and metaphysics enlivens his astrology making his book most fascinating reading      **Alan Leo's Dictionary of Astrology** Alan Leo, 2010-12 In 1917 at the height of his fame Alan Leo was charged with fortune telling which was illegal and taken to court He had been tried on similar charges in 1914 which had been dismissed But the charges brought in 1917 stuck Leo was given a hefty fine As winning on appeal seemed unlikely Leo paid the fine and went to Cornwall for a rest where on 30 August 1917 he unexpectedly died of a cerebral hemorrhage aged 57 His friends blamed it on the strain of the court proceedings At the time of his death this Dictionary was one of Leo's unfinished projects Installments of the Dictionary had appeared in Leo's monthly magazine Modern Astrology up to the end of the article Horoscope pgs 130-136 That the project was long standing is hinted by the article on Hindu Astrology pgs 76-101 written by Sepharial some years before and which Leo had presumably purloined More material was in preparation but Leo's untimely death brought matters to a halt By the early 1920's Vivian Robson had succeeded Leo as editor of Modern Astrology a post he shared with Bessie Leo the widow An intense scholarly type Robson stumbled across bound copies of Leo's incomplete book while he was compiling his own astrological dictionary At the suggestion of Bessie Robson abandoned his dictionary and set about to complete Leo's using the many notes and fragments that Leo had left Which was published in 1929 as Alan Leo's final book Shortly thereafter Bessie and Vivian had a falling out whereupon Vivian left This book was to be an orphan Like its precursor James Wilson's Dictionary of Astrology of 1819 Leo's book contains several full blown monographs Both books have lengthy entries on Horary Astrology for example These articles tend to break the flow of the book For this reason the current publishers Astro America have added headings to each page that the reader may know whereabouts in the book he may be The publishers have also added a list of principal articles to the front as well as a complete list of entries forming an index in the back Alan Leo's Dictionary of Astrology is again in print Profit from the wealth of knowledge it contains      **Skeet Shooting for Astrologers** David R. Roell, 2011-02 Here is a collection of essays from AstroAmerica's acclaimed weekly Newsletter along with an assortment of other essays of interest Highlights include The key to using house rulers and dispositors in reading a chart Numerous tricks to interpret intercepted signs Reincarnation and the natal chart Aphorisms what they are how they work The secret to politicians and their charts The best ways to make money with astrology A new unique history of astrology How to rectify a chart using character not math Why Western astrology is just as good as Vedic The surprising secret of the ancient Greek Antikythera mechanism It's an astrological tool Specially written for this book a revolutionary new theory of astrology based on planetary resonance in a defined clock work mechanism Discover the Earth's secret third zodiac Interspersed slice of life stream of consciousness essays What it's like to live in America in the first years of the 21st century The author was introduced to astrology in the early 1980's and has studied intensely since the mid 1990's He previously published AstroAmerica's Daily Ephemeris This is his first book of essays      **Duels at Dawn** David R. Roell, 2012-07 From the Introduction You have economic hard times to thank for this book I am by profession a bookseller In 2007 a friend suggested a newsletter as a way

of enhancing book sales I think she had monthly specials promo sheets and upcoming new titles in mind but I was too dense for that Instead I wrote on topics of my own fancy The first two years 2007-9 when the newsletter appeared monthly were well dreadful The week that Venus went retrograde in March 2009 with the stock market stabilizing after months of plunging I shifted from a monthly single page newsletter to a weekly three pager I followed a three page format for a couple of years Most of the worth while essays were compiled in my first book *Skeet Shooting for Astrologers* Two years later in March 2011 with the economy ever more bleak and myself running out of ideas I started writing celebrity delineations and in the process broke out of a rigid format The delineation of Jon Stewart of the Daily Show was the first of these Retrograde Venus has turned up in a surprising number of the charts I've written about given its rarity among them the chart for the Republican Party as well as the charts for Rep Ron Paul Mayor Michael Bloomberg Jon Stewart and some others No my Venus is not retrograde Essays are in order of publication in part as I think organizing by topic makes for a boring block of reading The book starts with the last of the 2 column essays from the original 3 page weekly Meanwhile the economy is now in the fifth year of straight decline I do wish the people in charge of the country would just send us all envelopes stuffed with cash I can live on barter just as well as money but when that happens there will be no authors there will be no books there will be no commerce Money has its uses
