Jenson to examine the relationship between the sacraments and Scripture the Trinity and the church With Hilary he retrieves a hermeneutic that starts from the interdependence of the sacraments with all aspects of Christian life especially the way one reads Scripture formulates theology and understands what the church is and is not With Jenson Meeks applies this hermeneutic to the modern church in an appeal to recover a premodern sense of God's relationship to time and thus how the church relates to God through Word and Sacrament *Encyclopedia of Christian Theology* Jean-Yves Lacoste,2005-07-27 The Encyclopedia of Christian Theology translated from the French Dictionnaire Critique de Théologie 2nd Edition features over 530 entries contributed by 250 scholars from fifteen different countries Alphabetically arranged entries provide the reader a critical overview of the main theological questions and related topics including concepts events councils theologians philosophers movements and more Hailed as a masterpiece of scholarship this reference work will be of great interest and use for scholars students of religion and theology as well as general readers **Eucharist** Ola Tjørhom,2023-07-14 The Eucharist is the sacrament of Christ's presence his real presence Here he comes to us in bread and wine through outward and material signs that are accessible to all This is an expression of infinite grace However when Jesus gives himself to us we are called to share ourselves and what we have with others Thus the Eucharist also becomes the sacrament of fellowship and unity It is a sacrament in and for our wounded world a sacrament of life in the widest sense The reflections in this book are grounded in the Lutheran tradition combined with an open ecumenical approach They aim at unfolding some of the wealth of the Lord's Supper in a concise and accessible way The Sacraments and Their Celebration Nicholas Halligan,2004-10-07 Making full use of the new Code of Canon Law recent conciliar documents and pertinent ecclesiastical directives this work brings together into one handy volume a wealth of information along with authorized norms whereby priests and aspirants to the ministry may be safely guided in the lawful and reverential celebration of the sacraments The author is a recognized expert in the area of pastoral theology and canon law and as such brings to this book the qualifications which promise to make it a standard reference work in its field **Of Water and the Spirit** Alexander Schmemmann,1974 In this study of the Orthodox understanding of Christian initiation the rites of baptism and chrismation Fr Schmemmann invites us to rediscover baptism He penetrates the Church's rubrics and rituals often dismissed as out of date or merely quaint to reveal their inner content a message of man's entrance into new life into the Church and into the Kingdom The result is a powerful statement of the meaning baptism should hold in our lives *Pro Ecclesia* Vol 26-N1 Pro Ecclesia,Joseph Mangina, Associate Professor of Theology & Director of Advanced Degree Studies, Wycliffe College, Toronto,2017-04-27 Pro Ecclesia is a quarterly journal of theology published by the Center for Catholic and Evangelical Theology **The Active Participation of the Faithful in the Eucharist on the Basis of Common Priesthood** Stella Adamma Nneji,2018-06-15 One of the significant points of the Second Vatican Council is its emphasis on the status of the lay faithful in the church which includes active participation in the life of faith The council spoke of the active participation of all the faithful in liturgical celebrations on the basis of the

common priesthood of the faithful which is conferred during baptism and through which every believer shares in the priestly, kingly and prophetic offices of Christ. In this book Stella Nneji develops an ecclesiological critical reflection on the teaching of the Second Vatican Council with regard to active participation. Focusing especially on the church as people of God, Nneji shows how the idea of participation is not merely a passive action but an active one. Based on the ecclesiological reflection on the church as people of God and its relevance for active participation, she maintains that Vatican II's vision on active participation is relevant to the upbuilding of the body of Christ, the church. This vision integrates a critical thinking especially regarding those places where the implementation of Vatican II's teachings seems difficult.
