key studies on the utilization of technology the growing importance of ideology and how the Great War shaped the nature of these conflicts A Violent Peace provides a fresh angle on a tumultuous era and challenges readers to reconsider their preconceived ideas about the interwar period **Warfare in Europe 1919-1938** Geoffrey Jensen, 2017-05-15

Although ostensibly a time of peace one of the richest and most fascinating periods in military history falls between the two world wars With good reason even today military theorists look to these years for relevant lessons The articles and papers collected together in this volume highlight the major themes and developments of interwar military affairs in Europe including the new doctrines of tank warfare air power German Blitzkrieg and Soviet operational art They also demonstrate the important place of the major armed conflicts of the period such as the Russian and Spanish Civil Wars in European history **The Bolshevik Response to Antisemitism in the Russian Revolution** Brendan McGeever, 2019-09-26 The first book length analysis of how the Bolsheviks responded to antisemitism during the Russian Revolution Poland, 1918-1945 Peter Stachura, 2004-06-17 Based on extensive range of Polish British German Jewish and Ukrainian primary and secondary sources this work provides an objective appraisal of the inter war period Peter Stachura demonstrates how the Republic overcame giant obstacles at home and abroad to achieve consolidation as an independent state in the early 1920s made relative economic progress created a coherent social order produced an outstanding cultural scene advanced educational opportunity and adopted constructive and even handed policies towards its ethnic minorities Without denying the defeats suffered by the Republic Peter Stachura demonstrates that the fate of Poland after 1945 with the imposition of an unwanted Soviet dominated Communist system was thoroughly undeserved Poland, 1918-1945 Peter D. Stachura, 2004 Poland 1918 1945 is a challenging revisionist analysis and interpretation supported by documentary evidence of a crucial and controversial period in Poland s recent history **Critical Companion to the Russian Revolution, 1914-1921** Edward Acton, V. I. Cherniāev, V. I. Cherniāev, William G. Rosenberg, 1997 Essays by 46 historians reflect the impact of the fall of the Soviet Union on the study of the revolution that birthed it including better access to archives and new opportunities for collaborations between Russian and other specialists They cover the revolution as event actors and the question of agency parties movements and ideologies institutions and institutional cultures social groups identities cultures and the question of consciousness economic issues and problems of everyday life and nationality and regional questions Annotation copyrighted
