The A to Z of Civil Wars in Africa Guy Arnold, 2009-09-02 Ever since the end of World War II and even more so since 1960 when 17 African colonies became independent of colonial rule the African continent has been ravaged by a series of wars These wars have ranged from liberation struggles against former colonial powers to power struggles between different factions in the aftermath of independence They have ranged from border wars between newly independent states to civil wars between ethnic groups As with many conflicts outside forces were drawn into these wars and major powers outside the continent intervened on one side or the other for a variety of reasons political ideology Cold War considerations ethnic alignments and stemming the flow of violence Whether referring to Algeria's struggle for independence from French colonial rule Nigeria's internal struggles to achieve a balanced state after the British departure the Rwandan genocide of 1994 or the current ethnic cleansing in Darfur *The A to Z of Civil Wars in Africa* covers all of the wars that have occurred in Africa since independence This is done through a chronology broken down by country an introductory essay a bibliography and cross referenced dictionary entries covering the wars conflicts major political and military figures child soldiers mercenaries and blood diamonds

The Churches and Ethnic Ideology in the Rwandan Crises 1900-1994 Tharcisse Gatwa, 2008-09-01 To many observers Rwanda was a colony of the White Fathers That Roman Catholic religious order created in Algiers in 1868 by Cardinal Lavigerie evangelized the country from 1900 onwards effectively becoming the state church To maintain its domination the Roman Catholic Church's hierarchy supported the theory of the so called hamite supremacy by selecting educating and establishing an elite among one of the three Rwandan social groups the Batutsi who were given the monopoly of power Frustrations and recriminations that resulted from this injustice and its accompanying exclusion of other groups from power led to the bloodshed of the uprisings of the 1959 revolution that preceded independence in 1962 Then in 1959 the Roman Catholic Church abandoned the Batutsi in favour of the Bahutu majority From 1973 to 1994 both Catholic and Protestant leaders entered into close political relations with the regime of the MRND Mouvement R evolutionnaire National pour le D veloppement which alienated them from the people of Rwanda when human rights abuses were widespread

culminating in the war in 1990 and the genocide of 1994 If the church's mission remains that of teaching and evidencing love, justice and righteousness Micah 6:8 there is the need for it to recover its credibility so that it can play its part in the healing and reconciliation of the country and this can only be done through its confession and repentance of its failures and complicity in the tragedies

Peace Through Entrepreneurship Steven R. Koltai, 2016-08-30 Joblessness is the root cause of the global unrest threatening American security Fostering entrepreneurship is the remedy The combined weight of American diplomacy and military power cannot end unrest and extremism in the Middle East and other troubled regions of the world Steven Koltai argues Koltai says an alternative approach would work investing in entrepreneurship and reaping the benefits of the jobs created through entrepreneurial startups From 9/11 and the Arab Spring to the self proclaimed Islamic caliphate instability and terror breed where young people cannot find jobs Koltai marshals evidence to show that joblessness not religious or cultural conflict is the root cause of the unrest that vexes American foreign policy and threatens international security Drawing on Koltai's stint as senior adviser for Entrepreneurship in Secretary Hillary Clinton's State Department and his thirty year career as a successful entrepreneur and business executive Peace through Entrepreneurship argues for the significant elevation of entrepreneurship in the service of foreign policy not rural microfinance or mercantile trading but the scalable stuff of Silicon Valley and Sam Walton generating the vast majority of new jobs in economies large and small Peace through Entrepreneurship offers a nonmilitary long term solution at a time of

disillusionment with Washington's big development approach to unstable and underdeveloped parts of the world and when the new normal is fear of terrorist attacks against Western targets beheadings in Syria and jihad Extremism will not be resolved by a war on terror The answer Koltai shows is stimulating entrepreneurial economic opportunities for the virtually limitless supply of desperate unemployed young men and women leading lives of endless economic frustration
