#### Russification In The Baltic Provinces And Finland 1855 1914:

Russification in the Baltic Provinces and Finland, 1855-1914 Edward C. Thaden, 2014-07-14 Accompanying the gradual systematization of government and modernization of society in Russia during the reforms of the 1860s was a policy of Russification toward Finland and the Baltic provinces of Estland Livland and Kurland From a variety of group and national perspectives five scholars here depict the formulation implementation and effect of this policy Originally published in 1981 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 Russification in the Baltic Provinces and Finland, 1855-1914 Michael H. Haltzel, C. Leonard Lundin, Andrejs Plakans, 1981-01-01 The Baltic States from the Soviet Union to the European **Union** Richard C. M. Mole, 2012 This book provides an informative and interesting overview of developments in Estonia Latvia and Lithuania as they made the transition from Soviet domination to membership of the EU It focuses in particular on the concepts of identity sovereignty and power in the domestic and international politics of the Baltic states States Thomas Lane, Artis Pabriks, Aldis Purs, David J. Smith, 2013-11-05 Since the end of the Cold War there has been an increased interest in the Baltics The Baltic States brings together three titles Estonia Latvia and Lithuania to provide a comprehensive and analytical guide integrating history political science economic development and contemporary events into one account Since gaining their independence each country has developed at its own pace with its own agenda and facing its own obstacles The authors examine the tensions accompanying a post communist return to Europe after the long years of separation and how each country has responded to the demands of becoming a modern European state Estonia was the first of the former Soviet republics to enter membership negotiations with the European Union in 1988 and is a potential candidate for the next round of EU expansion in 2004 Lithuania and Latvia have also expressed their desire for future membership of NATO and the EU State and Revolution in Finland Risto Alapuro, 2018-11-05 By analysing the experience of Finland Risto Alapuro shows how upheavals in powerful countries shape the internal politics of smaller countries This linkage a highly topical subject in the twenty first century world is concretely studied by putting the abortive Finnish revolution of 1917 18 into a long historical and a broad comparative perspective **Images of Otherness in** Russia, 1547-1917 Kati Parppei, Bulat Rakhimzianov, 2023-04-25 Defining the Others them in relation to one s own reference group us has been an essential phase in the formation of collective identities in any given country or region In the case of Russia the formulation of these binary definitions sometimes taking a form of enemy images can be traced all the way to medieval texts in which religion represented the dividing line Further the ongoing expansion of the empire transferred

numerous external others into internal minorities The chapters of this edited volume examine the development and contexts of various images perceptions and categories of the Others in Russia from the 16th century Muscovy to the collapse of the Russian empire The Russian Revolution and Civil War 1917-1921 Jonathan Smele,2006-04-15 The Russian Revolution and Civil War in the years 1917 to 1921 is one of the most widely studied periods in history It is also somewhat inevitably one that has generated a huge flow of literature in the decades that have passed since the events themselves However until now historians of the revolution have had no dedicated bibliography of the period and little claim to bibliographical control over the literature The Russian Revolution and Civil War 1917 1921offers for the first time a comprehensive bibliographical guide to this crucial and fascinating period of history The Bibliography focuses on the key years of 1917 to 1921 starting with the February Revolution of 1917 and concluding with the 10th Party Congress of March 1921 and covers all the key events of the intervening years As such it identifies these crucial years as something more than simply the creation of a communist state

Imperial Russian Rule in the Kingdom of Poland, 1864-1915 Malte Rolf, 2021-11-02 Translated by Cynthia Klohr After crushing the Polish Uprising in 1863 1864 Russia established a new system of administration and control Imperial Russian Rule in the Kingdom of Poland 1864 1915 investigates in detail the imperial bureaucracy s highly variable relationship with Polish society over the next half century It portrays the personnel and policies of Russian domination and describes the numerous layers of conflict and cooperation between the Tsarist officialdom and the local population Presenting case studies of both modes of conflict and cooperation Malte Rolf replaces the old unambiguous freedom loving Poles vs oppressive Russians narrative with a more nuanced account and does justice to the complexity and diversity of encounters among Poles Jews and Russians in this contested geopolitical space At the same time he highlights the process of provincializing the center the process by which the erosion of imperial rule in the Polish Kingdom facilitated the demise of the Romanov dynasty itself **Estonia** Rein Taagepera, 2018-02-06 After breaking free from the Bolsheviks in 1918 Estonia enjoyed independence until 1940 when the country was subsumed by the Soviet Union Not until 1991 was Estonia able to make its next successful bid for sovereignty In this book Rein Taagepera traces the evolution of Estonia from prehistory to the present when a radical turn of events in the former Soviet Union once again altered the destiny of this Baltic nation The author explores in depth the remarkable changes in Estonia since 1980 framing his analysis within the larger picture of the Soviet Union and its demise He also examines the issue of ethnic tensions between Estonians and Russian colonists and speculates on how unrest will affect the future of the country Throughout his analysis the author weaves in such key questions as Why did Sovietization fail How did Estonia's quest for autonomy affect Soviet dissolution What role will the country play on the global stage What will Estonia s future hold Proceedings, American Philosophical Society (vol. 148, no. 4, 2004), Identity in Formation David D. Laitin, 1998 Laitin portrays these Russian speakers as a beached diaspora since the populations did not cross international borders the borders themselves receded He asks what will become of these populations Will they learn the

