Kevin McCullough,2011-04-18 Accepting his party s presidential nomination in the summer of 2008 Barack Obama beamed while Denver s stadium rocked with gauzy chants from adoring admirers But looming beyond the deafening roar was a harsh reality that too few were willing to face just yet Some hope is too audacious to believe and just because a smooth talker proclaims something doesn t make it true Now long after the honeymoon has ended and the national mood soured toward the 44th U S president nationally syndicated radio talk show host and columnist Kevin McCullough the first pundit to predict Obama s rise to the presidency provides an alarming perspective on the man he has watched closely since the aspiring commander in chief was an obscure community organizer on Chicago s South Side You ll learn How Barack Obama s first act as president to sign into law taxpayer funded abortion How his administration has systematically and intentionally created federal dependents Why Obama s actions prove he believes American Exceptionalism is a myth The outrageous lengths the president is willing to go

to as he undermines our national security From Obama s radical economic policy and dubious skills in national security to his administration s disdain for individual liberty and constitutional constraints on the power of the executive branch McCullough lays out a convincing case for why early on he labeled Obama one of the most dangerous politicians our generation will see Real hope is possible While delving into Obama s flawed governance McCullough also charts a way out and forward for the America that once was and can be again It is a way of clarity and common sense in a tried and true direction a way that is diametrically opposed to the disappointing course set by the current resident of the Oval Office
