Ruy Lopez, Breyer System L. S. Blackstock, 1976 The Zaitsev System Alexey Kuzmin, 2016-12-30 The Zaitsev System is one of the most dynamic setups for Black in the ever popular Ruy Lopez chess opening When Alexey Kuzmin joined the coaching staff of World Champion Anatoly Karpov in the 1980s he started analysing the Zaitsev System and later continued his investigations as a second of Alexander Morozevich For this book he has updated and improved his analysis and found countless innovations that change the assessments of many lines One of the drawbacks of the Zaitsev some feel is that White if he wishes can make a draw by repetition early on To avoid this possibility Kuzmin presents a brand new weapon which he calls the Saratov Variation based on an early exchange on d4 that was never played by either Karpov or Morozevich Kuzmin has written a practical guide for Black with extensive verbal explanations of the strategic ideas for both sides His lucid style combined with ground breaking analysis has resulted in a unique chess opening book a guide that is suited for both club players and Grandmasters Former World Champion Garry Kasparov once called the Zaitsev System a revelation Kuzmin s book chock full of novelties and presenting a most remarkable new plan for Black can be called a revelation as well Igor Zaitsev himself wrote a special introduction **Gyula Breyer** Jimmy Adams, 2017-09-13 Although his career lasted barely ten years Gyula Breyer 1893 1921 was a highly successful and imaginative chess player He won the championship of his native country Hungary as a teenager and achieved remarkable results against the leading players of his day But first and foremost Breyer was a revolutionary in his chess thinking He promoted the idea of dynamic chess and formulated many of the Hypermodern concepts long before others started their investigations After his death however he was omitted from most of the chess history books or relegated to a one line reference Today he is only known for the Breyer variation an ever popular defence against the Ruy Lopez Jimmy Adams has unlocked Breyer s legacy from the archives and made it accessible to the chess world at large with translations from Hungarian into English This monumental book presents 242 of his games annotated by Breyer himself and many others It features a large number of articles columns and fragments from newspapers magazines and books sparkling with chess and literary wit The majority appear in English for the first time and indeed in any language other than Hungarian By piecing together this material in chronological order Jimmy Adams has constructed a mesmerizing biography covering Gyula Breyer s intense unconventional and ultimately tragic life Also included is a collection of his chess problems some of which are truly amazing **The Breyer Defence, 1969, Morphy Defence, Ruy Lopez** L.
