Williams,2004-12 The Secret Sayings of Ye Su A Silk Road Gospel provides a translation of introduction to and commentary upon an extraordinary previously unknown manuscript This Christian gospel though written in koine Greek was obviously influenced by both

Buddhist and Daoist ideas and probably derives from Tang dynasty China 8th or 9th century The account of how the manuscript emerged in 1994 and how it came to be translated by Dr Jay G Williams is in itself quite fascinating The author also describes the nature of the text and why he thinks it should be placed in the Tang dynasty period He provides a concise introduction not only to the history of Buddhism and the indigenous religions of China during this period but also to the Religion of Light a form of Christianity that entered China in 638 A D The work ends with a line by line commentary on each of the seventy two verses of this gospel Although undoubtedly ancient the work seems amazingly contemporary in its ideas offering a unique and quite radical vision of Ye Su Jesus and his teachings Neither orthodox nor gnostic The Secret Sayings comments about such topics as the place of women and gays within the community the nature of the kingdom and the source of Christian hope in the Source Although faith is emphasized doctrines and dogmas are not A place is found for both the Heavenly Father and the Earthly Mother but alone neither is regarded as ultimate The fellowship of believers is emphasized but value of the Church as an institution is seriously questioned

Yokomitsu Riichi Dennis Keene,1999-05 Yokomitsu Riichi occupied a central position in the Japanese literary world

during the 1920 s and 1930 s He is perhaps the most important counterpart in modern Japanese prose literature to the modernist writers at work in Europe during and following World War I His experimental works of the mid 1920 s are a fascinating self conscious attempt to introduce the modernism of Europe to what was by any standards an alien tradition These experimental writings are perhaps the most striking example in Japanese literature of European influence can be Dennis Keene s study Yokomitsu Riichi Modernist concerntrates on these early modernist works Although he attends fully to Yokomitsu s works as worthy objects of study in themselves Keene s real subject is the ways in which pme literature can affect another For modern Japanese literature and for modern Japanese society as a whole the overwhelming fact is the presence of the West In this context Yokomitsu himself emerges as one of the most significant agents of this presence In demonstrating how Yokomitsu and other writers of the early twentieth century created a new form of Japanese literature Keene provides not only a significant study in comparative literature but a paradigm of cross cultural relations between Japan and the West