languages of the republics in which they live and prepare their children for assimilation Will they return to a homeland many have never seen Or will they become loyal citizens of the new republics while maintaining a Russian identity **Radical Right in Interwar Estonia** A. Kasekamp, 2000-03-23 This is the first detailed study of Estonian politics during the 1930s It examines the Estonian Veteran's League which won a majority in a referendum for its constitutional amendment creating a strong presidency The Veterans appeared set to triumph in the 1934 elections but were thwarted by the establishment of an authoritarian regime By using formerly unobtainable archival records this study fills a considerable gap in the literature on the Baltic states and should be of interest to students of fascism A Disastrous Matter Henryk Glebocki, 2016-12-06 This book sets out to present the Polish Russian conflict the way the elite of Russian society saw it One of its chief research topics is the interaction between Russian public opinion the policy the Empire pursued on its uncompliant subjects and the impact the Polish conflict had on the evolution of Russian political ideas and movements A major issue it addresses is the reaction of Russian society its diverse political factions and social and philosophical trends and their relationship to the Polish national movement and the effect of the Polish guestion on their evolution Research in numerous archives and manuscript collections in Russia Poland Ukraine Lithuania played a fundamental role in the work for this book This book was originally published in Polish as Fatalna sprawa Kwestia polska w rosyjskiej mysli politycznej Krak w Arcana 2000 It was awarded the Klio Prize a prestigious Polish award for the best monograph on a historical subject This English translation is an abridged version about 1 3 of the book s original size Europe as viewed from the margins. An East-Central European perspective during the long 19th Century Ion Stanciu, 2006 Longman Companion to Imperial Russia, 1689-1917 David Longley, 2014-07-30 This is the first book of its kind to draw together information on the major events in Russian history from 1695 to 1917 covering the eventful period from the accession of Peter the Great to the fall of Nicholas II Not only is a vast amount of material on key events and topics brought together but the book also contains fascinating background material to convey the reality of life in the period **Red Flag Unfurled** Ronald Suny, 2017-11-14 Reconsidering the Russian Revolution a century later Reflecting on the fate of the Russian Revolution one hundred years after the October Uprising Ronald Grigor Suny one of the world's leading historians of the period explores how scholars and political scientists have tried to understand this historic upheaval the civil war that followed and the extraordinary intrusion of ordinary people onto the world stage Suny provides an assessment of the choices made in the revolutionary years by Soviet leaders the achievements costs and losses that continue to weigh on us today A quarter century after the disintegration of the USSR the revolution is usually told as a story of failure However Suny reevaluates its radical democratic ambitions its missed opportunities victories and the colossal agonies of trying to build a kind of socialism in the inhospitable isolated environment of peasant Russia He ponders what lessons 1917 provides for Marxists and anyone looking for alternatives to capitalism and bourgeois democracy The Lawful Empire Stefan B. Kirmse, 2019-12-05 An analysis of law

and imperial rule reveals that Tsarist Russia was far more lawful than generally assumed Nationalism in a Global Era Mitchell Young, Eric Zuelow, Andreas Sturm, 2007-03-07 This volume makes a unique contribution to the literature on nations and nationalism by examining why nations remain a vibrant and strong social cohesive despite the threat of globalization Regardless of predictions forecasting the demise of the nation state in the global era the nation persists as an important source of identity community and collective memory for most of the world's population More than simply a corrective to the many scholarly but premature epitaphs for the nation state this book explains the continued health of nations in the face of looming threats The contributors include leading experts in the field such as Anthony D Smith William Safran Edward Tiryakian as well as younger scholars whom adopt a variety of approaches ranging from theoretical to empirical and historical to sociological in order to uncover both the reasons that nations continue to remain vital and the mechanisms that help perpetuate them The book includes case studies on Ireland Thailand Poland the Baltic States Croatia and Jordan Nationalism in a Global Era will be of great interest to students and researchers of international politics sociology nationalism and ethnicity Origins of the First World War Gordon Martel, 2013-11-14 The Origins of the First World War summarises and analyses the policies issues and crises that produced the cataclysm of war in 1914 The position of each of the great powers is clearly explained including their place in the system of alliances that dominated international politics

Imperial Russian Foreign Policy Hugh Ragsdale, V. N. Ponomarev, 1993-10-29 Imperial Russian Foreign Policy aims to demythologise a field hitherto dominated by suspicions of diabolical cunning inscrutable motives and international plots using unseen forces of the gigantic fear inspiring empire of the tsar The contributors leading historians from both Russia and the West examine Imperial foreign policy from its origins to the October Revolution revealing a policy that as in other countries had a complex of motives commerce nationalism the interests of various social groups but an unusual origin coming almost exclusively from the entourage of the tsar The work is based largely on original research in Soviet archives which only became possible after Soviet glasnost

Russification In The Baltic Provinces And Finland 1855 1914: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous engrossing novels enthralling the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the fascinating narratives that have charmed audiences this year. Russification In The Baltic Provinces And Finland 1855 1914: Colleen Hoovers "It Ends with Us" This touching tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Uncover the Best: Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and selfdiscovery. Discover the Magic: Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and suspenseful novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
